PARKER-HANNIFIN CORPORATION
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
Dollars in thousands, except per share amounts

1. Management representation

In the opinion of the management of the Company, the accompanying unaudited consolidated financial statements contain all adjustments (consisting of only normal recurring adjustments) necessary to present fairly the Company's financial position as of September 30, 2018, the results of operations for the three months ended September 30, 2018 and 2017 and cash flows for the three months then ended. These financial statements should be read in conjunction with the consolidated financial statements and related notes included in the Company's 2018 Annual Report on Form 10-K. Interim period results are not necessarily indicative of the results to be expected for the full fiscal year. Certain prior-year amounts have been reclassified to conform to current-year presentation.

The Company has evaluated subsequent events that have occurred through the date these financial statements were issued. No subsequent events have occurred that required adjustment to these financial statements.

2. New accounting pronouncements

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-14, "Compensation--Retirement Benefits--Defined Benefit Plans--General." ASU 2018-14 aims to improve disclosure effectiveness by adding, removing or clarifying certain disclosure requirements related to defined benefit pension or other postretirement plans. ASU 2018-14 is effective for fiscal years ending after December 15, 2020. Early adoption is permitted. The Company has not yet determined the effect that ASU 2018-14 will have on its financial statements.

In August 2018, the FASB issued ASU 2018-13, "Fair Value Measurement." ASU 2018-13 aims to improve disclosure effectiveness by adding, modifying or removing certain disclosure requirements for both recurring and nonrecurring fair value measurements. ASU 2018-13 is effective for fiscal years, and interim periods within those years, beginning after December 15, 2019. Early adoption is permitted upon issuance of the ASU for any removed or modified disclosure. Adoption of additional disclosures may be delayed until their effective dates. The Company has not yet determined the effect that ASU 2018-13 will have on its financial statements.

In February 2018, the FASB issued ASU 2018-02, "Reclassification of Certain Tax Effects from Accumulated Other Comprehensive Income." ASU 2018-02 allows for a reclassification from accumulated other comprehensive income to retained earnings for stranded tax effects resulting from the U.S. Tax Cuts and Jobs Act (TCJ Act) reduction of the U.S. federal corporate income tax rate. The amendments also require certain disclosures about stranded tax effects. ASU 2018-02 is effective for fiscal years, and interim periods within those years, beginning after December 15, 2018. Early adoption is permitted in any period after the issuance of the update. The amendments in this update should be applied either in the period of adoption or retrospectively to each period in which the effect of the change in the U.S. federal corporate income tax rate in the TCJ Act is recognized. The Company has not yet determined the effect that ASU 2018-02 will have on its financial statements.

In August 2017, the FASB issued ASU 2017-12, "Targeted Improvements to Accounting for Hedging Activities." ASU 2017-12 provides targeted improvements to Topic 815 accounting for hedging activities by expanding an entity's ability to hedge non-financial and financial risk components and reduce complexity in fair value hedges of interest rate risk. The guidance eliminates the requirement to separately measure and report hedge ineffectiveness and generally requires the entire change in the fair value of a hedging instrument to be presented in the same income statement line as the hedged item. The guidance also eases certain documentation and assessment requirements and modifies the accounting for components excluded from the assessment of hedge effectiveness. ASU 2017-12 is effective for fiscal years, and interim periods within those years, beginning after December 15, 2018. Early application is permitted in any interim period after issuance of the update. ASU 2017-12 should be applied using a modified retrospective approach for cash flow and net investment hedge relationships that exist on the date of adoption and prospectively for presentation and disclosure requirements. The Company has not yet determined the effect that ASU 2017-12 will have on its financial statements.

In March 2017, the FASB issued ASU 2017-07, "Improving the Presentation of Net Periodic Pension Cost and Net Periodic Postretirement Benefit Cost." ASU 2017-07 requires that an employer report the service cost component in the same line item or items as other compensation costs arising from services rendered by the pertinent employees during the period. The other components of net benefit cost are required to be presented in the income statement separately from the service cost component and outside a subtotal of income from operations, if one is presented. ASU 2017-07 also provides that only the service cost component is eligible for capitalization, when applicable. ASU 2017-07 should be applied retrospectively for the income

statement presentation of net periodic pension cost and net periodic postretirement benefit cost and prospectively, on or after the effective date, for the capitalization of the service cost component of net periodic pension cost and net periodic postretirement benefit cost. On July 1, 2018, the Company retrospectively adopted ASU 2017-07 and reclassified prior-year amounts using a practical expedient that permits the usage of amounts previously disclosed in the retirement benefits note. As a result, \$9,584 and \$4,687 of expense was reclassified from cost of sales and selling, general and administrative expenses, respectively, to other (income) expense for the prior-year quarter.

In October 2016, the FASB issued ASU 2016-16, "Intra-Entity Transfers of Assets Other Than Inventory." ASU 2016-16 provides that an entity should recognize the income tax consequences of an intra-entity transfer of an asset other than inventory when the transfer occurs. Consequently, the amendments in ASU 2016-16 eliminate the exception for an intra-entity transfer of an asset other than inventory. The Company adopted ASU 2016-16 on July 1, 2018 and recorded a cumulative effect adjustment of approximately \$19 million to reduce retained earnings.

In August 2016, the FASB issued ASU 2016-15, "Classification of Certain Cash Receipts and Cash Payments." ASU 2016-15 provides specific guidance on several cash flow classification issues to reduce diversity in practice in how certain transactions are classified within the statement of cash flows. On July 1, 2018, the Company adopted ASU 2016-15 and retrospectively adjusted its Statement of Cash Flows. These retrospective adjustments were not material.

In June 2016, the FASB issued ASU 2016-13, "Measurement of Credit Losses on Financial Instruments." ASU 2016-13 requires a financial asset (or a group of financial assets) measured at amortized cost to be presented at the net amount expected to be collected. The allowance for credit losses is a valuation account that is deducted from the amortized cost basis of the financial asset(s) to present the net carrying value at the amount expected to be collected on the financial asset. Credit losses relating to available-for-sale debt securities should be recorded through an allowance for credit losses. ASU 2016-13 is effective for fiscal years, and interim periods within those years, beginning after December 15, 2019. Early adoption is permitted. The Company has not yet determined the effect that ASU 2016-13 will have on its financial statements.

In February 2016, the FASB issued ASU 2016-02, "Leases." ASU 2016-02 requires lessees to put most leases with terms greater than 12 months on their balance sheet by recognizing a liability to make lease payments and an asset representing their right to use the asset during the lease term. For leases with a term of 12 months or less, a lessee is permitted to make an accounting policy election, by class of underlying asset, not to recognize the corresponding assets and lease liabilities. Lessee recognition, measurement, and presentation of expenses and cash flows will not change significantly from existing guidance and lessor accounting is largely unchanged. ASU 2016-02 also changes the definition of a lease and requires qualitative and quantitative disclosures that provide information about the amount, timing, and uncertainty of cash flows arising from leases. ASU 2016-02 is effective for fiscal years, and interim periods within those years, beginning after December 15, 2018. Early adoption is permitted. Adoption of this ASU is planned for the beginning of the first quarter of fiscal 2020. The Company has not yet determined the effect that ASU 2016-02 will have on its financial statements.

In January 2016, the FASB issued ASU 2016-01, "Recognition and Measurement of Financial Assets and Liabilities." ASU 2016-01 requires equity investments (excluding equity method investments and investments that are consolidated) to be measured at fair value with changes in fair value recognized in net income. Equity investments that do not have a readily determinable fair value may be measured at cost, adjusted for impairment and observable price changes. ASU 2016-01 also simplifies the impairment assessment of equity investments, eliminates the disclosure of the assumptions used to estimate the fair value that is required to be disclosed for financial instruments measured at cost on the balance sheet and requires the exit price to be used when measuring fair value of financial instruments for disclosure purposes. Under ASU 2016-01, changes in fair value (resulting from instrument-specific credit risk) are presented separately in other comprehensive income for liabilities measured using the fair value option. Financial assets and liabilities are presented separately by measurement category and type, either on the balance sheet or in the financial statement disclosures. The Company adopted ASU 2016-01 on July 1, 2018 and reclassified approximately \$2 million of unrealized gains from accumulated other comprehensive (loss) to retained earnings.

In May 2014, the FASB issued ASU 2014-09, "Revenues with Contracts with Customers." ASU 2014-09 requires revenue recognition to depict the transfer of goods or services to customers in an amount that reflects the consideration that a company expects to be entitled to in exchange for the goods or services. To achieve this principle, a company must apply five steps including identifying the contract with a customer, identifying the performance obligations in the contract, determining the transaction price, allocating the transaction price to the performance obligations, and recognizing revenue when (or as) the company satisfies the performance obligation. The Company adopted ASU 2014-09 on July 1, 2018 using the modified retrospective method and recorded a cumulative effect adjustment to increase retained earnings by approximately \$5 million. See Note 3 for further discussion.

3. Revenue recognition

Revenue is derived primarily from the sale of products in a variety of mobile, industrial and aerospace markets. Revenues are recognized when control of the promised goods or services in a contract (i.e., performance obligations) are transferred to the customer. Control is transferred when the customer has the ability to direct the use of and obtain the benefits from the goods or services. A majority of the Company's revenues are recognized at a point in time when control is transferred to the customer, which is generally at the time of shipment. However, a portion of the Company's revenues are recognized over time if the customer simultaneously receives control as the Company performs work under a contract, if the customer controls the asset as it is being produced, or if the product being produced for the customer has no alternative use and the Company has a contractual right to payment. For contracts recognized over time, the Company uses the cost-to-cost, efforts expended or units of delivery method depending on the nature of the contract, including length of production time.

A contract's transaction price is allocated to each distinct performance obligation. When there are multiple performance obligations within a contract, the transaction price is allocated to each performance obligation based on its standalone selling price. The primary method used to estimate a standalone selling price is the price observed in standalone sales to customers of the same product or service. Revenue is recognized when the appropriate revenue recognition criteria for the individual performance obligations have been satisfied.

The Company considers the contractual consideration payable by the customer and assesses variable consideration that may affect the total transaction price. Variable consideration primarily includes prompt pay discounts, rebates and volume discounts and is included in the estimated transaction price when there is a basis to reasonably estimate the amount, including whether the estimate should be constrained in order to avoid a significant reversal of revenue in a future period. These estimates are based on historical experience, anticipated performance under the terms of the contract and the Company's best judgment at the time.

Payment terms vary by customer and the geographical location of the customer. The time between when revenue is recognized and payment is due is not significant. The Company's contracts with customers generally do not include significant financing components or noncash consideration.

Taxes collected from customers and remitted to governmental authorities are excluded from revenue. Shipping and handling costs are treated as fulfillment costs and are included in cost of sales. The costs to obtain a contract where the amortization period for the related asset is one year or less are expensed as incurred.

There is generally no unilateral right to return products. The Company primarily offers an assurance-type standard warranty that the product will conform to certain specifications for a defined period of time or period of usage after delivery. This type of warranty does not represent a separate performance obligation.

Disaggregation of revenue

Revenue from contracts with customers is disaggregated by technology platforms for the Diversified Industrial Segment, by product platforms for the Aerospace Systems Segment and by geographic location for the total Company.

