**PROXY STATEMENT**

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of the Corporation of proxies to be voted at the annual meeting of shareholders scheduled to be held on October 22, 2003, and at all adjournments thereof. Only shareholders of record at the close of business on August 29, 2003 will be entitled to vote. On that date, 118,458,147 Common Shares were outstanding and entitled to vote at the meeting, each share being entitled to one vote. This Proxy Statement and the form of proxy are being mailed to shareholders on or about September 22, 2003.

Shareholders of the Corporation have cumulative voting rights in the election of Directors if any shareholder gives notice in writing to the President or a Vice President or the Secretary of the Corporation not less than 48 hours before the time fixed for holding the meeting that cumulative voting at such election is desired and an announcement of the giving of such notice is made upon the convening of the meeting by the Chairman or the Secretary or by or on behalf of the shareholder giving such notice. In such event, each shareholder has the right to cumulate votes and give one nominee the number of votes equal to the number of Directors to be elected multiplied by the number of votes to which the shareholder is entitled, or to distribute votes on the same principle among two or more nominees, as the shareholder sees fit. In the event that voting at the election is cumulative, the persons named in the proxy will vote Common Shares represented by valid Board of Directors' proxies on a cumulative basis for the election of the nominees named below, allocating the votes of such Common Shares in accordance with their judgment.

**ELECTION OF DIRECTORS**

The Directors of the class elected at each annual election hold office for terms of three years. The Board of Directors of the Corporation presently consists of 14 members divided into three classes. The classes whose terms expire in 2003 and 2004 each consist of five members and the class whose term expires in 2005 consists of four members.

Shareholder approval is sought to elect Duane E. Collins, Robert J. Kohlhepp, Giulio Mazzalupi, Klaus-Peter Müller and Allan L. Rayfield, Directors whose terms of office expire in 2003, to the class whose term will expire in 2006. A plurality of the Common Shares voted in person or by proxy is required to elect a Director.

Should any nominee become unable to accept nomination or election, the proxies will be voted for the election of such other person as a Director as the Board of Directors may recommend. However, the Board of Directors has no reason to believe that this contingency will occur.

## COMPENSATION AND MANAGEMENT DEVELOPMENT COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation and Management Development Committee of the Board of Directors (the "Committee"), which consists entirely of five Directors who are independent as defined in the proposed listing standards of the New York Stock Exchange, has furnished the following report on executive compensation.

Following review and approval by the Committee, all issues pertaining to executive compensation are submitted to the full Board of Directors in conjunction with its approval and review of the Corporation's strategies and operating plans, thereby assuring that the Corporation's system of executive compensation is reasonable and appropriate, meets its stated purpose and effectively serves the interests of the shareholders and the Corporation.

The Corporation's executive compensation programs are designed to attract, retain and motivate key executives critical to the long-term success of the Corporation by remaining competitive with other multinational diversified manufacturing companies of similar size. Comparative compensation information is used by the Committee to establish competitive salary grade ranges at the market median for base pay, annual bonus and long-term compensation. The group of companies used for compensation comparison purposes is not identical to the S&P 500 Industrial Machinery Index, which is the peer group of companies included in the performance graph on page 13. Comparative compensation information is presented to the Committee from independent surveys of numerous comparable manufacturers, which the Committee believes is important in order to establish competitive compensation ranges at the appropriate levels. On the other hand, the S&P 500 Industrial Machinery Index utilized in the performance graph contains data only with respect to a limited number of companies that are in businesses similar to the Corporation, which data is theoretically reflective of the stock performance of all industrial machinery manufacturers as a whole.

In addition to being competitive, the Corporation's executive compensation programs are also intended to reward executives commensurate with performance and attainment of pre-determined financial objectives. Accordingly, compensation of executive officers is directly and materially linked to both operating performance and increases in shareholder value, thus aligning the financial interests of the Corporation's executives with those of its shareholders.

Compensation for the Corporation's executives consists of three primary elements:

1. A **base salary** within a competitively established range. The specific base salary within the range is determined by experience, individual contributions and performance as measured against pre-established goals and objectives. Goals and objectives for each executive vary in accordance with each executive's responsibilities and are established by each executive's supervisor. In the case of the Chief Executive Officer, such goals and objectives are set by the Committee.
2. An **annual cash incentive bonus** that was comprised of the two following components during fiscal 2003:
  - a. An amount that is determined by the Corporation's pre-tax return on average assets as compared to the Corporation's annual plan established at the beginning of the fiscal year (the "Target Incentive Bonus"); and
  - b. An amount that is determined based on the return on division net assets for the divisions in each executive's individual operating unit (or the average return for all divisions for corporate staff executive officers) (the "RONA Bonus").

The target amounts of the annual cash incentive bonuses are established in such a manner that base salary plus the target bonuses will be within the competitively determined total annual compensation range mentioned above. Target annual cash incentive bonuses represent approximately 30-45% of total targeted annual compensation for the executive officers with operational profit and loss responsibility (including the Chief Executive Officer) and 30-40% of total targeted annual compensation for the other executive officers.

The Chief Executive Officer, with the approval of the Committee, also has the authority to establish additional annual incentive programs for operating executives. In fiscal year 2003, under a Volume Incentive Plan, operating group presidents had the opportunity to earn an additional bonus of 1% of base salary for

each 1% of sales by which their group exceeded their previous year's sales by between 10% and 15%, and an additional bonus of 2% of base salary for each 1% of sales by which their group exceeded their previous year's sales by more than 15%; subject, however, to an overall maximum of 15% of the participant's base salary. Acquisitions may only account for up to 5% of the increase in sales. Also, sales growth above 15% resulted in additional payments under the Volume Incentive Plan only if the group exceeded corporate goals with respect to its return on sales and its assets/sales ratio.

3. **Long-term incentive compensation** that was comprised of the two following components during fiscal 2003:

- a. A long-term incentive plan ("LTIP") award that is based upon the Corporation's actual average return on equity for a three fiscal year period. Awards under the LTIP are expressed in performance units calculated by dividing a target LTIP dollar value (adjusted for risk of forfeiture) by the market price of the Corporation's Common Shares at the beginning of the three-year performance period. The target LTIP value is established by the Committee at the market median of comparative LTIP compensation. Payments earned under the LTIP are paid at the discretion of the Committee either as a credit to the participant's account under the Corporation's Executive Deferral Plan ("EDP") in an amount equal to the number of earned performance units multiplied by the closing price of the Corporation's Common Shares at the end of the three-year performance period or in shares of restricted stock equal to the number of earned performance units unless the participant has previously elected a deferral under the EDP.
- b. A stock option grant determined by utilizing the Black-Scholes valuation model to convert a target stock option dollar value (adjusted for risk of non-vesting) into the number of stock options to be granted. The target stock option value is established by the Committee at the market median of comparative stock option compensation. Stock options are granted with an exercise price equal to the fair market value of the Corporation's Common Shares on the day of grant, and grants have a ten-year term and vest 50% following one year of continued service and the remaining 50% following the second year of continued service from the date granted. The Corporation's Stock Option Deferral Plan permits executives to defer the recognition of gain upon the exercise of stock options under the Plan.

Incentive compensation for the Corporation's executives is significantly "at risk," based upon the financial performance of the Corporation. Indeed, more than one-half of each executive's targeted total compensation (including base salary, annual bonus, LTIP payouts and stock options) may fluctuate significantly from year to year because it is directly tied to business and individual performance. The Committee periodically reviews and evaluates the criteria used to determine incentive compensation to ensure that it remains consistent with the Corporation's compensation philosophy of motivating executive behavior in the best interests of the shareholders and the Corporation.

Long-term incentive programs are designed to link the interests of the executives with those of the shareholders. LTIP awards focus on long-term return on equity and provide an incentive to increase the stock price during the three year performance period. Restricted stock awards build stock ownership and encourage a long-term focus on shareholder value, since the stock is restricted from being sold, transferred or assigned for a specified period. Stock option grants provide an incentive that aligns the executive's interests with those of the shareholders, since stock options will provide value to the executive only when the price of the Corporation's stock increases above the option grant price.

In August 1996, the Board of Directors, at the recommendation of the Committee, adopted stock ownership guidelines that are designed to encourage the accumulation and retention of the Corporation's Common Shares by its Directors, executive officers and other key executives. These guidelines, stated as a multiple of executives' base salaries and of Directors' annual retainer, are as follows: Chief Executive Officer and President: three times; Vice Presidents: two times; other executive officers and group presidents: one time; and non-management Directors: four times. The recommended time period for reaching the above guidelines is five years. The Chief Executive Officer reviews compliance with this policy with the Committee on an annual basis.

The Corporation's executive compensation philosophy is specifically evident in the compensation paid during the most recent fiscal year to Donald E. Washkewicz, the Corporation's Chief Executive Officer. Mr. Washkewicz's increase in base salary from fiscal 2002 to fiscal 2003 of 5% is reflective of his performance rating for fiscal 2002. In addition, Mr. Washkewicz was targeted to receive 100% of his Target Incentive

Bonus of \$300,000 if the Corporation achieved the 8% target pre-tax return on average assets established in the Corporation's fiscal 2003 operating plan, adjusted primarily for acquisitions and currency transactions. A minimum payout of 15% of the Target Incentive Bonus was established at a 2.6% pre-tax return on average assets and a maximum payout of 150% of the Target Incentive Bonus was established at a 9.8% pre-tax return on average assets. During the fiscal year ended June 30, 2003, the Corporation's adjusted pre-tax return on average assets was 5.56% and each executive officer, including Mr. Washkewicz, received an amount equal to 68.3% of his Target Incentive Bonus, which is included in the "Bonus" column of the Summary Compensation Table on page 9.

