INDEPENDENT AUDITORS' REPORT

To the Shareholders and Board of Directors  
of Parker-Hannifin Corporation

We have audited the accompanying statements of net assets available for benefits of the Parker Retirement Savings Plan as of December 31, 1998 and 1997, and the related statements of changes in net assets available for

benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects the net assets available for benefits of the Parker Retirement Savings Plan as of December 31, 1998 and 1997, and the changes in net assets available for benefits for the years then ended in conformity with generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules listed in the accompanying index are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

#### NOTES TO FINANCIAL STATEMENTS

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

##### INVESTMENT VALUATION

The investments in Parker-Hannifin Corporation (the Company) common shares, non-convertible corporate bonds, U.S. Government bonds, Key Trust Employee Benefits Value Equity Fund, Key Trust Employee Benefits Fixed Income Fund, AIM Constellation Fund, Capital Guardian International Equity Fund and the Seven Seas S&P 500 Index Fund are valued as of the last reported trade price on the last business day of the period. The Parker Retirement Savings Plan (the Plan) presents in the Statement of Changes in Net Assets Available for Benefits the net appreciation (depreciation) in the fair value of its investments which consists of the realized gains or losses from the sale of investments and the unrealized appreciation (depreciation) on investments held by the Plan.

Investments in the Key Trust Employee Benefits Money Market Fund are valued at market, which approximates cost. Refer to Note 5 for information relating to the Contract Income Fund.

Management believes that the Plan's investments are well diversified and do not create a significant concentration of credit risk. Participants assume all risk in connection with any decrease in the market price of any securities in all the Funds. Although the annual rates of return with respect to the contracts held in the Contract Income Fund are guaranteed by major insurance and bank companies, the Company does not make any representations as to the financial capability of such companies or their ability to make payments under the contracts.

##### CONTRIBUTIONS

Participants may make contributions on a before tax and/or after tax basis. Contributions from employees and the Company are recorded in the period that payroll deductions are made from Plan participants.

Company contributions are invested solely in a non-participant directed ESOP Fund, which holds primarily Company stock.

##### OTHER

Purchases and sales of securities are reflected on a trade-date basis.

Dividend income is recorded on the ex-dividend date. Interest and other income are recorded as earned on the accrual basis.

Costs incident to the purchase and sale of securities, such as brokerage commissions and stock transfer taxes, as well as investment advisory fees, are charged to the funds to which they relate and are netted against interest income. Certain costs and expenses incurred in administering the Plan are paid out of the Plan's assets and the Company pays the

remainder.

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Benefits are recorded when paid.

## 2. DESCRIPTION OF PLAN

### GENERAL

The following description of the Plan provides only general information. Participants should refer to the Plan document or summary plan description for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan which is available to all regular and part-time non-union employees who have 90 days of service for the Company's fiscal year ending June 30, 1998 and prior. Effective July 1, 1998, employees are able to enroll in the Plan the first day of the month following the date of hire. The Plan

- 3 -

### NOTES TO FINANCIAL STATEMENTS, continued

## 2. DESCRIPTION OF PLAN, Continued

is subject to Section 401(k) of the Internal Revenue Code and the provisions of the Employee Retirement Income Security Act (ERISA) of 1974, as amended. The Plan was amended and restated effective January 1, 1998 to reflect certain operational and administrative changes and to comply with tax legislative changes.

### CONTRIBUTIONS AND TRANSFERS

Participants may elect to contribute, through payroll deductions, not less than 1% nor more than 15% of their total compensation for a Plan year and may change such percentage upon request. The amount which a highly compensated employee may contribute may be limited in order to comply with Internal Revenue Code Sections 401(k) and 401(m). Participants may suspend their contributions at any time and may designate one or more of several available funds in which their contributions are to be invested and their investment elections at any time. Available funds are:

- (a) Company Stock Fund - Invested primarily in common shares of the Company purchased on the open market. A participant's contribution is limited to 50% invested in this fund.
- (b) Fixed Income Fund - Invested primarily in securities which have a fixed rate of return such as government and high-quality corporate bills, notes, bonds, and other similar investments of issuers other than the Company.
- (c) Equity Fund - Invested primarily in common stock of high-quality medium and large capitalization companies other than the Company.
- (d) Contract Income Fund - Invested primarily in high-quality fixed income investments such as contracts issued by insurance companies and banks which provide a return guaranteed by the issuer, and debt securities such as notes and bonds issued by Federal agencies or mortgage backed securities, with each of these investments typically providing a stable rate of return for a specific period of time. Refer to Note 5 for a further description of this fund.
- (e) Balanced Fund - Invested primarily in securities which have a fixed rate of return such as government and high-quality corporate bills, notes, bonds, and/or invested in bonds, convertible securities, money market investments, and common stocks of high-quality medium and large capitalization companies other than the Company.
- (f) Small Capitalization Fund - Invested primarily in equity securities of small and medium-sized companies that have demonstrated or have the potential for above-average capital growth.
- (g) International Fund - Invested primarily in common stocks, preferred stocks, warrants and rights to subscribe to common stocks on non-U.S. issuers.
- (h) S&P 500 Index Fund - Invested in stocks which comprise the S&P 500 Index, most of which are listed on the New York Stock Exchange.