The Diversified Industrial Segment is an aggregation of several business units, which manufacture motion-control and fluid power system components for builders and users of various type of manufacturing, packaging, processing, transportation, agricultural, construction, and military vehicles and equipment. Contracts consist of individual purchase orders for standard product, blanket purchase orders and production contracts. Blanket purchase orders are often associated with individual purchase orders and have terms and conditions which are subject to a master supply or distributor agreement. Individual production contracts, some of which may include multiple performance obligations, are typically for products to be manufactured to the customer's specifications. Revenue in the Diversified Industrial Segment is typically recognized at the time of product shipment, but a portion of revenue may be recognized over time for installation services or in situations where the product being manufactured has no alternative use and the Company has an enforceable right to payment.

Diversified Industrial Segment revenues by technology platform:

	Three Months Ended
	September 30, 2018
Motion Systems	\$ 859,573
Flow and Process Control	1,061,064
Filtration and Engineered Materials	994,173
Total	<u>\$ 2,914,810</u>

The Aerospace Systems Segment produces hydraulic, fuel, pneumatic and electro-mechanical systems and components, which are utilized on virtually every domestic commercial, military and general aviation aircraft and which also perform a vital role in naval vessels and land-based weapon systems. Contracts generally consist of blanket purchase orders and individual long-term production contracts. Blanket purchase orders, which have terms and conditions subject to long-term supply agreements, are typically associated with individual purchase orders. Revenue in the Aerospace Systems Segment is typically recognized at the time of product shipment, but a portion of revenue may be recognized over time in situations where the customer controls the asset as it is being produced or the product being manufactured has no alternative use and the Company has an enforceable right to payment.

The majority of revenues from the Aerospace Systems Segment is generated from sales to customers within North America.

Contract balances

Contract assets and contract liabilities are reported on a contract-by-contract basis. Contract assets reflect revenue recognized and performance obligations satisfied in advance of customer billing. Contract liabilities relate to payments received in advance of the satisfaction of performance under the contract. Payments from customers are received based on the terms established in the contract with the customer.

Total contract liabilities	(63,055)
Net contract (liabilities)	\$ (44,323)

During the three months ended September 30, 2018, net contract liabilities increased \$27 million from July 1, 2018 net contract liabilities of \$17 million. The increase in net contract liabilities was primarily due to advance payments from customers exceeding revenue recognized during the period. During the three months ended September 30, 2018, approximately \$8 million of revenue was recognized that was included in the contract liabilities at July 1, 2018.

Remaining performance obligations

The Company's backlog represents written firm orders from a customer to deliver products and, in the case of blanket purchase orders, only includes the portion of the order for which a schedule or release has been agreed to with the customer. The Company believes its backlog represents its unsatisfied or partially unsatisfied performance obligations. Backlog at September 30, 2018 was \$4,090 million, of which approximately 92 percent is expected to be recognized as revenue within the next 12 months and the balance thereafter.

Adoption of ASU 2014-09

On July 1, 2018, the Company adopted ASU 2014-09 using the modified retrospective approach. The provisions of ASU 2014-09 were applied only to contracts that were not completed as of July 1, 2018. Comparative prior-period financial information has not been restated and continues to be reported under the accounting standards in effect for the comparative prior-year period.

The cumulative effect of the changes made to the Company's Consolidated Balance Sheet as of July 1, 2018 related to the adoption of ASU 2014-09 is as follows:

	Balance as of June 30, 2018	Cumulative Effect of Adjustments	Balance as of July 1, 2018

Equity:

The adoption of ASU 2014-09 had an immaterial impact on the Company's net sales, results of operations and financial position for the three months ended September 30, 2018.

4. Earnings per share

The following table presents a reconciliation of the numerator and denominator of basic and diluted earnings per share for the three months ended September 30, 2018 and 2017.

	Three Months Ended

For the three months ended September 30, 2018 and 2017, 732,095 and 603,884 common shares subject to equity-based awards, respectively, were excluded from the computation of diluted earnings per share because the effect of their exercise would be anti-dilutive.

5. Share repurchase program

The Company has a program to repurchase its common shares. On October 22, 2014, the Board of Directors of the Company approved an increase in the overall number of shares authorized for repurchase under the program so that, beginning on such date, the aggregate number of shares authorized for repurchase was 35 million. There is no limitation on the number of shares that can be repurchased in a fiscal year. There is no expiration date for this program. Repurchases may be funded primarily from operating cash flows and commercial paper borrowings and the shares are initially held as treasury shares. During the three-month period ended September 30, 2018, the Company repurchased 293,941 shares at an average price, including commissions, of \$170.10 per share.

6. Trade accounts receivable, net

Trade accounts receivable are initially recorded at their net collectible amount and are generally recorded at the time the revenue from the sales transaction is recorded. Receivables are written off to bad debt primarily when, in the judgment of the Company, the receivable is deemed to be uncollectible due to the insolvency of the debtor. Allowance for doubtful accounts was \$9,755 and \$9,672 at September 30, 2018 and June 30, 2018, respectively.

The business realignment charges primarily consist of severance costs related to actions taken under the Company's simplification initiative aimed at reducing organizational and process complexity, as well as plant closures, with the majority of the charges incurred in Europe and North America. The Company believes the realignment actions will positively impact future results of operations but will not have a material effect on liquidity and sources and uses of capital.

The business realignment charges and acquisition integration costs are presented in the Consolidated Statement of Income as follows:

	Three Months Ended September 30,	
	2018	2017
Cost of sales	\$ 4,399	\$ 9,115

Severance payments relating to prior-year business realignment and acquisition integration actions are being made as required. Remaining severance payments related to current-year and prior-year business realignment actions of approximately \$24 million are primarily reflected within the other accrued liabilities caption in the Consolidated Balance Sheet. Additional charges may be recognized in future periods related to the business realignment and acquisition integration actions described above, the timing and amount of which are not known at this time.

The acquisition line represents the original goodwill allocation during the measurement period subsequent to the applicable acquisition date.

Intangible assets are amortized on the straight-line method over their legal or estimated useful lives. The following summarizes the gross carrying value and accumulated amortization for each major category of intangible assets:

	September 30, 2018		June 30, 2018	
	Gross Carrying Amount	Accumulated Amortization	Gross Carrying Amount	Accumulated Amortization

Total intangible amortization expense for the three months ended September 30, 2018 was \$53,489. The estimated amortization expense for the five years ending June 30, 2019 through 2023 is \$196,984, \$186,587, \$181,969, \$176,074 and \$168,554, respectively.

Intangible assets are evaluated for impairment whenever events or circumstances indicate that the undiscounted net cash flows to be generated by their use over their expected useful lives and eventual disposition may be less than their net carrying value. No such events or circumstances occurred during the three months ended September 30, 2018.

12. Retirement benefits

Net pension benefit cost recognized included the following components:

	Three Months Ended September 30,	
	2018	2017
Service cost	\$ 20,509	\$ 23,058
Interest cost	39,866	35,686

Amortization of net actuarial loss	29,293	38,682
Amortization of initial net obligation	4	5
Net pension benefit cost	\$ 28,443	\$ 36,359

During the three months ended September 30, 2018 and 2017, the Company recognized \$650 and \$1,089, respectively, in expense related to other postretirement benefits. Components of net pension benefit cost and other postretirement benefit cost, other than service cost, are included in other (income) expense, net in the Consolidated Statement of Income.

In September 2018, the Company made a discretionary \$200 million cash contribution to its domestic qualified defined benefit plan.

13. Income taxes

On December 22, 2017, the TCJ Act was enacted into law. The TCJ Act significantly reforms the Internal Revenue Code of 1986, as amended, by among other things, establishing a flat corporate income tax rate of 21 percent and creating a territorial tax system (with a one-time transition tax imposed on previously undistributed foreign earnings and profits).

The Securities and Exchange Commission staff issued Staff Accounting Bulletin (SAB) 118, which provides guidance on accounting for the tax effects of the TCJ Act. SAB 118 provides a measurement period that should not extend beyond one year from the TCJ Act's enactment date for companies to complete the applicable accounting under Topic 740. In accordance with SAB 118, and based on the information available, the Company has recorded provisional amounts for the remeasurement of deferred tax balances and related valuation allowances, the one-time transition tax and the repatriation of undistributed foreign earnings. The Company did not record any adjustments to these provisional amounts during the three months ended September 30, 2018.

During the period ended September 30, 2018, the Company made the accounting policy election to treat taxes related to Global Intangible Low-Taxed Income as a current period expense when incurred.

The Company and its subsidiaries file income tax returns in the United States and in various foreign jurisdictions. In the normal course of business, the Company is subject to examination by taxing authorities throughout the world. The Company is open to assessment of its federal income tax returns by the U.S. Internal Revenue Service for fiscal years after 2011, and its state and local returns for fiscal years after 2012. The Company is also open to assessment for foreign jurisdictions for fiscal years after 2009. Unrecognized tax benefits reflect the difference between positions taken or expected to be taken on income tax returns and the amounts reflected in the financial statements.

As of September 30, 2018, the Company had gross unrecognized tax benefits of \$151,098. The total amount of gross unrecognized tax benefits that, if recognized, would affect the effective tax rate was \$151,098. The accrued interest related to the gross unrecognized tax benefits, excluded from the amounts above, is \$22,618. It is reasonably possible that within the next 12 months the amount of gross unrecognized tax benefits could be reduced by up to approximately \$120,000 as a result of the revaluation of existing uncertain tax positions arising from developments in the examination process or the closure of tax statutes. Any increase in the amount of gross unrecognized tax benefits within the next 12 months is expected to be insignificant.

14. Financial instruments

The Company's financial instruments consist primarily of cash and cash equivalents, marketable securities and other investments, accounts receivable and long-term investments as well as obligations under accounts payable, trade, notes payable and long-term debt. Due to their short-term nature, the carrying values for cash and cash equivalents, accounts receivable, accounts payable, trade and notes payable approximate fair value.

Marketable securities and other investments include deposits, equity investments and available-for-sale debt securities. Deposits are recorded at cost, and equity investments and available-for-sale debt securities are recorded at fair value. Changes in fair value related to available-for-sale debt securities are recorded in accumulated other comprehensive (loss). Upon the adoption of ASU 2016-01 on July 1, 2018, changes in fair value of equity investments are recognized in net income. Prior to the adoption of ASU 2016-01, these changes in fair value were recognized in accumulated other comprehensive (loss).

Gross unrealized gains and losses related to both equity investments and available-for-sale debt securities were not material as of September 30, 2018 and June 30, 2018. There were no facts or circumstances that indicated the unrealized losses were other than temporary.

The contractual maturities of available-for-sale debt securities were predominantly one to three years at September 30, 2018 and June 30, 2018. Actual maturities of available-for-sale debt securities may differ from their contractual maturities as the Company has the ability to liquidate the available-for-sale debt securities after giving appropriate notice to the issuer.

The carrying value of long-term debt and estimated fair value of long-term debt are as follows:

	September 30, 2018	June 30, 2018
Carrying value of long-term debt	\$ 4,354,050	\$ 4,460,402
Estimated fair value of long-term debt	4,399,405	4,548,796

The fair value of long-term debt is classified within level 2 of the fair value hierarchy.

The Company utilizes derivative and non-derivative financial instruments, including forward exchange contracts, costless collar contracts, cross-currency swap contracts and certain foreign denominated debt designated as net investment hedges, to manage foreign currency transaction and translation risk. The derivative financial instrument contracts are with major investment grade financial institutions and the Company does not anticipate any material non-performance by any of the counterparties. The Company does not hold or issue derivative financial instruments for trading purposes.