Mr. Washkewicz's RONA Bonus was targeted at \$361,220 based upon an approximate 28% average return on division net assets. The average return on division net assets was 19.34%, resulting in a RONA Bonus payment to Mr. Washkewicz of \$249,241, which is included in the "Bonus" column of the Summary Compensation Table on page 9. The other executive officers also received RONA Bonuses based upon the return on division net assets by their respective operating units (or the average return for all divisions for corporate staff executive officers).

Based on the Corporation's average return on equity of 9.63% for the three fiscal years ended June 30, 2003, Mr. Washkewicz and the other executive officers received a payment under the 2001-02-03 LTIP in the form of either restricted shares and/or credits to their EDP accounts in an amount equal to the value of the restricted shares earned, as reported in the "LTIP Payouts" column of the Summary Compensation Table on page 9. Such payment represents 45.38% of the target payment that would have been achieved had the Corporation achieved its return on equity goal of 14% during such period.

During fiscal year 2003, Mr. Washkewicz and the other executive officers also received a long-term incentive award as described in the LTIP Table on page 11 and a stock option grant as reported in the Option Grants Table on page 10.

The Chief Executive Officer or the Committee may, from time to time, provide other forms of compensation to the Corporation's executive officers which may be tailored to specific circumstances that exist at that time and which are consistent with the overall compensation policies of the Corporation and the Committee.

The Omnibus Budget Reconciliation Act of 1993 includes potential limitations on the deductibility of compensation in excess of \$1 million paid to the Corporation's Chief Executive Officer and four other highest paid executive officers. The Committee has attempted to structure programs to preserve the deductibility of compensation paid by the Corporation to such individuals while retaining the flexibility to provide compensation that may exceed the limit of tax deductibility under circumstances in which the payment furthers the goals of the executive compensation program or is otherwise in the best interests of the Corporation or the shareholders. The Committee also attempts to preserve deductibility by encouraging deferrals of otherwise non-deductible payments.

- (a) Options, except for reload option grants, are 50% exercisable on the date following completion of one year of continuous employment after the date of grant and the remaining 50% is exercisable on the date following completion of two years of continuous employment after the date of grant with accelerated vesting in the event of a Change in Control (as defined on page 12). Restorative or "reload" option rights are attached to each option and one reload option will be granted upon exercise, subject to certain vesting provisions, if the exercise price is paid using shares of the Corporation's common stock owned by the optionee.
- (b) The potential realizable value illustrates the value that might be realized upon the exercise of the options immediately prior to the expiration of their term, assuming the specified compounded rates of appreciation over the entire term of the option. Shareholders of the Corporation, as a group, would realize approximately \$2.91 billion and \$7.38 billion at assumed annual rates of appreciation of 5% and 10%, respectively, over the life of the options. There can be no assurance that the amounts reflected in this table will be achieved.

The following table summarizes awards by the Corporation during the fiscal year ended June 30, 2003 to each of the executive officers identified in the Summary Compensation Table on page 9 under the Corporation's Long Term Incentive Plan ("LTIP"):

Name	Number of Shares (#)	Performance or Other Period Until Maturation or Payout	Estimated Future Payouts under Non-Stock Price-Based Plans		
			Threshold (#)	Target (#)	Maximum (#)
Donald E. Washkewicz	32,000	3 Years	8,000	32,000	64,000
Dennis W. Sullivan	18,000	3 Years	4,500	18,000	36,000

Michael J. Hiemstra	18,000	3 Years	4,500	18,000	36,000

Target awards under the Corporation's LTIP during the last fiscal year were made in the form of performance units and entitle each executive officer to receive a pro rata share of his award based upon the Corporation's actual average return on equity (threshold of 9%; target of 15%; maximum of 21%) for the three fiscal years ending June 30, 2005. Awards are payable in August 2005. At the discretion of the Compensation and Management Development Committee, awards will be paid either as a credit to the executive officer's account under the Corporation's Executive Deferral Plan ("EDP") or in restricted stock unless the executive officer elects, prior to May 31, 2004, to defer the amount earned under the LTIP pursuant to the EDP. Executive officers who are retired at the time of payment will receive cash in lieu of restricted shares under the LTIP unless the retiree has made a previous deferral election pursuant to the EDP.

## Pension Plan Table

The following table summarizes the estimated annual benefits payable upon retirement to the executive officers identified in the Summary Compensation Table on page 9:

Remuneration	Years of Service
	15 or more
\$ 400,000	\$220,000
600,000	330,000
800,000	440,000
1,000,000	550,000
1,200,000	660,000
1,400,000	770,000
1,600,000	880,000
1,800,000	990,000

The foregoing table sets forth the straight-life annuity payable under the Corporation's Supplemental Executive Retirement Benefits Program (the "Program") at the normal retirement age of 65. Mr. Hiemstra retired on April 30, 2003 after 15 years of service. Mr. Hayes retired on August 31, 2003 after 30 years of service. The years of service under the Program for each of the other executive officers identified in the Summary Compensation Table on page 9, at their respective retirement dates, will be as follows: Mr. Washkewicz, 43 years; Mr. Sullivan, 44 years; Mr. Myslenski 43 years; and Mr. Vande Steeg, 36 years. The Program provides an annual benefit based upon the average of the participant's three highest years of cash compensation (Salary, RONA Bonus and Target Incentive Bonus) with the Corporation. Benefits payable under the Program are based on

calendar year compensation. The average of the three highest calendar years of cash compensation used to determine Mr. Hiemstra's benefit under the Program as of the date of his retirement was \$763,694. If the benefits were to be payable to each of the remaining named participants based on retirement as of June 30, 2003, the average of the three highest calendar years of cash compensation included in determining benefits under the Program for each of the named participants would be as follows: Mr. Washkewicz, \$1,000,292; Mr. Sullivan, \$1,034,678; Mr. Myslenski, \$605,605; Mr. Vande Steeg, \$576,827; and Mr. Hayes, \$672,354. Benefits are subject to reduction for payments received under the Corporation's Retirement Plan plus 50% of primary social security benefits.

**"Change in Control" Severance Agreements with Officers.** The Corporation has entered into separate agreements (collectively the "Agreements") with Messrs. Washkewicz, Sullivan, Myslenski, Vande Steeg and Hayes that are designed to retain the executives and provide for continuity of management in the event of any actual or threatened change in the control of the Corporation. Each Agreement only becomes operative upon a "Change in Control" of the Corporation, as that term is defined in the Agreements, and the subsequent termination of the employment of the executive pursuant to the terms of the Agreement. A Change in Control of the Corporation shall be deemed to have occurred if and when: (i) subject to certain exceptions, any "person" (as such term is used in Sections 13(d)(3) and 14(d)(2) of the Exchange Act) is or becomes a beneficial owner, directly or indirectly, of securities of the Corporation representing 20% or more of the combined voting power of the Corporation's then outstanding securities eligible to vote for the election of the Board; (ii) during any period of twenty-four consecutive months, individuals who at the beginning of such twenty-four month period were Directors of the Corporation (the "Incumbent Board") cease to constitute at least a majority of the Board of Directors of the Corporation, unless the election, or nomination for election, of any person becoming a Director subsequent to the beginning of such twenty-four month period was approved by a vote of at least two-thirds of the Incumbent Board; (iii) the Corporation enters into a merger, consolidation or other reorganization, or sells all its assets, unless (a) immediately following the business combination: (1) more than 50% of the total voting power eligible to elect directors of the resulting corporation is represented by shares that were Common Shares immediately prior to the business combination, (2) subject to certain exceptions, no person becomes the beneficial owner, directly or indirectly, of 20% or more of the voting power of the corporation resulting from the business combination, and (3) at least a majority of the members of the board of directors of the resulting corporation were members of the Incumbent Board at the time of the Board of Directors of the Corporation's approval of the execution of the initial agreement providing for such business combination, or (b) the business combination is effected by means of the acquisition of Common Shares from the Corporation, and the Board of Directors of the Corporation approves a resolution providing expressly that such business combination does not constitute a "Change in Control"; or (iv) the shareholders of the Corporation approve a plan of complete liquidation or dissolution of the Corporation.