As a result of an acquisition in 1998, \$2,742,681 was transferred into the Plan from the account balances of the CTC Savings Plan and is recorded within contributions.

PARKER-HANNIFIN CORPORATION CONTRIBUTIONS

The Company contributes an amount equal to 100% of the first 3% of the monthly before-tax contributions and an amount equal to 25% of the 4th percent and 5th percent of the contribution. The Company may also match after-tax contributions, but matches only the 4th percent and 5th percent of after-tax contributions at 25%. Company contributions match the before-tax contributions prior to the after-tax contributions. Company contributions are invested solely in the ESOP Fund. A participant age 55 or older, with 10 or more years of participation in the Plan, may transfer a portion of the shares of stock in the ESOP Fund to any of the investment funds within the Plan.

- 4 -

NOTES TO FINANCIAL STATEMENTS, continued

2. DESCRIPTION OF PLAN, Continued

PARTICIPANT LOANS

The Plan has a loan provision which allows active participants to borrow a minimum of \$500 and up to a maximum of a) 50% of their account balance or b) \$50,000 less the largest outstanding loan balance they had in the last 12 months, whichever is less. The loan must be repaid, with interest equal to the prime rate at the time the loan is entered into plus 1%, over a period from 1 year to 4 1/2 years for a general purpose loan and up to ten years for a residential loan. Participant loans are valued at cost, which approximates fair value.

PARTICIPANT ACCOUNTS

The Plan utilizes the unit value method for allocating Plan earnings for all funds. The Company Stock and ESOP Funds were converted to the unit value method from share accounting as of April 1, 1997. Unit values are determined on a daily basis and are presented excluding contributions receivable and benefits payable. The total number of units and unit values as of December 31, 1998 and 1997 by fund are as follows:

<TABLE>

<CAPTION>

Investment Options	1998		1997	
	Total Number of Units	Net Asset Unit Value	Total Number of Units	Net Asset Unit Value
<S>	<C>	<C>	<C>	<C>

</TABLE>

3. VESTING, WITHDRAWALS AND DISTRIBUTIONS

Participant interests in the Plan attributable to their own contributions and Company contributions are fully vested at all times. Participants may withdraw in cash a portion of their before and/or after tax contributions, subject to certain limitations and restrictions.

After a participant terminates employment for any reason, all amounts are distributable to the participant or, to the participant's designated beneficiary, if deceased. The distribution may be deferred until the age of 70 1/2 if the participant's interest exceeds \$5,000 (\$3,500 in 1997). Distribution is in cash either in a single payment, quarterly installments or, by purchase of an annuity, except that amounts held in the Company Stock Fund and ESOP Fund may be distributed in the form of common shares or cash, as the participant elects.

Dividends received by the ESOP Fund with respect to allocated Company shares are paid to participants at the end of each Plan year.

</TABLE>

5. CONTRACT INCOME FUND

Reported in the aggregate for the Contract Income Fund (including cash and cash equivalents) at December 31:

Contract Value of Assets	\$ 144,470,984	\$ 146,626,466
Fair Value of Assets	\$ 147,596,065	\$ 146,981,405
Average Yield of Assets	6.18%	6.39%
Return on assets for the		
12 months ended December 31	6.34%	6.55%
Duration	2.32 years	2.49 years

The above information is provided in compliance with the AICPA Statement of Position 94-4 (SOP 94-4). SOP 94-4 requires that fair value be based upon the standard discounted cash flow methodology as referred to in the Statement of Financial Accounting Standards No. 107. To arrive at the above aggregate fair value, comparable duration Wall Street Journal Guaranteed Investment Contract (GIC) Index rates were used as the discount factor within the discounted cash flow formula. A standard present value calculation has been employed to arrive at a current value for each cash flow within a contract. The sum of the present values for each contract's cash flows is the estimated total fair value for that contract. All of the contract fair values are then added together to arrive at the above aggregate fair value for the portfolio.