The Company's €700 million aggregate principal amount of Senior Notes due 2025 have been designated as a hedge of the Company's net investment in certain foreign subsidiaries. The translation of the Senior Notes due 2025 into U.S. dollars is recorded in accumulated other comprehensive (loss) and remains there until the underlying net investment is sold or substantially liquidated.

Derivative financial instruments are recognized on the Consolidated Balance Sheet as either assets or liabilities and are measured at fair value.

The location and fair value of derivative financial instruments reported in the Consolidated Balance Sheet are as follows:

	Balance Sheet Caption	September 30, 2018	June 30, 2018
Net investment hedges			
Cross-currency swap contracts	Other assets	\$ 9,598	\$ 7,614
Cash flow hedges			
Costless collar contracts	Non-trade and notes receivable	1,125	932
Costless collar contracts	Other accrued liabilities	2,777	236

The cross-currency swap and costless collar contracts are reflected on a gross basis in the Consolidated Balance Sheet. The Company has not entered into any master netting arrangements.

Gains or losses on derivatives that are not hedges are adjusted to fair value through the cost of sales caption in the Consolidated Statement of Income. Gains or losses on derivatives that are hedges are adjusted to fair value through accumulated other comprehensive (loss) in the Consolidated Balance Sheet until the hedged item is recognized in earnings.

The cross-currency swap contracts have been designated as hedging instruments. The costless collar contracts have not been designated as hedging instruments and are considered to be economic hedges of forecasted transactions.

Gains or losses on derivative financial instruments that were recorded in the Consolidated Statement of Income for the three months ended September 30, 2018 and 2017 were not material.

Gain (losses) on derivative and non-derivative financial instruments that were recorded in accumulated other comprehensive (loss) in the Consolidated Balance Sheet are as follows:

	Three Months Ended September 30,	
	2018	2017
Cross-currency swap contracts	\$ 1,920	\$ (6,574)
Foreign denominated debt	4,127	(16,834)

There was no ineffectiveness of the cross-currency swap contracts or foreign denominated debt, nor was any portion of these financial instruments excluded from the effectiveness testing, during the three months ended September 30, 2018 and 2017.

A summary of financial assets and liabilities that were measured at fair value on a recurring basis at September 30, 2018 and June 30, 2018 are as follows:

Derivatives	14,110	—	14,110	—
Investments measured at net asset value	7,208			
Liabilities:				
Derivatives	5,315	—	5,315	—

The fair values of the equity securities, corporate bonds and asset-backed and mortgage-backed securities are determined using the closing market price reported in the active market in which the fund is traded or the market price for similar assets that are traded in an active market.

Derivatives consist of forward exchange, costless collar and cross-currency swap contracts, the fair values of which are calculated using market observable inputs including both spot and forward prices for the same underlying currencies. The calculation of fair value of the cross-currency swap contracts also utilizes a present value cash flow model that has been adjusted to reflect the credit risk of either the Company or the counterparty.

Investments measured at net asset value primarily consist of investments in fixed income mutual funds, which are measured at fair value using the net asset value per share practical expedient. These investments have not been categorized in the fair value hierarchy. The Company has the ability to liquidate these investments after giving appropriate notice to the issuer.

The primary investment objective for all investments is the preservation of principal and liquidity while earning income.

There are no other financial assets or financial liabilities that are marked to market on a recurring basis. Fair values are transferred between levels of the fair value hierarchy when facts and circumstances indicate that a change in the method of estimating the fair value of a financial asset or financial liability is warranted.

PARKER-HANNIFIN CORPORATION
FORM 10-Q
ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF
FINANCIAL CONDITION AND RESULTS OF OPERATIONS
FOR THE THREE MONTHS ENDED SEPTEMBER 30, 2018
AND COMPARABLE PERIOD ENDED SEPTEMBER 30, 2017

OVERVIEW

The Company is a leading worldwide diversified manufacturer of motion and control technologies and systems, providing precision engineered solutions for a wide variety of mobile, industrial and aerospace markets.

The Company's order rates provide a near-term perspective of the Company's outlook particularly when viewed in the context of prior and future order rates. The Company publishes its order rates on a quarterly basis. The lead time between the time an order is received and revenue is realized generally ranges from one day to 12 weeks for mobile and industrial orders and from one day to 18 months for aerospace orders. The Company believes the leading economic indicators of these markets that have a strong correlation to the Company's future order rates are as follows:

- Purchasing Managers Index (PMI) on manufacturing activity specific to regions around the world with respect to most mobile and industrial markets;
- Global aircraft miles flown and global revenue passenger miles for commercial aerospace markets and Department of Defense spending for military aerospace markets; and
- Housing starts with respect to the North American residential air conditioning market and certain mobile construction markets.

A PMI above 50 indicates that the manufacturing activity specific to a region of the world in the mobile and industrial markets is expanding. A PMI below 50 indicates the opposite. Recent PMI levels for some regions around the world were as follows:

	September 30, 2018	June 30, 2018	September 30, 2017
United States	59.8	60.2	60.8
Eurozone countries	53.2	54.9	58.1
China	50.0	51.0	51.0
Brazil	50.9	49.8	50.9

Global aircraft miles flown increased by approximately six percent, and available revenue passenger miles increased by approximately seven percent from their comparable fiscal 2018 levels. The Company anticipates that U.S. Department of Defense spending with regard to appropriations and operations and maintenance for the U.S. Government's fiscal year 2019 will be approximately nine percent higher than the comparable fiscal 2018 level.

Housing starts in September 2018 were approximately four percent higher than housing starts in September 2017 and approximately two percent higher than housing starts in June 2018.

The Company believes many opportunities for profitable growth are available. The Company intends to focus primarily on business opportunities in the areas of energy, water, food, environment, defense, life sciences, infrastructure and transportation. The Company believes it can meet its strategic objectives by:

- Serving the customer and continuously enhancing its experience with the Company;

- Engineering innovative systems and products to provide superior customer value through improved service, efficiency and productivity;
- Delivering products, systems and services that have demonstrable savings to customers and are priced by the value they deliver;
- Acquiring strategic businesses;
- Organizing around targeted regions, technologies and markets;
- Driving efficiency by implementing lean enterprise principles; and
- Creating a culture of empowerment through its values, inclusion and diversity, accountability and teamwork.

Acquisitions will be considered from time to time to the extent there is a strong strategic fit, while at the same time maintaining the Company's strong financial position. In addition, the Company will continue to assess its existing businesses and initiate efforts to divest businesses that are not considered to be a good long-term strategic fit for the Company. Future business divestitures could have a negative effect on the Company's results of operations.

The discussion below is structured to separately discuss the Consolidated Statement of Income, Results by Business Segment, Consolidated Balance Sheet and Consolidated Statement of Cash Flows.

CONSOLIDATED STATEMENT OF INCOME

(dollars in millions)	Three Months Ended September 30,	
	2018	2017
Net sales	\$ 3,479.3	\$ 3,364.7
Gross profit margin	25.4%	25.0%
Selling, general and administrative expenses	\$ 394.3	\$ 397.0
Selling, general and administrative expenses, as a percent of sales	11.3%	11.8%
Interest expense	\$ 44.3	\$ 53.6
Other (income) expense, net	\$ (13.9)	\$ 16.5
Effective tax rate	18.2%	23.7%
Net income	\$ 375.9	\$ 285.5
Net income, as a percent of sales	10.8%	8.5%

Net sales for the current-year quarter increased compared to the prior-year quarter primarily due to higher sales in the Diversified Industrial North American businesses and the Aerospace Systems Segment. The effect of currency rate changes decreased net sales by approximately \$57 million in the current-year quarter (\$52 million of which was attributable to the Diversified Industrial International businesses).

Gross profit margin (calculated as net sales minus cost of sales, divided by net sales) increased in the current-year quarter primarily due to higher margins in the Aerospace Systems Segment driven by increased aftermarket and original equipment manufacturer (OEM) volume and profitability. Diversified Industrial Segment margins remained flat as higher margins in the Diversified Industrial International businesses were offset by lower margins in the Diversified Industrial North American businesses. Cost of sales for the current-year quarter and prior-year quarter also included business realignment charges and acquisition integration costs of \$4.4 million and \$9.1 million, respectively.

Selling, general and administrative expenses decreased for the current-year quarter primarily due to the benefits from prior-year restructuring activities and the Company's simplification initiative as well as lower incentive compensation expense. Selling, general and administrative expenses for the current-year quarter also reflected higher expense associated with the Company's deferred compensation programs, higher stock compensation expense and higher professional fees than the prior-year quarter. Selling, general and administrative expenses for the current-year quarter and prior-year quarter also included business realignment charges and acquisition integration costs of \$4.2 million and \$4.9 million, respectively.

Interest expense for the current-year quarter decreased from the prior-year quarter due to lower average debt outstanding and lower average interest rates.

Other (income) expense, net included the following:

(dollars in millions)	Three Months Ended September 30,	
	2018	2017
Expense (income)		
Income related to equity method investments	\$ (22.8)	\$ (6.9)
Non-service components of retirement benefit cost	8.5	14.3
Sale of investment	—	13.8
Other items, net	0.4	(4.7)
	<u>\$ (13.9)</u>	<u>\$ 16.5</u>

Effective tax rate for the current-year quarter was lower than the prior-year quarter primarily due to the reduced U.S. income tax rate resulting from enactment of the TCJ Act, partially offset by the repeal of the U.S. Manufacturing deduction and a net decrease in discrete tax benefits. The Company expects the fiscal 2019 effective tax rate will be approximately 23 percent.

RESULTS BY BUSINESS SEGMENT

Diversified Industrial Segment

(dollars in millions)	Three Months Ended September 30,	
	2018	2017
Net sales		
North America	\$ 1,681.0	\$ 1,594.7
International	1,233.8	1,238.8
Operating income		
North America	275.1	256.0
International	\$ 206.1	\$ 191.8
Operating margin		
North America	16.4%	16.1%
International	16.7%	15.5%
Backlog	\$ 2,168.2	\$ 1,986.9

The Diversified Industrial Segment operations experienced the following percentage changes in net sales in the current-year period versus the comparable prior-year period:

	Three Months Ended September 30, 2018
	Three Months
Diversified Industrial North America – as reported	5.4 %
Divestitures	(0.5)%
Currency	(0.3)%
Diversified Industrial North America – without divestitures and currency	6.2 %
Diversified Industrial International – as reported	(0.4)%
Divestitures	(0.9)%
Currency	(4.1)%
Diversified Industrial International – without divestitures and currency	4.6 %
Total Diversified Industrial Segment – as reported	2.9 %
Divestitures	(0.6)%
Currency	(2.0)%
Total Diversified Industrial Segment – without divestitures and currency	5.5 %

The above presentation reconciles the percentage changes in net sales of the Diversified Industrial Segment reported in accordance with U.S. GAAP to percentage changes in net sales adjusted to remove the effects of divestitures made within the prior four fiscal quarters as well as the effects of currency exchange rates (a non-GAAP measure). The effects of divestitures and currency exchange rates are removed to allow investors and the Company to meaningfully evaluate the percentage changes in net sales on a comparable basis from period to period.

Excluding the effects of divestitures and changes in currency exchange rates, Diversified Industrial North American sales increased for the current-year quarter primarily due to higher demand from distributors and end-users in the engines, construction equipment, heavy-duty truck, refrigeration and industrial machinery markets, partially offset by lower demand from end users in the semiconductor, machine tool and oil and gas markets.