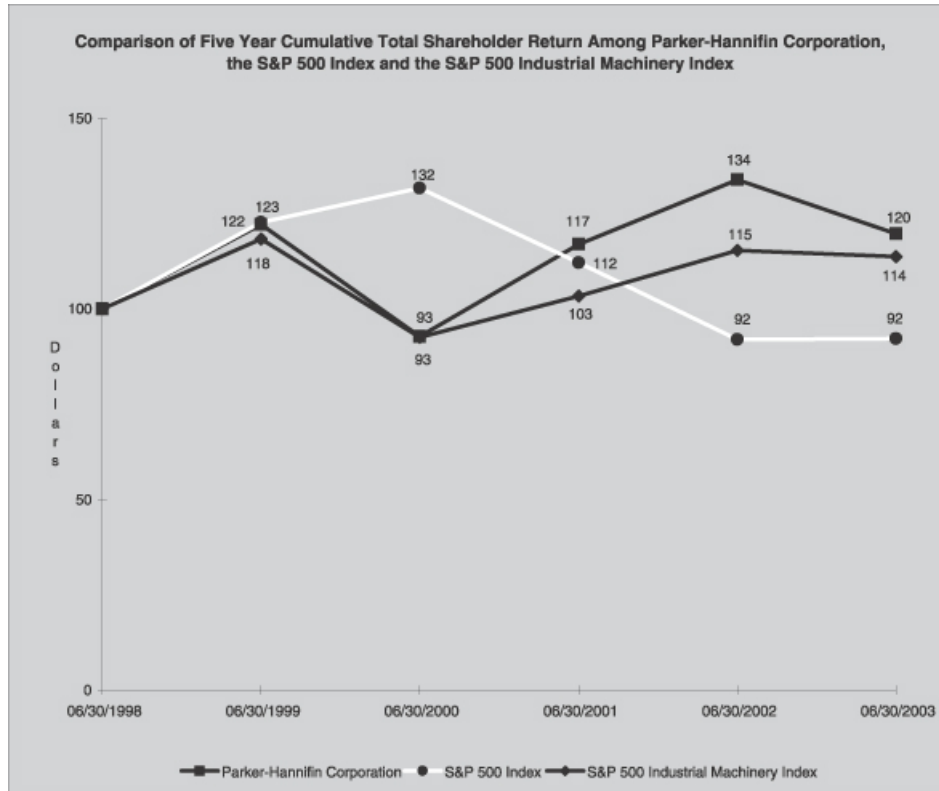

Each Agreement provides that, if the employment of the executive is terminated during the three years following a Change in Control of the Corporation, either by the Corporation without "Cause" (as defined in the Agreements) or by the executive for "Good Reason" (as defined in the Agreements and described below), the executive shall be entitled to receive (a) pro rata salary and bonus for the year of termination of employment; (b) severance pay equal to three times the executive's annual salary and bonus; (c) continuation of welfare benefits (e.g., medical, life insurance, disability coverage) for a period of three years; (d) to the extent not previously received, all amounts previously deferred under the Corporation's non-qualified income deferral plans together with a "make whole" amount designed to compensate the executive for the lost opportunity to continue to defer receipt of such income (and the earnings thereon) pursuant to elections made under the Executive Deferral Plan ("EDP"); and (e) a "gross-up" payment to offset the effect, if any, of the excise tax imposed by Section 4999 of the Internal Revenue Code. "Good Reason" for termination of employment by the executive includes, without limitation, diminution in duties, reduction in compensation or benefits or relocation. In addition, termination of employment by the executive for any or no reason during the 180-day period beginning on the 91st day after the Change in Control shall constitute Good Reason.

A Change in Control of the Corporation also has an effect under other executive compensation plans of the Corporation, as follows: (1) any outstanding unvested stock option held by an executive vests immediately upon a Change in Control; (2) any outstanding unvested shares of restricted stock issued or unvested EDP amounts credited to an executive pursuant to the Corporation's Long Term Incentive Plans ("LTIP") vest immediately in the event of a Change in Control; (3) any outstanding LTIP award to an executive will be paid in full in cash upon a Change in Control, at the target amount or on the basis of corporate financial performance to the date of the Change in Control, whichever is greater; (4) upon a Change in Control, all amounts pre - -

viously deferred by the executive under the EDP, together with the “make whole” amount (described in subsection (d) of the preceding paragraph), will be paid to the executive; (5) upon a Change in Control, all shares the receipt of which were previously deferred by the executive under the Stock Option Deferral Plan will be issued to the executive; and (6) upon a Change in Control, each participant under the Corporation’s Supplemental Executive Retirement Benefits Program (the “Program”) will receive three additional years of age and service credit under the Program and will receive a lump-sum payment equal to the present value of the participant’s vested benefit under the Program.

## APPOINTMENT OF INDEPENDENT PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors recommends ratification of the appointment of PricewaterhouseCoopers LLP (“PwC”) as the independent public accounting firm to examine the financial statements of the Corporation as of and for the fiscal year ending June 30, 2004. PwC has conducted the annual audit of the Corporation’s accounts since its organization in 1938. A representative of PwC is expected to be present at the meeting with an opportunity to make a statement if he desires to do so and to respond to appropriate questions. Ratification of the appointment of PwC as the independent public accounting firm requires the affirmative vote of the holders of at least a majority of the votes present or represented and entitled to vote on the proposal at the Annual Meeting.

**Audit Fees.** The aggregate fees billed by PwC for the fiscal years ending June 30, 2003 and June 30, 2002 for auditing the Corporation’s annual consolidated financial statements and reviewing the Corporation’s interim financial statements included in the Corporation’s Form 10-Q’s filed with the Securities and Exchange Commission and for services that are normally provided by PwC in connection with statutory and regulatory filings or engagements were \$2.97 million and \$2.98 million, respectively.

**Audit-Related Fees.** The aggregate fees billed by PwC for assurance and related services provided to the Corporation for the fiscal years ending June 30, 2003 and June 30, 2002 that are reasonably related to the performance of the audit or review of the Corporation’s financial statements and are not included in “Audit Fees” above were \$100,000 and \$650,000, respectively. The fees billed related primarily to audit procedures required to respond to or comply with financial, accounting or regulatory reporting matters, internal control reviews and reporting requirements and acquisition and divestiture due diligence.

**Tax Fees.** The aggregate fees billed by PwC for professional services rendered for tax compliance, tax advice and tax planning services provided to the Corporation for the fiscal years ending June 30, 2003 and June 30, 2002 were \$2.11 million and \$3.10 million, respectively. The fees billed related primarily to federal, state, local and international tax planning, advice and compliance and tax due diligence related to acquisitions.

**All Other Fees.** The aggregate fees billed by PwC for products and services provided to the Corporation that are not included in the above categories for the fiscal years ending June 30, 2003 and June 30, 2002 were \$175,000 and \$200,000, respectively. The fees billed related primarily to treasury advisory services and training on technical and regulatory pronouncements.

**Audit Committee Pre-Approval Policies and Procedures.** In accordance with the Securities and Exchange Commission’s rules issued pursuant to the Sarbanes Oxley Act of 2002, which were effective as of May 6, 2003 and require, among other things, that the Audit Committee pre-approve all audit and non-audit services provided by the Corporation’s independent public accounting firm, the Audit Committee has adopted a formal policy on Auditor Independence requiring the approval by the Audit Committee of all professional services rendered by the Corporation’s independent public accounting firm. The policy specifically pre-approves certain services up to a budgeted amount to be determined annually by the Audit Committee. All other services require Audit Committee approval on a case-by-case basis.

Since May 6, 2003, 100% of the services described in “Audit-Related Fees,” “Tax Fees” and “All Other Fees,” were approved by the Audit Committee in accordance with the Corporation’s formal policy on Auditor Independence.

**The Board of Directors unanimously recommends a vote FOR the proposal to ratify the appointment of PricewaterhouseCoopers LLP as the Corporation’s independent public accounting firm for the fiscal year ending June 30, 2004.**

## APPROVAL OF 2003 STOCK INCENTIVE PLAN

**General.** The Board of Directors has adopted and recommends approval by the shareholders of the Parker-Hannifin Corporation 2003 Stock Incentive Plan (the “2003 Plan”). The 2003 Plan will replace the Corporation’s 1993 Stock Incentive Program (the “1993 Program”) that was approved by the shareholders on October 28, 1993. A summary of the terms of the 2003 Plan is set forth below. The full text of the 2003 Plan is attached as Appendix B to this Proxy Statement, and the summary is qualified in its entirety by reference to Appendix B.

The 2003 Plan permits the Corporation to grant to key employees non-qualified stock options, incentive stock options, stock appreciation rights, restricted stock and dividend equivalent rights (collectively referred to as “Awards”), as more fully described below.

**Available Shares.** The aggregate number of Common Shares that may be delivered (i) upon the exercise of a stock option or stock appreciation right; (ii) as restricted stock and released from a substantial risk of forfeiture thereof; or (iii) in payment of dividend equivalent rights, subject to adjustment as provided in the 2003 Plan, is equal to the sum of (A) 9,000,000; plus (B) the amount of any Common Shares that are not delivered to a participant by reason of (1) the expiration, termination, cancellation or forfeiture of an award under the 1993 Program; and (2) the tendering or withholding of Common Shares to satisfy all or a portion of the exercise price or tax withholding obligations relating to Common Shares issued or distributed under an award under the 1993 Program. The aggregate number of Common Shares that may be issued upon exercise of incentive stock options is 3,000,000. The aggregate number of Common Shares of restricted stock that may be issued under the 2003 Plan is 5,000,000. These amounts are subject to adjustment for stock splits, stock dividend or other changes in the Corporation’s capital structure. Common Shares may be authorized and unissued shares or treasury shares. Common Shares underlying unexercised or undelivered Awards which have expired, terminated or are cancelled or forfeited are available for further Awards under the 2003 Plan as are Common Shares withheld by the Corporation for tax withholding or delivered by the participant in satisfaction of the exercise price of a stock option. If the benefit provided by any Award is paid in cash, any Common Shares covered by such Award will also be available for future Awards under the 2003 Plan. If the 2003 Plan is not approved by the shareholders, no shares will be awarded under the 2003 Plan.

**Administration and Eligibility.** The 2003 Plan will be administered by the Compensation and Management Development Committee of the Board of Directors (the “Committee”). The Committee is constituted in a manner that satisfies all applicable legal requirements including an independence standard contained in the listing requirements of the New York Stock Exchange. Members of the Committee are ineligible to receive Awards under the 2003 Plan.