The Contract Income Fund contains a managed synthetic GIC. This is a portfolio of securities owned by the Fund with a benefit-responsive, book-value "wrap" contract associated with the portfolio. The wrap contract assures that book-value, benefit-responsive payments can be made for participant withdrawals. The managed synthetic GIC (which exceeded 5% of the Plan's net assets) included in the above amounts at December 31, 1998 and 1997 had a contract value of \$51,178,844 and \$48,093,253, while the fair value was \$53,296,465 and \$49,116,395, respectively.

At December 31, 1998 and 1997 the Contract Income Fund contained a non-benefit responsive contract. SOP 94-4 recommends that this contract be carried at a fair value. However, the Fund's non-benefit responsive contract was not material to the Contract Income Fund. Therefore, this contract has been reported at contract value in the financial statements.

Certain employer initiated events (e.g., layoffs, bankruptcy, plant closings, plan termination, mergers, early retirement incentives) are not eligible for book value disbursements even from fully benefit responsive contracts. These events may cause liquidation of all or a portion of a contract at a market value adjustment.

#### 6. TAX STATUS

The Internal Revenue Service has determined and informed the Company by letter dated July 24, 1995, that the Plan and related trust are designed

in accordance with applicable sections of the Internal Revenue Code (IRC). Since receiving the determination letter the Plan has been amended to provide for various administrative changes including adding additional investment funds and furnishing daily valuations. The Plan administrator and the Plan's tax counsel believe that the Plan continues to be designed and operated in compliance with the applicable provisions of the IRC.

Contributions matched by the Company and all earnings are not taxable until distributed to the participants.

#### 7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company, by action of its Board of Directors, without further approval by the shareholders, has the right to amend, modify, suspend, or terminate the Plan in its entirety, or as to any subsidiary or operating location. No amendment, modification, suspension, or termination shall provide that assets held in trust by the Trustee may be used for or diverted to purposes other than for the exclusive benefit of participants or their beneficiaries. If the Plan is terminated, the Company contributions credited to each affected participant shall continue to be fully vested.

- 7 -

NOTES TO FINANCIAL STATEMENTS, continued

#### 8. RECONCILIATION WITH FORM 5500

The Department of Labor requires that amounts owed to withdrawing but unpaid former participants be classified as a plan liability on Form 5500, while these amounts are not reported as a liability in the Statements of Net Assets Available for Benefits. As a result, the following reconciliations were prepared:

	1998	1997
Net assets per Form 5500	\$ 966,037,834	\$ 969,417,579

Distributions payable that are allocated but unpaid to former participants	-	156,485
Plan Equity per financial statements	<u>\$ 966,037,834</u>	<u>\$ 969,574,064</u>
Distributions to former participants per Form 5500	\$ 40,477,790	\$ 40,425,753
Distributions payable that are allocated but unpaid to former participants	-	(156,485)
Prior year distributions payable that were paid to former participants in the current year	156,485	87,212
Distributions to former participants per financial statements	<u>\$ 40,634,275</u>	<u>\$ 40,356,480</u>

9. YEAR 2000 CONSIDERATIONS

The Company is taking actions to assure that its computer systems are capable of processing periods for the year 2000 and beyond. The Company is also determining whether third party service providers have reasonable plans in place to become year 2000 compliant. This project has been substantially completed and the Company does not expect this project to have a significant effect on Plan operations.

10. PARTY-IN-INTEREST

Certain plan investments are units of common/collective trusts managed by Key Bank. Key Bank is the trustee as defined by the Plan and therefore, these transactions qualify as party-in-interest.

11. SUBSEQUENT EVENT

In March 1999, the Trust issued and sold \$112 million aggregate principal amount of its 6.34% Amortizing Notes due 2008, the proceeds of which were used to purchase 3,055,413 shares of the Company's stock held in treasury. The Notes were guaranteed by the Company and call for payment of principal and interest semiannually from July 15, 1999 through July 15, 2008. Repayments of the loan will be made from Company matching contributions and dividends received on unallocated shares of Company stock held in the ESOP Fund. The shares will be held in suspense in the ESOP fund, to be released and allocated to participant's accounts periodically in full or partial satisfaction of the Company's matching contribution obligations.

12. ASSET ALLOCATION

As described in Note 2, the participants may elect to invest their contributions in eight investment funds and Company contributions are invested in the ESOP Fund. The allocation of assets and liabilities, and the additions and deductions among the investment funds as well as the ESOP and Loan Funds follows on pages 9 through 12.