Excluding the effects of divestitures and changes in currency exchange rates, Diversified Industrial International sales for the current-year quarter increased primarily due to higher volume in all regions. The Asia Pacific region accounted for approximately 50 percent of the increase in sales for the current year-quarter, and Europe and Latin America each contributed approximately 25 percent. Within the Asia Pacific region, the increase in sales in the current-year quarter was primarily experienced from distributors and end users in the construction equipment market, partially offset by lower end-user demand in the cars and lights trucks and engines markets. Within Europe, end users in the heavy-truck, construction equipment, and telecommunications markets experienced the largest increase in sales during the current-year quarter, which was partially offset by lower end-user demand in the cars and lights trucks and industrial machinery markets. The increase in sales in Latin America was primarily due to higher demand from distributors and end users in the construction equipment and mining markets.

Operating margins in both the Diversified Industrial North American and International businesses for the current-year quarter increased due to higher sales volume and lower operating expenses resulting from prior-year restructuring activities and the Company's simplification initiative. In both businesses these benefits were partially offset by inefficiencies created by manufacturing facility consolidations.

The following business realignment expenses and acquisition integration costs are included in Diversified Industrial North American and Diversified Industrial International operating income:

(dollars in millions)	Three Months Ended September 30,	
	2018	2017
Diversified Industrial North America	\$ 4.8	\$ 10.1
Diversified Industrial International	3.8	3.2

The business realignment charges primarily consist of severance costs related to actions taken under the Company's simplification initiative implemented by operating units throughout the world as well as plant closures. The majority of the Diversified Industrial International business realignment charges were incurred in Europe. The Company anticipates that cost savings realized from the work force reduction measures taken in the current-year quarter will not materially impact operating income in fiscal 2019 or fiscal 2020. Acquisition integration costs primarily relate to the integration of the fiscal 2017 acquisition of CLARCOR Inc. and are primarily incurred in the Diversified Industrial North American businesses. The Company expects to continue to take the actions necessary to structure appropriately the operations of the Diversified Industrial Segment. Such actions are expected to result in approximately \$26 million of additional business realignment charges and acquisition integration costs in the remainder of fiscal 2019.

Diversified Industrial Segment backlog increased from the prior-year quarter primarily due to orders exceeding shipments in both the Diversified Industrial North American and International businesses. Within the International businesses, backlog within the Asia Pacific region represented the entire amount of the increase from the prior-year quarter. Diversified Industrial Segment backlog remained sequentially flat compared to the June 30, 2018 amount of \$2,167.2 million due to orders exceeding shipments in the North American businesses offset by shipments exceeding orders in the International businesses. Within the International businesses, shipments exceeding orders in Europe were partially offset by orders exceeding shipments in the Asia Pacific region. Backlog consists of written firm orders from a customer to deliver products and, in the case of blanket purchase orders, only includes the portion of the order for which a schedule or release date has been agreed to with the customer. The dollar value of backlog is equal to the amount that is expected to be billed to the customer and reported as a sale. The Company anticipates Diversified Industrial North American sales for fiscal 2019 will increase between 2.6 percent and 5.6 percent from their fiscal 2018 level, and Diversified Industrial International sales for fiscal 2019 will decrease between 3.7 percent and 0.7 percent from their fiscal 2018 level. Diversified Industrial North American operating margins in fiscal 2019 are expected to range from 16.4 percent to 17.2 percent, and Diversified Industrial International operating margins in fiscal 2019 are expected to range from 15.5 percent to 15.9 percent.

Aerospace Systems Segment

(dollars in millions)	Three Months Ended March 31,	
	2018	2017
Net sales	\$ 564.5	\$ 531.2
Operating income	\$ 109.9	\$ 77.4
Operating margin	19.5%	14.6%
Backlog	\$ 1,921.7	\$ 1,816.4

The increase in net sales in the Aerospace Systems Segment for the current-year quarter was primarily due to higher volume in the commercial and military OEM businesses as well as the commercial and military aftermarket businesses. The higher operating margin for the current-year quarter was primarily due to higher OEM and aftermarket volume and profitability, higher joint venture earnings and lower engineering and development costs. Operating margins in the current-year quarter also benefited from the absence of unfavorable contract settlements that occurred in the prior-year quarter.

The increase in backlog from the prior-year quarter is due to orders exceeding shipments within the commercial OEM and commercial and military aftermarket businesses, partially offset by shipments exceeding orders in the military OEM business. The decrease in backlog from the June 30, 2018 amount of \$1,954.0 million is primarily due to shipments exceeding orders in the commercial and military OEM businesses, partially offset by orders exceeding shipments in the commercial and military aftermarket businesses. Backlog consists of written firm orders from a customer to deliver products and, in the case of blanket purchase orders, only includes the portion of the order for which a schedule or release date has been agreed to with the customer. The dollar value of backlog is equal to the amount that is expected to be billed to the customer and reported as a sale. For fiscal 2019, sales are expected to increase between 3.6 percent and 5.6 percent from the fiscal 2018 level and operating margins are expected to range from 18.1 percent to 18.5 percent. A higher concentration of commercial OEM volume in future product mix and higher than expected new product development costs could result in lower margins.

Corporate general and administrative expenses

Corporate general and administrative expenses were \$50.3 million in the current-year quarter compared to \$41.4 million in the comparable prior-year quarter. As a percent of sales, corporate general and administrative expenses were 1.4 percent in the current-year quarter and 1.2 percent in the prior-year quarter. The primary drivers for the change in corporate general and administrative expenses between the current-year quarter and prior-year quarter were higher expenses associated with the Company's deferred compensation program and an increase in professional fees, partially offset by lower incentive compensation expense.

Other expense (in the Results By Business Segment) included the following:

(dollars in millions)	Three Months Ended September 30,	
	2018	2017
Expense (income)		
Foreign currency transaction	\$ 3.5	\$ 3.6
Stock-based compensation	28.5	25.9
Pensions	5.3	8.5
Sale of investment	—	13.8
Other items, net	(0.6)	4.2
	<u>\$ 36.7</u>	<u>\$ 56.0</u>

Foreign currency transaction primarily relates to the impact of changes in foreign exchange rates on cash, marketable securities and other investments and intercompany transactions.

CONSOLIDATED BALANCE SHEET

(dollars in millions)	September 30, 2018	June 30, 2018
Cash	\$ 992.9	\$ 855.1
Trade accounts receivable, net	2,065.2	2,145.5
Inventories	1,762.6	1,621.3
Shareholders' equity	6,101.4	5,859.9
Working capital	1,989.6	1,887.8
Current ratio	1.60	1.59

Cash (comprised of cash and cash equivalents and marketable securities and other investments) includes \$938 million and \$836 million held by the Company's foreign subsidiaries at September 30, 2018 and June 30, 2018, respectively. As a result of the TCJ Act, the prior worldwide tax system was replaced by a territorial tax system, which generally allows companies to repatriate future foreign source earnings without incurring additional U.S. federal taxes. However, other U.S. or foreign taxes may be incurred should cash be distributed between the Company's subsidiaries. The Company has determined it will no longer permanently reinvest certain foreign earnings. All other undistributed foreign earnings remain permanently reinvested.

Trade accounts receivable, net are receivables due from customers for sales of product. Days sales outstanding relating to trade accounts receivable was 54 days at September 30, 2018, and 51 days at June 30, 2018. The Company believes that its receivables are collectible and appropriate allowances for doubtful accounts have been recorded.

Inventories as of September 30, 2018 increased \$141 million due to an increase in inventories in both the Diversified Industrial and Aerospace Systems Segments, partially offset by a decrease of \$9 million related to the effect of foreign currency translation. Within the Diversified Industrial Segment, approximately 60 percent of the increase in inventories occurred in the Diversified Industrial North American businesses, and approximately 40 percent of the increase occurred in the Diversified Industrial International businesses. Days supply of inventory was 76 days at September 30, 2018, 64 days at June 30, 2018 and 77 days at September 30, 2017.

Shareholders' equity activity during the current year quarter included a decrease of approximately \$50 million as a result of share repurchases and a decrease of approximately \$35 million as a result of foreign currency translation.

CONSOLIDATED STATEMENT OF CASH FLOWS

(dollars in millions)	Three Months Ended September 30,	
	2018	2017
Cash provided by (used in):		
Operating activities	\$ 159.4	\$ 238.0
Investing activities	(15.1)	(117.3)
Financing activities	(7.2)	(135.4)
Effect of exchange rates	(7.1)	4.6
Net increase (decrease) in cash and cash equivalents	\$ 130.0	\$ (10.1)

Cash flows from operating activities for the current year quarter was lower than the prior-year quarter primarily due to a \$200 million discretionary cash contribution to the Company's domestic qualified defined benefit plan, partially offset by an increase in net income and cash provided by working capital items. The Company continues to focus on managing its inventory and other working capital requirements.

Cash flows from investing activities includes net maturities (purchases) of marketable securities and other investments of \$11 million and \$(58) million in the current-year and prior-year quarter, respectively.

Cash flows from financing activities for the current-year quarter included net commercial paper borrowings of \$259 million compared to net borrowings of \$35 million in the prior-year quarter. During the current-year quarter, the Company also repaid \$100 million of long-term debt. Cash flows from financing activities included repurchase activity under the Company's share repurchase program. The Company repurchased 0.3 million common shares for \$50 million in both the current-year and prior-year quarter.

The Company's goal is to have no less than an "A" rating on senior debt to ensure availability and reasonable cost of external funds. In periods following significant capital deployment, including for share repurchases or acquisitions, certain of the ratings assigned to the Company's senior debt may be, and at September 30, 2018 was, lower than the stated goal. The Company does not presently believe that its ability to borrow funds in the future at desirable tenors and affordable interest rates will be impacted if certain of its ratings are temporarily below an "A" level at the time of such borrowings. At September 30, 2018, the long-term credit ratings assigned to the Company's senior debt securities by the credit rating agencies engaged by the Company were as follows:

Fitch Ratings	A-
Moody's Investor Services, Inc.	Baa1
Standard & Poor's	A

At September 30, 2018, the Company had a line of credit totaling \$2,000 million through a multi-currency revolving credit agreement with a group of banks, \$1,205 million of which was available. The credit agreement expires in October 2021; however, the Company has the right to request a one-year extension of the expiration date on an annual basis, which request may result in changes to the current terms and conditions of the credit agreement. Advances from the credit agreement can be used for general corporate purposes, including acquisitions, and for the refinancing of existing indebtedness. The credit agreement requires the payment of an annual facility fee, the amount of which may increase in the event the Company's credit ratings are lowered. Although a lowering of the Company's credit ratings would likely increase the cost of future debt, it would not limit the Company's ability to use the credit agreement nor would it accelerate the repayment of any outstanding borrowings.

As of September 30, 2018, the Company was authorized to sell up to \$2,000 million of short-term commercial paper notes. As of September 30, 2018, \$795 million of commercial paper notes were outstanding, and the largest amount of commercial paper notes outstanding during the current-year quarter was \$881 million.

The Company's credit agreements and indentures governing certain debt securities contain various covenants, the violation of which would limit or preclude the use of the credit agreements for future borrowings, or might accelerate the maturity of the related outstanding borrowings covered by the indentures. Based on the Company's rating level at September 30, 2018, the most restrictive financial covenant provides that the ratio of debt to debt-shareholders' equity cannot exceed .60 to 1.0. At September 30, 2018, the Company's debt to debt-shareholders' equity ratio was .46 to 1.0. The Company is in compliance with all covenants and expects to remain in compliance during the term of the credit agreements and indentures.