The persons eligible to receive Awards under the 2003 Plan are those key salaried employees of the Corporation or its subsidiaries with executive, managerial, technical or professional responsibility, including an officer who is also a Director. The Committee will, in its sole discretion, select those persons entitled to participate in the 2003 Plan. The Committee estimates that currently there are approximately 1,500 employees of the Corporation eligible to participate in the 2003 Plan.

The Committee will determine, subject to the terms of the 2003 Plan, the individuals to whom Awards will be granted, the number and type of Awards to be granted and the terms and conditions of any Award granted. The Committee is also authorized to adopt rules, guidelines and practices governing the 2003 Plan and to interpret the provisions of the 2003 Plan and any Awards. The amount of Awards or benefits under the 2003 Plan is not yet determinable.

**Stock Options.** Stock options granted under the 2003 Plan may be either Incentive Stock Options (“ISOs”) intended to qualify under Section 422 of the Internal Revenue Code of 1986 or options not intended to so qualify. The aggregate fair market value (determined as of the time of the grant of an ISO) of the Common Shares with respect to which ISOs are exercisable for the first time by a single optionee during the calendar year under the 2003 Plan and any other stock option plan of the Corporation may not exceed \$100,000.

No employee may be granted stock options for more than 1,000,000 Common Shares in any three-year period. While the Committee determines the terms of each option at the time of grant, the option price shall not in any event be less than 100% of the fair market value of the Common Shares at the time of the grant. For purposes of the 2003 Plan, fair market value is defined as the closing price of the Common Shares as reported for

the New York Stock Exchange—Composite Transactions on the date on which a particular option is granted. The closing price for the Corporation's Common Shares on the New York Stock Exchange on September 2, 2003 was \$50.65. The option price may be paid in cash, shares or other consideration, in accordance with regulations adopted by the Committee, valued at fair market value on the date prior to exercise of the stock option. Options granted under the 2003 Plan will vest at least one year from the date of grant except in the event of a change in control, as described below, and are exercisable for no more than ten years.

The Committee cannot adjust or amend the exercise price of an outstanding option by amendment, cancellation and replacement of a grant, or any other means.

The Committee may grant reload stock options. Subject to the terms and conditions set by the Committee in the Award, if an optionee tenders Common Shares to satisfy the option price, the optionee will receive a restorative or reload grant of stock options equal to the number of Common Shares surrendered by the optionee to satisfy the option price. Reload options will have an exercise price equal to the fair market value of the Common Shares on the date of exercise of the underlying stock option.

**Stock Appreciation Rights.** Stock appreciation rights ("SARs") may be granted separately or together with all or part of any stock option granted under the 2003 Plan. An SAR granted with a stock option shall only be exercisable to the extent the stock option is exercisable.

No employee may be granted SARs for more than 1,000,000 Common Shares in any three-year period. SARs will be subject to such terms and conditions as the Committee imposes. An SAR will entitle the holder upon exercise to receive from the Corporation cash and/or Common Shares having an aggregate value equal to the excess of the fair market value, at the time of exercise of the SAR, of one Common Share over the exercise price per share specified by the grant of the SAR, multiplied by the number of Common Shares covered by such SAR. SARs granted under the 2003 Plan will vest at least one year from the date of grant except in the event of a change in control, as described below, and are exercisable for no more than ten years.

**Restricted Stock Awards.** Awards of restricted stock may be granted under the 2003 Plan to eligible employees for such consideration, if any, as may be required by applicable law. The terms and conditions of such Awards and the circumstance for the lapse of such restrictions will be determined by the Committee at the time of Award. The restricted stock will vest no sooner than three years from the date of issuance except to the extent specified in the Award, in the event of a change in control, as described below, or upon the death, retirement or disability of the grantee.

The grant of restricted stock Awards may be conditioned upon the achievement of performance-based criteria and any Award of restricted stock may specify performance-based criteria which, if achieved by the Corporation, will result in termination or early termination of the restrictions applicable to such Common Shares.

**Dividend Equivalent and Interest Rights.** A dividend equivalent right ("DER") may be granted under the 2003 Plan as a component of another Award or as a separate Award. The terms and conditions of the DER will be specified by the Committee in the Award. Any Award under the 2003 Plan that is settled in whole or in part in cash on a deferred basis may provide by the Award for interest equivalents to be credited with respect to such cash payment.

**Deferral of Payment.** With the approval of the Committee, the delivery of Common Shares, cash or any combination thereof subject to an Award may be deferred, either in the form of installments or a single future delivery. The Committee may also permit or require selected participants to defer payment of some or all of their Awards, as well as other compensation, in accordance with procedures established by the Committee to assure that recognition of taxable income is deferred under the Internal Revenue Code.

**Transferability.** Except as otherwise determined by the Committee, Awards under the 2003 Plan are not transferable except by will and pursuant to the laws of descent and distribution. Awards under the 2003 Plan are not subject, in whole or in part, to attachment, execution or levy of any kind.

**Termination of Awards.** The Committee may cancel any unexpired, unpaid or deferred awards at any time if the participant is not in compliance with all applicable provisions of the 2003 Plan or with the terms of any notice of Award or if the participant engages in detrimental activity. The Committee at the time of grant shall specify the circumstances under which an Award may terminate or be cancelled in the event of the death, disability, retirement or termination of employment of a 2003 Plan participant.

**Detrimental Activity.** Any Award may provide that if a participant, either during employment by the Corporation or within a specified period after termination of such employment, shall engage in any detrimental activity, and the Committee shall so find, forthwith upon notice of such finding, the participant shall:

- (a) return to the Corporation, in exchange for payment by the Corporation of any amount actually paid therefore by the participant, all Common Shares that the participant has not disposed of that were issued pursuant to the 2003 Plan within a specified period prior to the date of the commencement of such detrimental activity; and
- (b) with respect to any Common Shares so acquired that the participant has disposed of, pay to the Corporation in cash the difference between:
  - (i) any amount actually paid therefore by the participant pursuant to the 2003 Plan; and
  - (ii) the fair market value of the Common Shares on the date of such acquisition.

To the extent that such amounts are not paid to the Corporation, the Corporation may set off the amounts so payable to it against any amounts that may be owing from time to time by the Corporation to the participant, whether as wages, deferred compensation or vacation pay or in the form of any other benefit or for any other reason.

**Change in Control.** The Committee may in its discretion accelerate the date on which outstanding options or SARs become exercisable or waive the restrictions or other terms and conditions on the vesting of any restricted stock in the event of a change in control, or proposed change in control, of the Corporation. In addition, in the event of a change in control, the Corporation may purchase previously granted stock options from participants at a price equal to the difference between the consideration per share payable pursuant to the terms of the change in control transaction and the option price.

**Withholding Taxes.** The Corporation shall have the right to deduct from any cash payment made under the 2003 Plan any federal, state or local income or other taxes required by law to be withheld with respect to such payment. It shall be a condition to the obligation of the Corporation to deliver Common Shares upon exercise of a stock option or SAR, upon settlement of a DER, upon delivery of restricted stock, or upon exercise, settlement, or payment of any other Award under the 2003 Plan, that the grantee of such Award pay to the Corporation such amount as may be requested by the Corporation for the purpose of satisfying any liability for such withholding taxes. If provided in the Award, the grantee may elect, in accordance with any applicable regulations of the Committee, to pay a portion or all of the amount of such minimum required or additional permitted withholding taxes in shares. The grantee shall authorize the Corporation to withhold, or shall agree to surrender back to the Corporation, on or about the date such withholding tax liability is determinable, shares previously owned by such grantee or a portion of the shares that were or otherwise would be distributed to such grantee pursuant to such Award having a fair market value on the day prior to the date such payment is made equal to the amount of such required or permitted withholding taxes to be paid in Common Shares.

**Federal Income Tax Consequences.** The following is a summary of certain of the federal income tax consequences of certain transactions under the 2003 Plan.

***Nonqualified Stock Options***

*General.* A participant generally will not recognize income upon the grant of a NQSO. If a participant receives unrestricted Common Shares upon the exercise of an NQSO, the participant will normally recognize ordinary income at the time of exercise equal to the excess of the fair market value, at the time of exercise, of the shares received over the exercise price (the "Spread"). Upon a subsequent sale of the shares received upon exercise, any difference between the net proceeds of the sale and the fair market value of the shares on the date of exercise will be taxed as capital gain or loss. If the Common Shares received upon the exercise of an NQSO are restricted stock and the exercise price is paid in cash, the discussion under "Restricted Stock" below applies.

*Payment in Kind of Exercise Price of an NQSO.* If upon the exercise of an NQSO for unrestricted Common Shares a participant pays the exercise price in whole or in part by the surrender of unrestricted Common Shares that the participant already owns, the participant will not recognize gain or loss on the surrendered shares to the extent that their fair market value equals that of the shares received. To the extent the fair market value of the shares surrendered equals that of the shares received, the shares received will have a tax basis equal to the basis of the shares surrendered, and the participant's holding period of the shares received will include the holding

period of the shares surrendered. To the extent that the value of the shares received upon exercise exceeds the value of the shares surrendered, that excess (reduced by the amount of any cash paid by the participant) will be ordinary income. Furthermore, the shares received that represent the excess in value will have a basis equal to their fair market value. The participant's holding period for any excess shares will commence on the day they are acquired.

#### ***Incentive Stock Options***

***General.*** A participant will not recognize income upon the grant of an ISO. In addition, a participant will not recognize income upon the exercise of an ISO if the participant satisfies certain employment and holding period requirements. To satisfy the employment requirement, a participant generally must exercise the option not later than three months after the participant ceases to be an employee of the Corporation (one year if the participant ceases to be an employee due to disability). To satisfy the holding period requirement, a participant generally must hold the optioned stock for more than two years from the grant of the option and more than one year after the stock is transferred to the participant. If these requirements are satisfied, upon the sale of the stock, the participant will be taxed at long-term capital gains rates on any gain, measured by the difference between the participant's basis in the stock and the net proceeds of the sale.

***Premature Disposition of Shares.*** If Common Shares acquired upon the timely exercise of an ISO are sold, exchanged or otherwise disposed of without satisfying the holding period requirement (a "Disqualifying Disposition"), the participant will usually recognize ordinary income at the time of disposition equal to the amount of the excess of the fair market value of the shares received on the date of the exercise of the ISO over the exercise price of the shares. Any gain in excess of that amount will be either long-term or short-term capital gain depending on the holding period. However, upon a Disqualifying Disposition that constitutes a sale or exchange with respect to which any loss (if sustained) would be recognized, the amount includable in ordinary income will be limited to any excess of the net amount realized on the sale or exchange over the participant's basis in the shares.

***Payment in Kind of Exercise Price of an ISO.*** If a participant pays the exercise price of an incentive stock option by the surrender of unrestricted Common Shares that the participant already owns, the participant will not recognize gain or loss on the surrendered shares to the extent that their fair market value equals that of the shares received. To the extent that the fair market value of the surrendered shares equals that of the shares received, the shares received will have a tax basis equal to the basis of the shares surrendered, and the participant's holding period of the shares received will include the holding period of the shares surrendered. To the extent that the value of the shares received exceeds the value of the shares surrendered, those shares received that represent the excess in value will have a basis equal to zero and a holding period that will commence on the day they are acquired. However, if a participant surrenders unrestricted Common Shares acquired pursuant to the previous exercise of an ISO before the end of the requisite holding period, the participant may recognize ordinary income on the surrender of those shares.

***Alternative Minimum Tax and ISOs.*** Individuals are subject to an alternative minimum tax ("AMT") based on an expanded tax base to the extent that the AMT exceeds their regular tax liability. The AMT is imposed on alternative minimum taxable income in excess of an exemption amount. Alternative minimum taxable income generally is the taxpayer's taxable income, increased or decreased by certain adjustments and increased by certain preferences. ISOs are generally treated for AMT purposes in a manner similar to the regular tax treatment of NQSOs (e.g., for AMT purposes, upon the exercise of an ISO, the amount of the Spread will be included in alternative minimum taxable income, and the basis of the stock will equal its fair market value when the option is exercised). A tax credit may be available in a subsequent taxable year for some or all of any AMT paid.

***Limits on Stock Options Qualifying as ISOs.*** Stock options that otherwise qualify as ISOs will be treated as NQSOs to the extent that the aggregate fair market value of stock with respect to which ISOs are exercisable for the first time by a participant during any calendar year (under all of Parker's plans and any of its subsidiaries' plans) exceeds \$100,000 in the aggregate. This rule is applied by taking the stock options into account in the order in which they are granted.

***Stock Appreciation Rights.*** If a participant elects to receive the appreciation inherent in an SAR in cash upon exercise, the cash is ordinary income to the participant on the date of exercise. If a participant elects to receive the appreciation in the form of Common Shares, the Common Shares received will be ordinary income to the participant to the extent of their fair market value. If the Common Shares received upon the exercise of an SAR are restricted stock, the discussion under "Restricted Stock" below applies.

### **Restricted Stock**

**General.** A participant generally will not recognize income upon the receipt of an award of restricted stock because the shares received are subject to a “substantial risk of forfeiture” and are not “transferable” as these terms are defined in Section 83 of the Internal Revenue Code of 1986 (“Restricted Shares”). Accordingly, the participant will not recognize income upon the receipt of those shares unless the participant makes an election under Section 83(b) of the Internal Revenue Code of 1986 (a “Section 83(b) Election”) within 30 days after the actual or deemed transfer of the shares to have the shares taxed as ordinary income at their fair market value on the date of transfer.

A participant who does not make a Section 83(b) Election will recognize ordinary income in the year or years during which the restrictions terminate in an amount equal to the fair market value of the Restricted Shares on the date that the restrictions expire or are removed. If a Section 83(b) Election has not been made, any unrestricted dividends received with respect to Restricted Shares will be treated as additional compensation income and not as dividend income.

**Consequences of Section 83(b) Election.** A participant who makes a Section 83(b) Election will recognize ordinary income in the year of the participant’s receipt of Restricted Shares in an amount equal to the excess of the fair market value of those shares (determined without regard to the restrictions imposed) at the time of their transfer to him or her. A participant who makes a Section 83(b) Election with respect to Restricted Shares that are subsequently forfeited will not be entitled to deduct any amount previously included in income by reason of that election.

**Dividend Equivalent and Interest Rights.** Dividend equivalent and interest rights generally will be taxable to the participant as ordinary income upon payment.

**Deduction to Employer.** To the extent that a participant recognizes ordinary income in the circumstances described above, the Corporation or subsidiary for which the participant performs services will be entitled to a corresponding deduction provided that, among other things, the deduction meets the test of reasonableness, is an ordinary and necessary business expense, is not disallowed by the \$1,000,000 annual compensation limitation set forth in Section 162(m) of the Internal Revenue Code of 1986 and is not an “excess parachute payment” within the meaning of Section 280G of the Internal Revenue Code of 1986.

**Amendment.** The Board of Directors may amend the 2003 Plan or any Award granted thereunder. However, shareholder approval will be required to the extent necessary to comply with Rule 16b-3 promulgated under the Securities Exchange Act of 1934 or any other applicable law, regulation, or stock exchange listing requirement, or to qualify for an exemption or characterization that is deemed desirable by the Board. The Committee may, in its discretion, subject to the terms of the 2003 Plan, amend the terms of any Award, prospectively or retroactively, but no such amendment may impair the rights of any participant without his or her consent. The Committee may, in whole or in part, subject to the terms of the 2003 Plan, waive any restrictions or conditions applicable to, or accelerate the vesting of, any Award.

**Substitute Awards.** Awards may be granted in substitution for similar awards held by employees of another corporation who become or are about to become employees of the Corporation or a subsidiary as a result of the merger or consolidation of the other corporation with the Corporation or a subsidiary or the acquisition of the assets or stock of the other corporation by the Corporation or a subsidiary.

In the opinion of the Board of Directors, the 2003 Plan promotes the interests of the Corporation by enabling it, by the grant of equity incentives, to retain and attract qualified executive, managerial, technical and professional personnel.

Approval of the 2003 Plan requires the affirmative vote of the holders of at least a majority of the votes present or represented and entitled to vote on the proposal at the Annual Meeting, provided that a majority of the outstanding shares is voted with respect hereto.

**The Board of Directors unanimously recommends a vote FOR approval of the 2003 Plan.**

### **SHAREHOLDERS' PROPOSALS**

The Corporation must receive by May 25, 2004 any proposal of a shareholder intended to be presented at the 2004 Annual Meeting of Shareholders of the Corporation (the "2004 Meeting") and to be included in the Corporation's proxy, notice of meeting and proxy statement related to the 2004 Meeting pursuant to Rule 14a-8 under the Securities and Exchange Act of 1934 (the "Exchange Act"). Such proposals should be submitted by certified mail, return receipt requested. ## GENERAL

The Board of Directors knows of no other matters which will be presented at the meeting. However, if any other matters properly come before the meeting or any adjournment, the person or persons voting the proxies will vote in accordance with their best judgment on such matters.

The Corporation will bear the expense of preparing, printing and mailing this Proxy Statement. In addition to solicitation by mail, officers and other employees of the Corporation may solicit the return of proxies. The Corporation will request banks, brokers and other custodians, nominees and fiduciaries to send proxy material to beneficial owners of Common Shares. The Corporation will, upon request, reimburse them for their expenses in so doing. The Corporation has retained Georgeson Shareholder Communications Inc., 88 Pine Street, Wall Street Plaza, 30th Floor, New York, New York, to assist in the solicitation of proxies at an anticipated cost of \$14,000, plus disbursements.

You are urged to vote your proxy promptly by internet, telephone or mail by following the instructions on the enclosed proxy card in order to make certain your shares will be voted at the meeting. Common Shares represented by properly executed proxies will be voted in accordance with any specification made thereon and, if no specification is made, will be voted in favor of the election of the five nominees for Directors in the class whose three-year term of office will expire in 2006; in favor of the ratification of the appointment of PricewaterhouseCoopers LLP as independent public accounting firm for the fiscal year ending June 30, 2004; and in favor of the 2003 Stock Incentive Plan. Abstentions and broker non-votes are counted in determining the votes present at a meeting. Consequently, an abstention or a broker non-vote has the same effect as a vote against a proposal which requires the affirmative vote of a certain number of Common Shares, as each abstention or broker non-vote would be one less vote in favor of a proposal. You may revoke your proxy at any time prior to the close of voting at the Annual Meeting by giving notice to the Corporation in writing, in open meeting, or by internet or telephone as set forth on the proxy card, without affecting any vote previously taken. However, your mere presence at the meeting will not operate to revoke your proxy.

The Annual Report of the Corporation, including financial statements for the fiscal year ended June 30, 2003, is being mailed to shareholders with this Proxy Statement. If a single copy of the Annual Report and Proxy Statement was delivered to an address that you share with another shareholder, you may request a separate copy by notifying us in writing or by telephone at: Parker-Hannifin Corporation, Corporate Communications, 6035 Parkland Boulevard, Cleveland, Ohio 44124, (216) 896-3000.