FORWARD-LOOKING STATEMENTS

Forward-looking statements contained in this and other written and oral reports are made based on known events and circumstances at the time of release, and as such, are subject in the future to unforeseen uncertainties and risks. All statements regarding future performance, earnings projections, events or developments are forward-looking statements. It is possible that the future performance and earnings projections of the Company, including its individual segments, may differ materially from current expectations, depending on economic conditions within its mobile, industrial and aerospace markets, and the Company's ability to maintain and achieve anticipated benefits associated with announced realignment activities, strategic initiatives to improve operating margins, actions taken to combat the effects of the current economic environment, and growth, innovation and global diversification initiatives. Additionally, the actual impact of the TCJ Act may affect future performance and earnings projections as the amounts reflected in this period are preliminary estimates and exact amounts will not be determined until a later date, and there may be other judicial or regulatory interpretations of the TCJ Act that may also affect these estimates and the actual impact on the Company. A change in the economic conditions in individual markets may have a particularly volatile effect on segment performance.

Among other factors which may affect future performance are:

- changes in business relationships with and purchases by or from major customers, suppliers or distributors, including delays or cancellations in shipments;
- disputes regarding contract terms or significant changes in financial condition, changes in contract cost and revenue estimates for new development programs, and changes in product mix;
- ability to identify acceptable strategic acquisition targets; uncertainties surrounding timing, successful completion or integration of acquisitions and similar transactions, including the integration of CLARCOR Inc.; ability to successfully divest businesses planned for divestiture and realize the anticipated benefits of such divestitures;
- the determination to undertake business realignment activities and the expected costs thereof and, if undertaken, the ability to complete such activities and realize the anticipated cost savings from such activities;
- ability to implement successfully the capital allocation initiatives, including timing, price and execution of share repurchases;
- availability, limitations or cost increases of raw materials, component products and/or commodities that cannot be recovered in product pricing;
- ability to manage costs related to insurance and employee retirement and health care benefits;
- compliance costs associated with environmental laws and regulations;
- potential labor disruptions;
- threats associated with and efforts to combat terrorism and cyber-security risks;
- uncertainties surrounding the ultimate resolution of outstanding legal proceedings, including the outcome of any appeals;
- global competitive market conditions, including global reactions to U.S. trade policies, and resulting effects on sales and pricing; and
- global economic factors, including manufacturing activity, air travel trends, currency exchange rates, difficulties entering new markets and general economic conditions such as inflation, deflation, interest rates and credit availability.

The Company makes these statements as of the date of this disclosure, and undertakes no obligation to update them unless otherwise required by law.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

The Company manages foreign currency transaction and translation risk by utilizing derivative and non-derivative financial instruments, including forward exchange contracts, costless collar contracts, cross-currency swap contracts and certain foreign denominated debt designated as net investment hedges. The derivative financial instrument contracts are with major investment grade financial institutions and the Company does not anticipate any material non-performance by any of the counterparties. The Company does not hold or issue derivative financial instruments for trading purposes.

Derivative financial instruments are recognized on the Consolidated Balance Sheet as either assets or liabilities and are measured at fair value. Further information on the fair value of these contracts is provided in Note 14 to the Consolidated Financial Statements. Gains or losses on derivatives that are not hedges are adjusted to fair value through the Consolidated Statement of Income. Gains or losses on derivatives that are hedges are adjusted to fair value through accumulated other comprehensive (loss) in the Consolidated Balance Sheet until the hedged item is recognized in earnings. The translation of the foreign denominated debt that has been designated as a net investment hedge is recorded in accumulated other comprehensive (loss) and remains there until the underlying net investment is sold or substantially liquidated.

The Company's debt portfolio contains variable rate debt, inherently exposing the Company to interest rate risk. The Company's objective is to maintain a 60/40 mix between fixed rate and variable rate debt thereby limiting its exposure to changes in near-term interest rates.

ITEM 4. CONTROLS AND PROCEDURES

The Company carried out an evaluation, under the supervision and with the participation of the Company's management, including the Company's principal executive officer and principal financial officer, of the effectiveness of the Company's disclosure controls and procedures as of September 30, 2018. Based on this evaluation, the Company's principal executive officer and principal financial officer concluded that, as of September 30, 2018, the Company's disclosure controls and procedures were effective.

There was no change in the Company's internal control over financial reporting during the quarter ended September 30, 2018 that materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting.

Revised October 2007
Amended October 26, 2016
Amended October 24, 2018

Article I. Meetings of Shareholders (amended October 26, 2016 and October 24, 2018; amendments are attached)

Section 1. Annual Meeting.

The annual meeting of shareholders for the election of Directors, the consideration of reports to be laid before the meeting, and the transaction of such other business may properly be brought before the meeting shall be held on the fourth Wednesday in October of each year or on such other day during the fourth month following the end of the fiscal year of the Corporation, at such time during business hours and at such place, either within or without the State of Ohio, as may be designated by the Board of Directors and specified in the notice of such meeting.

Section 2. Special Meetings.

Special meetings of shareholders may be held on any business day, when called by the Chairman of the Board, the President, or, in case of the President's absence, death or disability, the Vice President authorized to exercise the authority of the President, the Board of Directors acting at a meeting, a majority of the Directors acting without a meeting, or the persons who hold twenty-five per cent of all the shares outstanding and entitled to vote thereat. Upon request in writing delivered either in person or by registered mail to the President or the Secretary by any persons entitled to call a meeting of shareholders, such officer shall forthwith cause to be given to the shareholders entitled thereto notice of a meeting to be held on a date not less than ten nor more than sixty days after receipt of the request, as such officer may fix. If such notice is not given within thirty days after the delivery or mailing, the persons calling the meeting may fix the time of the meeting and give notice thereof in the manner provided by law or as provided in these Regulations, or cause such notice to be given by any designated representative. Each special meeting shall be called to convene between 10:00 A.M. and 2:30 P.M. and shall be held at the principal office of the Corporation, unless the meeting is called by the Directors, acting with or without a meeting, in which case such meeting may be held at any place either within or without the State of Ohio, designated by the Board of Directors and specified in the notice of such meeting.

Section 3. Notice of Meeting.

Not less than ten nor more than sixty days before the date fixed for a meeting of shareholders, written notice stating the time, place and purposes of such meeting shall be given by or at the direction of the Secretary, or an Assistant Secretary, or any other person or persons required or

permitted by these Regulations to give such notice. The notice shall be given by personal delivery or by mail to each shareholder entitled to notice of the meeting who is of record as of the day next preceding the day on which notice is given or, if a record date therefore is duly fixed, of record as of said date. If mailed, such notice shall be addressed to the shareholders at their respective addresses as they appear on the records of the Corporation.

Section 4. Quorum; Adjournment.

Except as may be otherwise provided by law or the Articles of Incorporation, at any meeting of shareholders the shareholders present in person or by proxy shall constitute a quorum for such meeting, but no action required by law, the Articles of Incorporation, or these Regulations to be authorized or taken by the holders of a designated proportion of the shares of any particular class or of each class may be authorized or taken by a lesser proportion. The holders of a majority of the voting shares represented at a meeting, whether or not a quorum is present, may adjourn such meeting from time to time. If any meeting is adjourned, notice of such adjournment need not be given if the time and place to which such meeting is adjourned are fixed and announced at such meeting.

Article II. Board of Directors

Section 1. Number of Directors; Election; Term of Office.

The members of the Board of Directors shall be elected at each annual meeting of shareholders, and each Director shall hold office until the next annual meeting of shareholders and until his or her successor is elected, or until his or her earlier resignation, removal from office or death, provided that each Director elected prior to the Corporation's 2008 annual meeting of shareholders for a term that is to expire after the 2008 annual meeting of shareholders shall serve the entire term for which he or she was elected and until his or her successor is elected, or until his or her earlier resignation, removal from office or death. The number of Directors, which shall not be less than three, may be fixed or changed (a) at any meeting of shareholders called to elect Directors at which a quorum is present, by the affirmative vote of the holders of a majority of the shares represented at the meeting and entitled to vote on the proposal, or (b) by the Directors at any meeting of the Board of Directors by the vote of a majority of the Directors then in office.

Section 2. Directors Elected by Holders of Serial Preferred Stock. The provisions of Section 1 shall not apply to any Directors elected by the holders of Serial Preferred Stock of all series voting separately as a class in the event of default in the payment of the equivalent of six quarterly dividends (whether or not consecutive) on any outstanding series of Serial Preferred Stock. Any such Directors shall be elected to serve until the next annual meeting of shareholders and until their respective successors are elected, or until such default is cured, whichever occurs first.

Section 3. Vacancies.

In the event of the occurrence of any vacancy or vacancies in the Board of Directors, however caused, the Directors then in office, though less than a majority of the whole authorized number of Directors, may, by vote of a majority of their number, fill any such vacancy for the unexpired term.

Section 4. Meetings of Directors.

Meetings of Directors may be called by the Chairman of the Board, or the President, or twenty-five percent or more of the Directors then in office. Such meetings may be held at any place within or without the State of Ohio, and may be held through any communications equipment if all persons participating can hear each other. Participation in a meeting of Directors held through communications equipment pursuant to this Section 4 of Article II shall constitute presence at such meeting. Written notice of the time and place of each meeting of Directors shall be given to each Director by personal delivery, or by mail, telegram, or cablegram at least two days before the meeting, which notice need not specify the purposes of the meeting. Notice of adjournment of a meeting of Directors need not be given if the time and place to which it is adjourned are fixed and announced at such meeting.

Section 5. Quorum.

A majority of the Directors in office shall constitute a quorum for any meeting of Directors; provided that a majority of the Directors present at a meeting duly held, whether or not a quorum is present, may adjourn such meeting from time to time. The act of a majority of the Directors present at a meeting at which a quorum is present is the act of the Board of Directors.

Article III. Committees

The Board of Directors may at any time appoint from its members an Executive, Audit, or other committee or committees, consisting of such number of members, not less than three, as the Board of Directors may deem advisable, together with such alternates as the Board of Directors may deem advisable to take the place of any absent member or members at any meeting of such committee. Each member and each alternate shall hold office during the pleasure of the Board of Directors. Any committee shall act only in the intervals between meetings of the Board of Directors and shall have such authority of the Board of Directors, however conferred, as may, from time to time, be delegated by the Board of Directors, other than that of filling vacancies in the Board of Directors or in any committee thereof. Each committee shall keep a written record of all actions taken by it. Unless otherwise ordered by the Board of Directors, any such committee may prescribe its own rules for calling and holding meetings, including meetings by means of communications equipment, and for its own methods of procedure, and may act by a majority of its members at a meeting or without a meeting by a writing or writings signed by all of its members.

Shareholders shall not be permitted to propose business to be brought before a special meeting of shareholders pursuant to this Article I, Section 5(a). Only the person or persons calling a special meeting of shareholders pursuant to Article I, Section 2 may properly bring business before a special meeting of shareholders; *provided* that business may be brought before a special meeting of shareholders by or at the direction of the Board of Directors, whether or not the Board of Directors has called the special meeting pursuant Article I, Section 2.