You can elect to view future Parker-Hannifin Corporation Annual Reports and Proxy Statements over the internet, instead of receiving paper copies in the mail. Providing these documents over the internet will save the Corporation the cost of producing and mailing them. If you give your consent, in the future, when, and if, material is available over the internet, you will receive notification which will contain the internet location where the material is available. There is no cost to you for this service other than any charges you may incur from your internet provider, telephone and/or cable company. To give your consent, follow the prompts when you vote by telephone or over the internet or check the appropriate box located at the bottom of the enclosed proxy card when you vote by mail. Once you give your consent, it will remain in effect until you inform us otherwise. If at any time you would like to receive a paper copy of the Annual Report or Proxy Statement, please contact Corporate Communications at the address or telephone number provided above.

The Audit Committee shall prepare the report required by the Securities and Exchange Commission rules to be included in the Corporation's annual proxy statement. The Audit Committee will also assist in other matters as may from time to time be specifically delegated to the Audit Committee by the Board.

While the Audit Committee has the powers and responsibilities set forth in this Charter, it is not the responsibility of the Audit Committee to plan or conduct audits or to determine that the Corporation's financial statements are complete and accurate or are in compliance with generally accepted accounting principles, which is the responsibility of management and the outside auditors.

### Membership

The Audit Committee shall consist of at least three (3) members, each of whom shall meet the independence and financial literacy criteria established for audit committee members under the listing standards and rules of the New York Stock Exchange and the rules and regulations of the Securities and Exchange Commission. At least one member of the Audit Committee shall satisfy the financial expertise requirements set forth in the rules and regulations of the Commission. Each Audit Committee member shall serve on no more than two (2) other audit committees of public companies.

The members and the Chairman of the Audit Committee shall be appointed by the Board (based on nominations made by the Corporation's Nominating and Corporate Governance Committee). Audit Committee members shall serve at the pleasure of the Board and for such term or terms as the Board may determine. Alternate members of the Audit Committee who shall also meet the aforementioned requirements, may, from time to time, be designated by the Board of Directors to take the place of any absent member or members of the Audit Committee.

### Responsibilities and Authorities

The Audit Committee's powers and authorities on behalf of the Board of Directors shall include the following:

- a) Select annually the outside auditors for the Corporation. The Audit Committee has the sole authority and responsibility to select, evaluate and, where appropriate, replace the outside auditors, and approve all audit engagement fees, terms and services. The outside auditors shall report directly to the Audit Committee.
- b) Review with financial management and the outside and internal auditors the proposed auditing programs, their coordination of same, and costs for the ensuing year, including those for non-audit services by the outside auditors, and suggest changes in emphasis or scope as necessary.
- c) Approve all non-audit engagements with the outside auditors, either through express prior review and approval or through the adoption of policies and procedures for engaging the outside auditors to perform non-audit services. Non-audit engagements with the outside auditors shall exclude, in any event, non-audit services prohibited by law.
- d) Ensure the outside auditors prepare and deliver to the Audit Committee annually a formal written statement delineating all relationships between the outside auditors and the Corporation, addressing at least the matters set forth in Independence Standards Board Standard No. 1. Any disclosed relationships that may impact the objectivity and independence of the outside auditors must be discussed with the

- 
- outside auditors. Recommend that the Board of Directors take appropriate action in response to the outside auditors' report to satisfy itself of the auditors' independence.
- e) Obtain from the outside auditors annually a written report describing the firm's internal quality control procedures and any material issues raised by its most recent internal quality control review or peer review or by any inquiry or investigation by governmental or professional authorities within the preceding five years with respect to any independent audits performed by the firm and any steps taken to deal with any such issues.
  - f) The Audit Committee must review (a) major issues regarding accounting principles and financial statement presentations, including any significant changes in the Corporation's selection or application of accounting principles, and any major issues as to the adequacy of the Corporation's internal controls and any special audit steps adopted in the light of material control deficiencies; (b) analyses prepared by management and/or the outside auditors setting forth significant financial reporting issues and judgments made in connection with the presentation of the financial statements, including analyses of the effects of alternative GAAP methods on the financial statements; (c) the effect of regulatory and accounting initiatives, as well as off-balance sheet structures, on the financial statements of the Corporation; and (d) the type and presentation of information to be included in earnings press releases (paying particular attention to any use of "pro forma," or "adjusted" non-GAAP information), as well as review any financial information and earnings guidance provided to analysts and rating agencies.
  - g) Review and discuss with management and the outside auditors the annual audited financial statements, including disclosures made in management's discussion and analysis, and recommend to the Board of Directors whether the audited financial statements should be included in the Corporation's Report on Form 10-K. The review should also cover the development of the Financial Section of the Annual Report to Shareholders, along with an explanation of significant variances from the prior year, accounting issues and estimates and whether management sought a second opinion on a significant accounting issue.
  - h) Review and discuss the Corporation's policies with respect to risk management to assess and manage the Corporation's exposure to risk, and discuss with management the Corporation's major financial risk exposures and the steps management has taken to monitor and control these exposures.
  - i) Review and discuss with management and the outside auditors the quarterly financial statements prior to the filing of its Report on Form 10-Q.
  - j) Obtain from the outside auditors assurance that the audit was conducted in a manner consistent with Section 10A of the Securities Exchange Act of 1934, as amended, which sets forth certain procedures to be followed in any audit of financial statements required under the Securities Exchange Act of 1934.
  - k) Review with the outside and internal auditors their recommendations for improvements to accounting, internal control, adherence to Corporation policies, maintaining independence of audit activity, and assure that appropriate action is taken in response to these recommendations.
  - l) Review and discuss with the outside auditors the matters to be discussed by Statement of Auditing Standards No. 61 relating to the conduct of the audit and their opinion on the quality of the Corporation's accounting principles, as well as the quality of financial and accounting personnel and the internal audit staff, and any difficulties encountered in performing the audit and management's response, including any restrictions on the scope of activities or access to requested information, any disagreements with management and significant issues discussed with the outside auditors' national office. The Audit Committee is to decide all unresolved disagreements between management and the outside auditors regarding financial reporting.
  - m) Review and discuss on a timely basis with the outside auditors the critical accounting policies and practices use, alternative treatments of financial information within generally accepted accounting principles that have been discussed with management, and other material communications between the outside auditors and management, such as any management letter or schedule of unadjusted differences.
  - n) Establish procedures for the receipt, retention and treatment of complaints received by the Corporation regarding accounting, internal accounting controls or auditing matters, including enabling employees to

---

submit concerns confidentially and anonymously regarding questionable accounting or auditing matters, and review management's disclosure of any frauds that involve management or other employees who have a significant role in internal control.

- o) Ensure the rotation of the lead partner having primary responsibility for the audit and the reviewing audit partners of the outside auditors as required by law.
- p) Set clear policies for the Corporation's hiring of employees or former employees of the outside auditors who participated in the audit of the Corporation.
- q) Receive reports, as needed, from the Corporation's Government Contracts Review Board with regard to contract compliance issues, internal or governmental audit findings, and adherence to the Defense Industry Initiatives (DII).
- r) Undertake, or cause to be undertaken, any additional reviews that it deems necessary to answer adequately any questions related to the above matters, and in such regard may retain appropriate professional consultation as desired.
- s) Report, regularly, to the full Board on the above matters.
- t) Prepare any report or other disclosures, including recommendations of the Audit Committee, required by the rules of the Securities and Exchange Commission to be included in the Corporation's annual proxy statement.
- u) To review and reassess the performance of the Audit Committee and the adequacy of this Charter annually and to recommend any proposed changes to the full Board of Directors.

The minutes of each meeting of the Audit Committee shall be sent to the Directors prior to the next succeeding meeting of the Board of Directors.

**PARKER-HANNIFIN CORPORATION 2003 STOCK INCENTIVE PLAN****1. Purpose.**

The 2003 Stock Incentive Plan is intended to help maintain and develop strong management through ownership of Shares of the Corporation by key employees of the Corporation and its Subsidiaries and for recognition of efforts and accomplishments which contribute materially to the success of the Corporation's business interests.