(C) a representation (1) that the Proposing Person is a holder of record or beneficial owner of shares of the Corporation entitled to vote at the annual meeting of shareholders (provided that if the Proposing Person is not a holder of record of shares of the Corporation, such Proposing Person shall submit to the Corporation a written statement from the holder of record of its shares of the Corporation verifying that, at the time it delivered written notice pursuant to Article I, Section 5(b), it had continually held such shares for at least one year) and intends to appear at the annual meeting (either in person or by agent) to bring such business before the annual meeting and (2) as to whether the Proposing Person intends to deliver a proxy statement and form of proxy related to an applicable proposal to holders of at least the percentage of shares of the Corporation entitled to vote and required to approve the proposal and, if so, identifying such person;

(G) any material pending or threatened legal proceeding involving the Corporation, any affiliate of the Corporation or any of their respective directors or officers, to which such Proposing Person or its affiliates is a party;

(H) any rights directly or indirectly held of record or beneficially by the Proposing Person to dividends on the shares of the Corporation that are separated or separable from the underlying shares of the Corporation;

(I) any equity interests, including any convertible, derivative or short interests, in any principal competitor of the Corporation;

(J) any performance-related fees (other than an asset-based fee) to which the Proposing Person or any affiliate or immediate family member of the Proposing Person may be entitled as a result of any increase or decrease in the value of shares of the Corporation or Derivative Interests; and

(K) any other information relating to such Proposing Person that would be required to be disclosed in a proxy statement or other filing required pursuant to Section 14(a) of the Exchange Act, or any successor provision, to be made in connection with a general solicitation of proxies or consents by such Proposing Person in support of the business proposed to be brought before the meeting.

(ii) Information Regarding the Proposal: As to each item of business that the shareholder giving the notice proposes to bring before an annual meeting of shareholders:

(A) a description in reasonable detail of the business desired to be brought before the annual meeting of shareholders and the reasons why such shareholder or any other Proposing Person believes that the taking of the action or actions proposed to be taken would be in the best interests of the Corporation and its shareholders;

(B) a description in reasonable detail of any material interest of any Proposing Person in such business and a description in reasonable detail of all agreements, arrangements and understandings among Proposing Persons or between any Proposing Person and any other person or entity (including their names) in connection with such business; and

(C) the text of any proposal (including the text of any resolutions proposed for consideration) that the shareholder intends to present at the annual meeting.

(c) No Right to Have Proposal Included. A shareholder is not entitled to have a proposal included in the Corporation’s proxy statement and form of proxy solely as a result of such shareholder’s compliance with the provisions of this Article I, Section 5.

(d) Requirement to Attend Annual Meeting. If a shareholder does not appear at the annual meeting of shareholders to present its proposal (either in person or by agent), the Board of Directors may direct that the proposal not be presented (notwithstanding that proxies in respect of such proposal may have been solicited, obtained or delivered).

Section 6. Notice of Director Nominations.

(a) General Nomination of Directors. Subject to the rights, if any, of any series of Serial Preferred Stock to nominate or elect Directors, only persons who are nominated by or at the direction of the Board of Directors or in accordance with the procedures set forth in this Article I, Section 6 or in Article I, Section 8 will be eligible to serve as Directors. Excluding nominations by or at the direction of the Board of Directors or nominations made pursuant to Article I, Section 8 (which governs nominations to be included in the Corporation’s Proxy Materials (as defined in Article I, Section 8(a) below)), all nominations of persons for election as Directors may be made only at an annual meeting of shareholders or a special meeting of shareholders called for the purpose of electing Directors, and, if by a shareholder, only by a shareholder who (i) has complied with all applicable requirements of this Article I, Section 6 and Article I, Section 7 in relation to such nomination, (ii) was a shareholder of record of the Corporation at the time of giving the notice required by Article I, Section 7(b) and is a shareholder of record of the Corporation at the time of the meeting, and (iii) is entitled to vote at the meeting.

(i) Information Regarding the Nominating Person. As to each Nominating Person (as such term is defined in Article I, Section 7(d)(iii)), the information set forth in Article I, Section 5(b)(i) (except that for purposes of this Section 6, the term “Nominating Person” will be substituted for the term “Proposing Person” in all places where it appears in Article I, Section 5(b)(i) and any reference to “business” or “proposal” therein will be deemed to be a reference to the nomination contemplated by this Article I, Section 6).

(ii) Information Regarding the Nominee: As to each person whom the Nominating Person proposes to nominate for election as a Director:

(A) all information with respect to such proposed nominee that would be required to be set forth in a shareholder’s notice pursuant to Article I, Section 5(b)(i) if such proposed nominee were a Nominating Person;

(B) all information relating to such proposed nominee that would be required to be disclosed in a proxy statement or other filing required pursuant to Section 14(a) under the Exchange Act, or any successor provision, to be made in connection with a general solicitation of proxies for an election of Directors in a contested election (including such proposed nominee’s written consent to be named in the proxy statement as a nominee and to serve as a Director if elected);

(C) a reasonably detailed description of all direct and indirect compensation and other material monetary agreements, arrangements or understandings during the past three years, any other material relationships, between or among any Nominating Person and its affiliates and associates, or others acting in concert therewith, on the one hand, and each proposed nominee and his or her affiliates, associates or others acting in concert therewith, on the other hand, including all information that would be required to be disclosed pursuant to Items 403 and 404 under Regulation S-K, or any successor provision, if the shareholder giving the notice or any other Nominating Person were the “registrant” for purposes of such rule and the proposed nominee were a director or executive officer of such registrant;

(D) a completed questionnaire (in the form provided by the Secretary of the Corporation upon written request) with respect to the identity, background and qualification of the proposed nominee and the background of any other person or entity on whose behalf the nomination is being made;

(E) a written representation and agreement (in the form provided by the Secretary of the Corporation upon written request) that the proposed nominee (1) is not and will not become a party to (x) any agreement, arrangement or understanding with, and has not given any commitment or assurance to, any person or entity as to how the proposed nominee, if elected as a Director, will act or vote on any issue or question (a “**Voting Commitment**”) that has not been disclosed to the Corporation or (y) any Voting Commitment that could limit or interfere with the proposed nominee’s ability to comply, if elected as a Director, with the proposed nominee’s fiduciary duties under applicable law, (2) is not and will not become a party to any agreement, arrangement or understanding with any person or entity other than the Corporation with respect to any direct or indirect compensation, reimbursement or indemnification in connection with service or action as a Director that has not been disclosed therein, and (3) if elected as a Director, the proposed nominee would be in compliance and will comply, with all applicable publicly disclosed corporate governance, ethics, conflict of interest, confidentiality and share ownership and trading policies and guidelines of the Corporation.

The Corporation may require any proposed nominee to furnish such other information as may be reasonably required by the Corporation to determine the qualifications and eligibility of such proposed nominee to serve as a Director.

(c) No Right to Have Nominees Included. Except as provided by, and subject to compliance with Article I, Section 8, a shareholder is not entitled to have nominees included in the Corporation’s proxy statement solely as a result of such shareholder’s compliance with the foregoing provisions of this Article I, Section 6.

(d) Requirement to Attend Meeting. If a shareholder does not appear at the meeting of shareholders to present its nomination, the Board of Directors may direct that such nominee will not stand for election at such meeting (notwithstanding that proxies in respect of such nomination may have been solicited, obtained or delivered).

Section 7. Additional Provisions Relating to the Notice of Shareholder Business and Director Nominations.

(a) Timely Notice.

(i) If it relates to an annual meeting of shareholders, to be timely, a shareholder's notice required by Article I, Section 5(b) or Article I, Section 6(b) must be delivered to or mailed and received by the Secretary of the Corporation at the principal executive offices of the Corporation not less than 30 nor more than 60 calendar days prior to the first anniversary of the date on which the Corporation held the preceding year's annual meeting of shareholders; provided that if the date of the annual meeting of shareholders is scheduled for a date more than 30 calendar days prior to or more than 60 calendar days after the anniversary of the preceding year's annual meeting of shareholders, notice by the shareholder to be timely must be so delivered not later than the close of business on the later of the 30th calendar day prior to such annual meeting and the tenth calendar day following the day on which public disclosure of the date of such meeting is first made. In no event will a recess or adjournment of an annual meeting of shareholders (or any announcement of any such recess or adjournment) commence a new time period (or extend any time period) for the giving of a shareholder's notice as described above. Notwithstanding the foregoing, in the event the number of Directors to be elected at the annual meeting of shareholders is increased by the Board of Directors, and there is no public announcement by the Corporation naming the nominees for the additional Directors at least 60 calendar days prior to the first anniversary of the date on which the Corporation held the preceding year's annual meeting of shareholders, a shareholder's notice pursuant to Article I, Section 6(b) will be considered timely, but only with respect to nominees for the additional directorships, if it is delivered to or mailed and received by the Secretary of the Corporation at the principal executive offices of the Corporation not later than the close of business on the tenth calendar day following the day on which such public announcement is first made by the Corporation.

(ii) If it relates to a special meeting of shareholders that is called for the purpose of electing Directors, to be timely, a shareholder's notice required by Article I, Section 6(b) must be delivered to or mailed and received by the Secretary of the Corporation at the principal executive offices of the Corporation promptly after the public disclosure of the date of the meeting and in no event later than five business days after the date of any such public disclosure.

(b) Updating Information in Notice. A shareholder providing notice of business proposed to be brought before a meeting of shareholders pursuant to Article I, Section 5 or notice of any nomination to be made at a meeting of shareholders pursuant to Article I, Section 6 must further update and supplement such notice, if necessary, so that the information provided or required to be provided in such notice pursuant to Article I, Section 5 or Article I, Section 6, as applicable, is true and correct at all times up to and including the date of the meeting (including any date to which the meeting is recessed, adjourned or postponed). Any such update and supplement must be delivered to, or mailed and received by, the Secretary of the Corporation at the principal executive offices of the Corporation, as promptly as practicable.

(c) Determinations of Form, Etc. The presiding officer of any meeting of shareholders will, if the facts warrant, determine that business was not brought in accordance with the procedures prescribed by Article I, Section 5 and this Article I, Section 7 or that a nomination was not made in accordance with the procedures prescribed by Article I, Section 6 and this Article I, Section 7, and if he or she should so determine, he or she will so declare to the meeting and the business or nomination, as applicable, will be disregarded.

(d) Certain Definitions.

(i) For purposes of Article I, Sections 6 and 7, "**public disclosure**" or "**publicly disclosed**" means disclosure in a press release reported by the Dow Jones News Service, Bloomberg, Associated Press or comparable national news service or in a document filed by the Corporation with the Securities and Exchange Commission pursuant to Exchange Act or furnished by the Corporation to shareholders.

(ii) For purposes of Article I, Section 5, "**Proposing Person**" means (A) the shareholder providing the notice of business proposed to be brought before an annual meeting of shareholders, (B) the beneficial owner or beneficial owners of shares of the Corporation, if different, on whose behalf the notice of the business proposed to be brought before the annual meeting of shareholders is given and (C) any "affiliate" or "associate" (each within the meaning of Rule 12b-2 under the Exchange Act, or any successor provision) of such shareholder or beneficial owner.

(iii) For purposes of Section Article I, Section 6, "**Nominating Person**" means (A) the shareholder providing the notice of the nomination proposed to be made at an annual meeting of shareholders or at a special meeting of shareholders called for the purpose of electing Directors, (B) the beneficial owner or beneficial owners of shares of the Corporation, if different, on whose behalf the notice of nomination proposed to be made at the annual meeting of shareholders or at a special meeting of shareholders called for the purpose of electing Directors is given and (C) any "affiliate" or "associate" (each within the meaning of Rule 12b-2 under the Exchange Act, or any successor provision) of such shareholder or beneficial owner.