**2. Definitions.**

In this Plan, except where the context otherwise indicates, the following definitions apply:

- (a) "Award" means a Stock Option, a Stock Appreciation Right, Restricted Stock, or a Dividend Equivalent Right.
- (b) "Board" means the Board of Directors of the Corporation.
- (c) "Change in Control" means the occurrence of one of the following events:
  - (i) any "person" (as such term is defined in Section 3(a)(9) of the Exchange Act and as used in Sections 13(d)(3) and 14(d)(2) of the Exchange Act) is or becomes a "beneficial owner" (as defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of securities of the Corporation representing 20% or more of the combined voting power of the Corporation's then outstanding securities eligible to vote for the election of the Board (the "Corporation's Voting Securities"); provided, however, that the event described in this paragraph shall not be deemed to be a Change in Control by virtue of any of the following situations: (A) an acquisition by the Corporation or any Subsidiary; (B) an acquisition by any employee benefit plan sponsored or maintained by the Corporation or any Subsidiary; (C) an acquisition by any underwriter temporarily holding securities pursuant to an offering of such securities; (D) a Non-Control Transaction (as defined in paragraph (iii)); (E) as pertains to an individual Grantee, any acquisition by the Grantee or any group of persons (within the meaning of Sections 13(d)(3) and 14(d)(2) of the Exchange Act) including the Grantee (or any entity in which the Grantee or a group of persons including the Grantee, directly or indirectly, holds a majority of the voting power of such entity's outstanding voting interests); or (F) the acquisition of Corporation Voting Securities from the Corporation, if a majority of the Board approves a resolution providing expressly that the acquisition pursuant to this clause (F) does not constitute a Change in Control under this paragraph (i);
  - (ii) individuals who, at the beginning of any period of twenty-four (24) consecutive months, constitute the Board (the "Incumbent Board") cease for any reason to constitute at least a majority thereof; provided, that (A) any person becoming a director subsequent to the beginning of such twenty-four (24) month period, whose election, or nomination for election, by the Corporation's shareholders was approved by a vote of at least two-thirds of the directors comprising the Incumbent Board who are then on the Board (either by a specific vote or by approval of the proxy statement of the Corporation in which such person is named as a nominee for director, without objection to such nomination) shall be, for purposes of this paragraph (ii), considered as though such person were a member of the Incumbent Board; provided, however, that no individual initially elected or nominated as a director of the Corporation as a result of an actual or threatened election contest with respect to directors or any other actual or threatened solicitation of proxies or consents by or on behalf of any person other than the Board shall be deemed to be a member of the Incumbent Board;
  - (iii) the consummation of a merger, consolidation, share exchange or similar form of corporate reorganization of the Corporation or any Subsidiary that requires the approval of the Corporation's stockholders, whether for such transaction or the issuance of securities in connection with the transaction or otherwise (a "Business Combination"), unless (A) immediately following such Business Combination: (1) more than 50% of the total voting power of the corporation resulting from

such Business Combination (the “Surviving Corporation”) or, if applicable, the ultimate parent corporation which directly or indirectly has beneficial ownership of 100% of the voting securities eligible to elect directors of the Surviving Corporation (the “Parent Corporation”), is represented by Corporation Voting Securities that were outstanding immediately prior to the Business Combination (or, if applicable, shares into which such Corporation Voting Securities were converted pursuant to such Business Combination), and such voting power among the holders thereof is in substantially the same proportion as the voting power of such Corporation Voting Securities among the holders thereof immediately prior to the Business Combination, (2) no person (other than any employee benefit plan sponsored or maintained by the Surviving Corporation or the Parent Corporation) is or becomes the beneficial owner, directly or indirectly, of 20% or more of the total voting power of the outstanding voting securities eligible to elect directors of the Parent Corporation (or, if there is no Parent Corporation, the Surviving Corporation), and (3) at least a majority of the members of the board of directors of the Parent Corporation (or, if there is no Parent Corporation, the Surviving Corporation), following the Business Combination, were members of the Incumbent Board at the time of the Board’s approval of the execution of the initial agreement providing for such Business Combination (a “Non-Control Transaction”) or (B) the Business Combination is effected by means of the acquisition of Corporation Voting Securities from the Corporation, and a majority of the Board approves a resolution providing expressly that such Business Combination does not constitute a Change in Control under this paragraph (iii); or

- (iv) the stockholders of the Corporation approve a plan of complete liquidation or dissolution of the Corporation or the sale or other disposition of all or substantially all of the assets of the Corporation and its Subsidiaries. Notwithstanding the foregoing, a Change in Control shall not be deemed to occur solely because any person acquires beneficial ownership of more than 20% of the Corporation Voting Securities as a result of the acquisition of Corporation Voting Securities by the Corporation which, by reducing the number of Corporation Voting Securities outstanding, increases the percentage of shares beneficially owned by such person; provided, that if a Change in Control would occur as a result of such an acquisition by the Corporation (if not for the operation of this sentence), and after the Corporation’s acquisition such person becomes the beneficial owner of additional Corporation Voting Securities that increases the percentage of outstanding Corporation Voting Securities beneficially owned by such person, a Change in Control shall then occur.

Notwithstanding anything in this Plan to the contrary, if a Grantee’s employment is terminated prior to a Change in Control, and the Grantee reasonably demonstrates that such termination was at the request of a third party who has indicated an intention or taken steps reasonably calculated to effect a Change in Control (a “Third Party”), then for all purposes of this Plan, the date immediately prior to the date of such termination of employment shall be deemed to be the date of a Change in Control for such Grantee.

- (b) All determinations and interpretations pursuant to the provisions of this Plan shall be binding and conclusive upon the individual Employees involved and all persons claiming under them.
- (c) With respect to Insiders, transactions under this Plan are intended to comply with all applicable conditions of Rule 16b-3. Each Award to an Insider under this Plan shall be deemed issued subject to the foregoing qualification.
- (d) Except as otherwise determined by the Committee, an Award under this Plan is not transferable other than by will or the laws of descent and distribution and is not subject, in whole or in part, to attachment, execution, or levy of any kind.

## 5. Awards That May Be Granted.

- (a) The aggregate number of Shares that may be delivered (i) upon the exercise of a Stock Option or SAR; (ii) as Restricted Stock and released from a substantial risk of forfeiture thereof; or (iii) in payment of DERs, subject to adjustment as provided in the Plan, is equal to the sum of (A) 9,000,000; plus (B) the amount of any Shares that are not delivered to an Employee by reason of (1) the expiration, termination, cancellation or forfeiture of an award under the 1993 Program; and (2) the tendering or withholding of Shares to satisfy all or a portion of the exercise price or tax withholding obligations relating to Shares issued or distributed under an award under the 1993 Program.
- (b) The aggregate number of Shares that may be issued upon exercise of ISOs is 3,000,000.
- (c) The aggregate number of Shares of Restricted Stock that may be issued hereunder is 5,000,000.
- (d) To the extent that Shares subject to an outstanding Award are not delivered to a Grantee by reason of the expiration, termination, cancellation or forfeiture of such Award or by reason of the tendering or withholding of Shares to satisfy all or a portion the tax withholding obligations relating to an Award, then such Shares shall not be deemed to have been delivered for purposes of determining the maximum number of Shares available for delivery under the Plan. If the exercise price of any Stock Option granted under the Plan is satisfied by tendering Shares (by actual delivery or attestation), only the number of shares issued to the participant net of the Shares tendered shall be deemed to be delivered for purposes of determining the maximum number of Shares available for delivery under the Plan. When an unexercised Award lapses, expires, terminates or is forfeited, the related Shares may be available for distribution in connection with future Awards. If the benefit provided by any Award is paid in cash, any Shares covered by the Award will be available for distribution in connection with future Awards.
- (e) The assumption of Awards granted by an organization acquired by the Corporation, or the grant of Awards under this Plan in substitution for any such Awards, will not reduce the number of Shares available for the grant of Awards under this Plan.

## 6. Adjustments.

In the event that the Committee shall determine that any (a) stock dividend, stock split, combination of Shares, recapitalization or other change in the capital structure of the Corporation, or (b) merger, consolidation, spin-off, split-off, spin-out, split-up, reorganization, partial or complete liquidation or other distribution of assets, issuance of rights or warrants to purchase securities, or (c) other corporate transaction or event having an effect similar to any of the foregoing affects the Shares of the Corporation such that an adjustment is required in order to preserve the benefits or potential benefits intended to be made available under this Plan, then the Committee shall, in its sole discretion, and in such manner as the Committee may deem equitable, adjust any or all of (i) the number and kind of Shares which thereafter may be the subject of Awards under this Plan, (ii) the number and kind of Shares subject to outstanding Awards, and (iii) the exercise price with respect to any of the foregoing. Moreover, in the event of any such transaction or event, the Committee, in its discretion, may provide in substitution for any or all outstanding Awards under this Plan such alternative consideration as it, in good faith, may determine to be equitable in the circumstances and may require in connection therewith the surrender of all Awards so replaced.

## 7. Stock Options.

- (a) One or more Stock Options may be granted to any eligible Employee. No Employee may be granted Stock Options for more than 1,000,000 Shares in any three-year period. Payment of the exercise price shall be made in cash, Shares, or other consideration, or any combination thereof, in accordance with the terms of this Plan and any applicable regulations of the Committee in effect at the time and valued at Fair Market Value on the date prior to exercise of the Stock Option. All Stock Options granted hereunder shall have a maximum life of no more than ten (10) years from

ISOs may be granted only to Eligible Employees which meet the definition of "employees" under Section 3401(c) of the Code. To the extent that the aggregate Fair Market Value of Shares with respect to which Stock Options designated as ISOs are exercisable for the first time by any Grantee during any year (under all plans of the Corporation and any Subsidiary thereof) exceeds \$100,000, such stock options shall be treated as not being ISOs. ISOs and Awards thereof must comply with all of the requirements of Section 422 of the Code.
- (c) The Committee shall not adjust or amend the exercise price of Stock Options previously awarded to any Grantee, whether through amendment, cancellation and replacement grant, or any other means.
- (d) The Committee may grant reload Stock Options, separately or together with another Stock Option, pursuant to which, subject to the terms and conditions established by the Committee, the Grantee would be granted a new Stock Option when the payment of the exercise price of a previously granted Stock Option is made by the delivery of Shares owned by the Grantee, which new Stock Option would be an option to purchase the number of Shares not exceeding the number of Shares so provided as consideration upon the exercise of the previously granted Stock Option to which such reload Stock Option relates. Reload Stock Options may be granted with respect to Stock Options previously granted under the Plan or any other Stock Option plan of the Corporation. Reload Stock Options shall have a per Share exercise price equal to the Fair Market Value as of the date of grant of the reload Stock Option. Any Reload Option shall be subject to availability of sufficient Shares for grant under the Plan.