Section 8. Inclusion of Director Nominations by Shareholders in the Corporation's Proxy Materials.

(a) Subject to the terms and conditions set forth in these Regulations (including the provisions of Article I, Section 6 concerning the general nomination of Directors by shareholders), the Corporation shall include in its proxy statement and form of proxy (hereinafter, the “**Proxy Materials**”) for an annual meeting of shareholders for the election of Directors, in addition to the persons selected and recommended for election by the Board of Directors or any committee thereof, the name, together with the Required Information (as defined Article I, Section 8(c) below), of any person nominated for election (the “**Proxy Access Shareholder Nominee**”) to the Board of Directors by one or more shareholders that satisfies the notice, ownership and other requirements of this Article I, Section 8 (such shareholder or group of shareholders, the “**Eligible Shareholder**”).

(b) To nominate a Proxy Access Shareholder Nominee, the Eligible Shareholder must provide a written notice that expressly elects to have its Proxy Access Shareholder Nominee included in the Proxy Materials pursuant to this Article I, Section 8 (the “**Notice of Proxy Access Nomination**”). To be timely, the Notice of Proxy Access Nomination must be delivered to the Secretary of the Corporation at the principal executive office of the Corporation not less than 120, nor more than 150, calendar days prior to the anniversary of the date that the Corporation mailed its proxy statement for the prior year’s annual meeting of shareholders (the last day on which a Notice of Proxy Access Nomination may be delivered, the “**Final Proxy Access Nomination Date**”); provided, however, that if (and only if) there was no annual meeting in the preceding year or the date of the annual meeting is advanced more than 30 calendar days prior to, or delayed by more than 30 calendar days after the anniversary of the preceding year’s annual meeting, to be timely, notice by the Eligible Shareholder must be so delivered not less than 120, nor more than 150, calendar days prior to the date of such annual meeting or, if the first public announcement of the date is less than 130 calendar days prior to the date of such annual meeting, by the 10th calendar day following the day on which such public announcement is made. In addition to the other requirements set forth in this Article I, Section 8, the Notice of Proxy Access Nomination must include the name and address of the Eligible Shareholder (including each shareholder and beneficial owner whose share ownership is counted for the purposes of qualifying as an Eligible Shareholder).

(c) For purposes of this Article I, Section 8, the “**Required Information**” that the Corporation will include in the Proxy Materials is (i) the information concerning the Proxy Access Shareholder Nominee and the Eligible Shareholder that the Corporation determines is required to be disclosed in the Proxy Materials under the Exchange Act; and (ii) if the Eligible Shareholder so elects, a Statement (as defined in Article I, Section 8(h) below). Nothing in this Article I, Section 8 shall limit the Corporation’s ability to solicit against and include in the Proxy Materials its own statements relating to any Proxy Access Shareholder Nominee.

(d) The maximum number of Proxy Access Shareholder Nominees (including Proxy Access Shareholder Nominees that were submitted by Eligible Shareholders for inclusion in the Proxy Materials pursuant to this Article I, Section 8 but either are subsequently withdrawn or that the Board of Directors decides to select and recommend as Director nominees under Article I, Section 6 of these Regulations) that may appear in the Proxy Materials with respect to an annual meeting of shareholders shall not exceed the greater of (i) two or (ii) 20% of the number of Directors in office as of the Final Proxy Access Nomination Date (or if such number is not a whole number, the closest whole number below 20%) (the “**Permitted Number**”); provided, however, that the Permitted Number shall be reduced by the number of incumbent Directors who had been a Proxy Access Shareholder Nominee with respect to any of the preceding two annual meetings of shareholders and whose reelection at the upcoming annual meeting is being recommended by the Board of Directors; provided, further, that in the event that one or more vacancies for any reason occurs on the Board of Directors at any time after the Final Proxy Access Nomination Date and before the date of the applicable annual meeting of shareholders and the Board of Directors reduces the size of the Board of Directors in connection therewith, the Permitted Number shall be calculated based on the number of Directors in office as so reduced. In the event that the number of Proxy Access Shareholder Nominees submitted by Eligible Shareholders pursuant to this Article I, Section 8 exceeds the Permitted Number, each Eligible Shareholder will select one Proxy Access Shareholder Nominee for inclusion in the Proxy Materials until the Permitted Number is reached, with preference provided based on the number (largest to smallest) of shares owned by each Eligible Shareholder as disclosed in each Notice of Proxy Access Nomination. If the Permitted Number is not reached after each Eligible Shareholder has selected one Proxy Access Shareholder Nominee, this selection process will continue as many times as necessary, following the same order each time, until the Permitted Number is reached.

(e) An Eligible Shareholder is one or more shareholders who owns and has owned, or is or are acting on behalf of one or more beneficial owners who own and have owned (as defined in Article I, Section 8(f) below), for at least three years as of the date the Notice of Proxy Access Nomination is received by the Corporation, shares representing at least 3% of the shares of the Corporation outstanding as of the most recent date for which such number is disclosed by the Corporation in any filing by the Corporation with the Securities and Exchange Commission prior to submission of the Notice of Proxy Access Nomination (the “**Required Shares**”), and who continue to own the Required Shares at all times between the date the Notice of Proxy Access Nomination is received by the Corporation and the date of the applicable annual meeting of shareholders, provided that the aggregate number of such shareholders and beneficial owners shall not exceed 20. Two or more funds that are (i) under common management and investment control, (ii) under common management and funded primarily by a single employer or (iii) a “group of investment companies,” as such term is defined in Section 12(d)(1)(G)(ii) of the Investment Company Act of 1940, as amended (such funds together under each of (i), (ii) or (iii) comprising a “**Qualifying Fund**”) shall be treated as one shareholder for the purpose of determining the aggregate number of

shareholders in this Article I, Section 8(e), and treated as one person for the purpose of determining ownership in Article I, Section 8(f), provided that each fund comprising a Qualifying Fund otherwise meets the requirements set forth in this Article I, Section 8. No shareholder or beneficial owner may be a member of more than one group constituting an Eligible Shareholder under this Article I, Section 8. Should any shareholder or beneficial owner withdraw from a group of Eligible Shareholders at any time prior to the annual meeting of shareholders, the group of Eligible Shareholders shall only be deemed to own the shares held by the remaining members of the group.

(f) For purposes of calculating the Required Shares, “ownership” shall be deemed to consist of and include only the outstanding shares as to which a person possesses both (i) the full voting and investment rights pertaining to the shares and (ii) the full economic interest in (including the opportunity for profit and risk of loss on) such shares; provided that the ownership of shares calculated in accordance with clauses (i) and (ii) shall not include any shares (A) that a person has sold in any transaction that has not been settled or closed, (B) that a person has borrowed or purchased pursuant to an agreement to resell or (C) subject to any option, warrant, forward contract, swap, contract of sale, other derivative or similar agreement entered into by a person, whether any such instrument or agreement is to be settled with shares or with cash based on the notional amount or value of shares, in any such case which instrument or agreement has, or is intended to have, the purpose or effect of (1) reducing in any manner, to any extent or at any time in the future, the person’s full right to vote or direct the voting of any such shares, or (2) hedging, offsetting or altering to any degree gain or loss arising from the full economic ownership of such person’s shares. Ownership shall include shares held in the name of a nominee or other intermediary so long as the person claiming ownership of such shares retains the right to instruct how the shares are voted with respect to the election of Directors and possesses the full economic interest in the shares, provided that this provision shall not alter the obligations of any shareholder to provide the Notice of Proxy Access Nomination. Ownership of shares shall be deemed to continue during any period in which shares have been loaned if the person claiming ownership has the power to recall such loaned shares on five business days’ notice and the person recalls the loaned shares within five business days of being notified that its Proxy Access Shareholder Nominee will be included in the Proxy Materials for the applicable annual meeting, and the person holds the recalled shares through such annual meeting. Ownership of shares shall be deemed to continue during any period in which any voting power has been delegated by means of a proxy, power of attorney or other instrument or arrangement which is revocable at any time without condition. For purposes of this Article I, Section 8, the determination of the extent of ownership of shares shall be made in good faith by the Board of Directors, which determination shall be conclusive and binding on the Corporation and the shareholders. An Eligible Shareholder shall include in its Notice of Proxy Access Nomination the number of shares it is deemed to own for the purposes of this Article I, Section 8.

(g) No later than the Final Proxy Access Nomination Date, an Eligible Shareholder (including each shareholder, Qualifying Fund and beneficial owner whose share ownership is counted for the purposes of qualifying as an Eligible Shareholder) must provide the following information in writing to the Secretary of the Corporation:

(i) all of the information required pursuant to Article I, Section 6(b) as if the Notice of Proxy Access Nomination were a shareholder’s notice with respect to nominations of persons for election of Directors pursuant to Article I, Section 6(b);

(ii) one or more written statements from the record holder of the shares (and from each intermediary through which the shares are or have been held during the requisite three-year holding period) verifying that, as of a date within seven calendar days prior to the date the Notice of Proxy Access Nomination is sent to the Corporation, the Eligible Shareholder owns, and has owned continuously for the preceding three years, the Required Shares, and the Eligible Shareholder’s agreement to provide (A) within five business days after (1) the record date for the applicable annual meeting (if, prior to such record date, the Corporation (x) disclosed such record date by press release or any filing with the Securities and Exchange Commission or (y) delivered a written notice of the record date (including by electronic mail) to the Eligible Shareholder) or (2) the date on which the Corporation disclosed such record date by press release or any filing with the Securities and Exchange Commission (if such record date is a date that precedes such disclosure), written statements from the record holder and intermediaries verifying the Eligible Shareholder’s continuous ownership of the Required Shares through the record date, and (B) immediate notice if the Eligible Shareholder ceases to own any of the Required Shares prior to the date of the applicable annual meeting of shareholders (for purposes of this clause (ii), “record holder” shall mean the applicable Depository Trust Company (“DTC”) participant for shares that are deposited at DTC);

(iii) the written consent of each Proxy Access Shareholder Nominee to being named in the Proxy Materials as a nominee and to serving as a Director if elected; and

(iv) a copy of the Schedule 14N that has been filed with the Securities and Exchange Commission as required by Rule 14a-18 under the Exchange Act.