- (b) Any Stock Option granted under this Plan may include an SAR, either at the time of the Award or by amendment. An SAR included in a Stock Option shall be subject to such terms and conditions as the Committee shall impose, which shall include provisions that
  - (i) such SAR shall be exercisable to the extent, and only to the extent, the Stock Option is exercisable; and
  - (ii) such SAR shall entitle the Grantee to surrender to the Corporation unexercised the Stock Option in which the SAR is included, or any portion thereof, and to receive from the Corporation in exchange therefor that number of shares having an aggregate value equal to the excess of the Fair Market Value, at the time of exercise of such SAR, of one Share over the exercise price specified in the Award of such Stock Option times the number of Shares specified in the Award of such Stock Option, or portion thereof, which is so surrendered.
- (c) All SARs granted hereunder shall have a maximum life of ten (10) years from the date of issuance of the Award. In no event shall any SAR vest sooner than one (1) year from the date of issuance of the Award except in the event of a Change in Control.
- (d) In lieu of the right to receive all or any specified portion of such Shares, an SAR may entitle the holder thereof to receive the cash equivalent thereof as specified by the Award.

- 
- (e) An SAR may provide that such SAR shall be deemed to have been exercised at the close of business on the business day preceding the expiration of such SAR or the related Stock Option, if any, if at such time such SAR has positive value and would have expired.

## **9. Restricted Stock.**

- (a) An Award of Restricted Stock may be granted hereunder to an eligible Employee for such consideration, if any, as may be required by applicable law. The terms and conditions of Restricted Stock, including the vesting period, shall be specified by the Committee, at its sole discretion, in the Award. In no event shall any Restricted Stock vest sooner than three (3) years from the date of the issuance of the Restricted Stock except, to the extent specified in the Award, (i) in the event of a Change in Control; (ii) upon the death of the Grantee; or (iii) if the Grantee Terminates Normally.
- (b) Any Shares of Restricted Stock issued hereunder may be evidenced in such manner as the Committee in its sole discretion shall deem appropriate, including, without limitation, book-entry registration or issuance of a stock certificate or certificates. In the event any stock certificate is issued in respect of shares of Restricted Stock awarded hereunder, such certificate shall bear an appropriate legend with respect to the restrictions applicable to such award.
- (c) The grant of any Award of Restricted Stock may be conditioned upon the achievement of performance-based criteria. Further, any Award of Restricted Stock may specify performance-based criteria which, if achieved by the Corporation, will result in termination or early termination of the restrictions applicable to such Shares.

## **10. Dividend Equivalent Rights; Interest Equivalents.**

- (a) A DER may be granted hereunder to an eligible Employee, as a component of another Award or as a separate Award. The terms and conditions of DERs shall be specified by the Award. Dividend Equivalents Rights credited to the Grantee of a DER may be paid currently or may be deemed to be reinvested in additional Shares (which may thereafter accrue additional Dividend Equivalents Rights). Any such reinvestment shall be at Fair Market Value at the time thereof. DERs may be settled in cash or Shares or a combination thereof, in a single installment or installments. A DER granted as a component of another Award may provide that such DER shall be settled upon exercise, settlement, or payment of, or lapse of restrictions on, such other Award, and that such DER shall expire or be forfeited or annulled under the same conditions as such other Award. A DER granted as a component of another Award may also contain terms and conditions different from such other Award.
- (b) Any Award under this Plan that is settled in whole or in part in cash on a deferred basis may provide by the Award for interest equivalents to be credited with respect to such cash payment. Interest equivalents may be compounded and shall be paid upon such terms and conditions as may be specified by the Award.

## **11. Deferral of Payment.**

With the approval of the Committee, the delivery of Shares, cash or any combination thereof subject to an award may be deferred, either in the form of installments or a single future delivery. The Committee may also permit or require selected Grantees to defer payment of some or all of their Awards, as well as other compensation, in accordance with procedures established by the Committee to assure that recognition of taxable income is deferred under the Code.

## **12. Termination of Employment.**

If the employment of a Grantee terminates for any reason, all unexercised, deferred and unpaid Awards may be exercisable and paid only as specified in the Award and in accordance with rules established by the Committee. These rules may provide, as the Committee deems appropriate, subject to the terms of the Plan, for the expiration, continuation, or acceleration of the vesting of all or part of the Awards.

### **13. Detrimental Activity.**

The Committee may cancel any unexpired, unpaid or deferred Awards at any time if the Grantee is not in compliance with all applicable provisions of this Plan or with the terms of any notice of Award or if the Grantee engages in Detrimental Activity. The Committee may, in its discretion and as a condition to the exercise of an Award, require a Grantee to acknowledge that he or she is in compliance with all applicable provisions of the Plan and of any notice of Award and has not engaged in any Detrimental Activity. Any Award may provide that if a Grantee, either during employment by the Corporation or within a specified period after termination of such employment, shall engage in any Detrimental Activity, and the Committee shall so find, forthwith upon notice of such finding, the Grantee shall:

- (a) return to the Corporation, in exchange for payment by the Corporation of any amount actually paid therefor by the Grantee, all Shares that the Grantee has not disposed of that were issued pursuant to this Plan within a specified period prior to the date of the commencement of such Detrimental Activity; and
- (b) with respect to any Shares so acquired that the Grantee has disposed of, pay to the Corporation in cash the difference between:
  - (i) any amount actually paid therefor by the Grantee pursuant to this Plan; and
  - (ii) the Fair Market Value of such Share on the date of such acquisition.

To the extent that such amounts are not paid to the Corporation, the Corporation may set off the amounts so payable to it against any amounts that may be owing from time to time by the Corporation to the Grantee, whether as wages, deferred compensation or vacation pay or in the form of any other benefit or for any other reason.

### **14. Change in Control.**

The Committee may in its discretion and upon such terms as it deems appropriate, either in the Award or subsequent thereto, accelerate the date on which any outstanding Stock Option or SAR becomes exercisable or waive the restrictions or other terms and conditions on the vesting of any Restricted Stock in the event of a Change in Control or proposed Change in Control of the Corporation. In addition to the foregoing, the Corporation may, with the approval of the Committee, purchase Stock Options previously granted to any Grantee who is at the time of any such transaction an Employee of the Corporation for a price equal to the difference between the consideration per Share payable pursuant to the terms of the transaction resulting in the Change in Control and the exercise price specified in the Award.

### **15. Substitute Awards.**

The Committee may grant Awards in substitution for, or upon the assumption of, Awards granted by another corporation that is merged into, consolidated with, or all or a substantial part of the assets or stock of which is acquired by the Corporation or a Subsidiary. The terms and provisions of any Awards granted under this Section 15 may vary from the terms and provisions otherwise specified in this Plan and may, instead, correspond to the terms and provisions of the awards granted by the other corporation.

### **16. Amendments to This Plan; Amendments of Outstanding Awards.**

- (a) The Board may from time to time amend or terminate this Plan, or any provision hereof, provided, however, approval of the shareholders of the Corporation will be required to the extent necessary to comply with Rule 16b-3 or any other applicable law, regulation, or stock exchange listing requirement, or to qualify for an exemption or characterization that is deemed desirable by the Board.
- (b) The Committee may, in its discretion, subject to the terms of the Plan, amend the terms of any Award, prospectively or retroactively, but no such amendment may impair the rights of any Grantee without his or her consent. The Committee may, in whole or in part, subject to the terms of the Plan, waive any restrictions or conditions applicable to, or accelerate the vesting of, any Award.

---

## **17. Withholding Taxes.**

The Corporation shall have the right to deduct from any cash payment made under this Plan any federal, state or local income or other taxes required by law to be withheld with respect to such payment. It shall be a condition to the obligation of the Corporation to deliver Shares upon exercise of a Stock Option or SAR, upon settlement of a DER, upon delivery of Restricted Stock, or upon exercise, settlement, or payment of any other Award under this Plan, that the Grantee of such Award pay to the Corporation such amount as may be requested by the Corporation for the purpose of satisfying any liability for such withholding taxes. Any Award under this Plan may provide by the Award that the Grantee of such Award may elect, in accordance with any applicable regulations of the Committee, to pay a portion or all of the amount of such minimum required or additional permitted withholding taxes in shares. The Grantee shall authorize the Corporation to withhold, or shall agree to surrender back to the Corporation, on or about the date such withholding tax liability is determinable, shares previously owned by such Grantee or a portion of the shares that were or otherwise would be distributed to such Grantee pursuant to such Award having a Fair Market Value on the day prior to the date such payment is made equal to the amount of such required or permitted withholding taxes to be paid in Shares.

## **18. Grants of Awards to Employees Who are Foreign Nationals.**

Without amending this Plan, but subject to the limitations specified in Section 16 above, the Committee may grant, amend, administer, annul, or terminate Awards to eligible Employees who are foreign nationals on such terms and conditions different from those specified in this Plan as may in the judgment of the Committee be necessary or desirable to foster and promote achievement of the purposes of this Plan.

## **19. Rights of Employees.**

Nothing in this Plan will confer upon any Grantee the right to continued employment by the Corporation or limit in any way the Corporation's right to terminate any Grantee's employment at will.

## **20. Effective Date.**

This Plan was approved by the Board on August 14, 2003 and will become effective when approved by the shareholders of the Corporation. Upon approval of the Plan by the Shareholders of the Corporation, no further Awards may be made by the Corporation under the 1993 Program.