In addition, no later than the Final Proxy Access Nomination Date, an Eligible Shareholder (including each shareholder, Qualifying Fund and beneficial owner whose share ownership is counted for purposes of qualifying as an Eligible Shareholder) must provide to the Secretary of the Corporation a signed and written:

(i) representation of the Eligible Shareholder that such Eligible Shareholder (A) acquired the Required Shares in the ordinary course of business and not with the intent to change or influence control of the Corporation, and does not presently have such intent, (B) intends to maintain qualifying ownership of the Required Shares through the date of the applicable annual meeting of shareholders, (C) has not nominated and will not nominate for election to the Board of Directors at the applicable annual meeting of shareholders any person other than its Proxy Access Shareholder Nominee, (D) has not engaged and will not engage in, and has not and will not be a “participant” in another person’s, “solicitation” within the meaning of Rule 14a-1(l) under the Exchange Act in support of the election of any individual as a Director at the applicable annual meeting of shareholders other than its Proxy Access Shareholder Nominee(s) or a nominee of the Board of Directors, (E) will not distribute to any shareholder any form of proxy for the applicable annual meeting of shareholders other than the form distributed by the Corporation, and (F) will provide facts, statements and other information in all communications with the Corporation and its shareholders that are or will be true and correct in all material respects and do not and will not omit to state a material fact necessary in order to make the statements made, in light of the circumstances under which they were made, not misleading and otherwise will comply with all applicable laws, rules and regulations in connection with any actions taken pursuant to this Article I, Section 8;

(ii) in the case of a nomination by a group of shareholders that together constitutes an Eligible Shareholder, designation by all such group members of one group member that is authorized to act on behalf of all members of the nominating shareholder group with respect to the nomination and matters related thereto, including withdrawal of the nomination; and

(iii) undertaking that the Eligible Shareholder agrees to (A) assume all liability stemming from any legal or regulatory violation arising out of the Eligible Shareholder’s communications with the shareholders of the Corporation or out of the information that the Eligible Shareholder provided to the Corporation, (B) indemnify and hold harmless the Corporation and each of its Directors, officers and employees individually against any liability, loss or damages in connection with any threatened or pending action, suit or proceeding, whether legal, administrative or investigative, against the Corporation or any of its Directors, officers or employees arising out of any nomination, solicitation or other activity by the Eligible Shareholder in connection with its efforts to elect the Proxy Access Shareholder Nominee pursuant to this Article I, Section 8, and (C) file with the Securities and Exchange Commission any solicitation with the Corporation’s shareholders relating to the meeting at which the Proxy Access Shareholder Nominee will be nominated, regardless of whether any such filing is required under Regulation 14A of the Exchange Act or whether any exemption from filing is available for such solicitation under Regulation 14A of the Exchange Act.

In addition, no later than the Final Proxy Access Nomination Date, a Qualifying Fund whose share ownership is counted for purposes of qualifying as an Eligible Shareholder must provide to the Secretary of the Corporation documentation reasonably satisfactory to the Board of Directors that demonstrates that the funds comprising the Qualifying Fund are either (i) under common management and investment control, (ii) under common management and funded primarily by a single employer or (iii) a “group of investment companies,” as such term is defined in Section 12(d)(1)(G)(ii) of the Investment Company Act of 1940, as amended.

(h) The Eligible Shareholder may provide to the Secretary of the Corporation, at the time the information required by this Article I, Section 8 is provided, a written statement for inclusion in the Proxy Materials for the applicable annual meeting of shareholders, not to exceed 500 words, in support of the Eligible Shareholder’s Proxy Access Shareholder Nominee (the “**Statement**”). Notwithstanding anything to the contrary contained in this Article I, Section 8, the Corporation may omit from the Proxy Materials any information or Statement (or portion thereof) that it, in good faith, believes would violate any applicable law or regulation.

(i) No later than the Final Proxy Access Nomination Date, each Proxy Access Shareholder Nominee must:

(i) provide to the Secretary of the Corporation all of the consents, representations, and agreements required pursuant to Article I, Section 6 as if the Proxy Access Shareholder Nominee was a nominee;

(ii) submit to the Secretary of the Corporation all completed and signed documents required of the Corporation’s Directors and nominees for election to the Board of Directors within five business days of receipt of each such questionnaire from the Corporation; and

(iii) provide to the Secretary of the Corporation within five business days of the Corporation’s request such additional information as the Corporation determines may be necessary to permit the Board of Directors to determine (A) such Proxy Access Shareholder Nominee’s status as to “independence”, including references to the criteria established by the New York Stock Exchange (or any other exchange or quotation system on which the Corporation’s equity securities are listed), any applicable rules of the Securities and Exchange Commission and the Corporation’s Corporate Governance Guidelines and Independence Standards for Directors, (B) if such Proxy Access Shareholder Nominee has any direct or indirect relationship with the Corporation, and (C) if such Proxy Access Shareholder Nominee is not and has not been subject to any event

specified in Item 401(f) of Regulation S-K of the Exchange Act or any successor provision.

In the event that any information or communications provided by the Eligible Shareholder or the Proxy Access Shareholder Nominee to the Corporation or its shareholders ceases to be true and correct in any respect or omits a fact necessary to make the statements made, in light of the circumstances under which they were made, not misleading, each Eligible Shareholder or Proxy Access Shareholder Nominee, as the case may be, shall promptly notify the Secretary of the Corporation of any such inaccuracy or omission in such previously provided information and of the information that is required to make such information or communication true and correct.

(j) Any Proxy Access Shareholder Nominee who is included in the Proxy Materials for a particular annual meeting of shareholders but either (i) withdraws from or becomes ineligible or unavailable for election at that annual meeting, or (ii) does not receive at least 25% of the votes cast in favor of the Proxy Access Shareholder Nominee's election, will be ineligible to be a Proxy Access Shareholder Nominee pursuant to this Article I, Section 8 for the next two annual meetings of shareholders. Any Proxy Access Shareholder Nominee who is included in the Proxy Materials for a particular annual meeting of shareholders, but subsequently is determined not to satisfy the eligibility requirements of this Article I, Section 8 or any other provision of these Regulations, or the Corporation's Articles of Incorporation, Corporate Governance Guidelines, Independence Standards for Directors or other applicable document or regulation at any time before the applicable annual meeting of shareholders, will not be eligible for election at the relevant annual meeting of shareholders and may not be substituted by the Eligible Shareholder that nominated such Proxy Access Shareholder Nominee.

(k) The Corporation shall not be required to include, pursuant to this Article I, Section 8, a Proxy Access Shareholder Nominee in the Proxy Materials for any meeting of shareholders, or, if the proxy statement already has been filed, to allow the nomination of a Proxy Access Shareholder Nominee, notwithstanding that proxies in respect of such vote may have been received by the Corporation:

(i) if any person is engaging in a "solicitation" within the meaning of Rule 14a-1(l) under the Exchange Act in support of the election of any individual as a Director at the applicable annual meeting of shareholders other than a nominee of the Board of Directors;

(ii) if the Proxy Access Shareholder Nominee or the Eligible Shareholder (or any member of any group of shareholders that together is such Eligible Shareholder) who has nominated such Proxy Access Shareholder Nominee has engaged in or is currently engaged in, or has been or is a "participant" in another person's, "solicitation" within the meaning of Rule 14a-1(l) under the Exchange Act in support of the election of any individual as a Director at the applicable annual meeting of shareholders other than its Proxy Access Shareholder Nominee(s) or a nominee of the Board of Directors;

(iii) who is not independent under the listing standards of each principal U.S. securities exchange upon which the common shares of the Corporation are listed, any applicable rules of the Securities and Exchange Commission, and any publicly disclosed standards used by the Board of Directors in determining and disclosing independence of the Corporation's Directors, in each case as determined by the Board of Directors;

(iv) who does not meet the audit committee independence requirements under the rules of any U.S. securities exchange upon which the common shares of the Corporation are traded, is not a "non-employee director" for the purposes of Rule 16b-3 under the Exchange Act (or any successor rule), is not an "outside director" for the purposes of Section 162(m) of the Internal Revenue Code (or any successor provision);

(v) whose election as a member of the Board of Directors would cause the Corporation to be in violation of these Regulations, the Articles of Incorporation, the rules and listing standards of the principal U.S. securities exchanges upon which the common shares of the Corporation are listed, or any applicable state or federal law, rule or regulation;

(vi) who is or has been, within the past three years, an officer or director of a competitor, as defined in Section 8 of the Clayton Antitrust Act of 1914;

(vii) who is a named subject of a pending criminal proceeding (excluding traffic violations and other minor offenses) or has been convicted in such a criminal proceeding within the past ten years;

(viii) if such Proxy Access Shareholder Nominee or the applicable Eligible Shareholder (or any member of any group of shareholders that together is such Eligible Shareholder) shall have provided information to the Corporation in connection with such nomination, including information provided pursuant to this Article I, Section 8, that was untrue in any material respect or omitted to state a material fact necessary in order to make any statement made, in light of the circumstances under which it was made, not misleading, as determined by the Board of Directors or any committee thereof;

(ix) the Eligible Shareholder (or a qualified representative thereof) does not appear at the applicable annual meeting of shareholders to present the Proxy Access Shareholder Nominee for election;

(x) the Eligible Shareholder (or any member of any group of shareholders that together is such Eligible Shareholder) or applicable Proxy Access Shareholder Nominee otherwise breaches or fails to comply with or the Board of Directors or any committee thereof determines it has breached its representations or obligations pursuant to these Regulations, including, without limitation, this Article I, Section 8; or

(xi) the Eligible Shareholder ceases to be an Eligible Shareholder for any reason, including but not limited to not owning the Required Shares through the date of the applicable annual meeting.

For the purpose of this Section 8(k): (A) clauses (ii) through (xi) will result in the exclusion from the Proxy Materials pursuant to this Article I, Section 8 of the specific Proxy Access Shareholder Nominee to whom the ineligibility applies, or, if the proxy statement already has been filed, the ineligibility of the Proxy Access Shareholder Nominee; and (B) clause (i) may, at the sole discretion of the Board of Directors, result in the exclusion from the Proxy Materials pursuant to this Article I, Section 8 of all or any number of Proxy Access Shareholder Nominees from the applicable annual meeting of Shareholders, or, if the proxy statement already has been filed, the ineligibility of all Proxy Access Shareholder Nominees.

PARKER-HANNIFIN CORPORATION
RESTRICTED STOCK UNIT TERMS AND CONDITIONS (RSU-REC0818)

Pursuant to the Restricted Stock Unit Award Agreement (the "Award Agreement") available on the website of the third party Plan administrator for Parker-Hannifin Corporation (the "Company"), the Human Resources and Compensation Committee (the "Committee") of the Board of Directors of the Company has awarded you a number of Restricted Stock Units. The Restricted Stock Units have been awarded to you as of the grant date specified in the Award Agreement (the "Grant Date"), and the Restricted Stock Units are subject to the terms, conditions and restrictions set forth in the Parker-Hannifin Corporation 2016 Omnibus Stock Incentive Plan, as amended from time to time, or any applicable successor plan (the "Plan") and these Restricted Stock Unit Terms and Conditions (the "Terms and Conditions"). To the extent that, in accordance with the terms of the Plan, the Committee has delegated to any persons any of the Committee's authority with respect to these Terms and Conditions, references to the Committee in these Terms and Conditions shall be deemed to be references to those persons with respect to authority so delegated.

1. Crediting of Restricted Stock Units. Each Restricted Stock Unit shall represent the contingent right to receive one share of Common Stock of the Company and shall at all times be equal in value to one share of Common Stock of the Company. The Restricted Stock Units shall be credited in a book entry account established for you until payment in accordance with Section 4 hereof.

2. Vesting of Restricted Stock Units.

(a) Subject to these Terms and Conditions, all or a portion of the Restricted Stock Units will vest on the vesting date(s) described in the Award Agreement (each a "Vesting Date") and shall be payable at the Distribution Date(s) (as defined in Section 4 hereof), provided that you shall have remained in the continuous employment of the Company and its Subsidiaries (collectively referred to herein as the "Parker Companies") through the applicable Vesting Date.

(b) Notwithstanding the foregoing, the Restricted Stock Units that have not yet vested under Section 2(a) shall immediately vest if, prior to the applicable Vesting Date: (i) you cease to be employed with the Parker Companies as a result of your death or Disability; (ii) you terminate employment with the Parker Companies as a result of your Retirement; or (iii) you terminate employment with the Parker Companies as a result of a Qualifying Termination in connection with a Change in Control. For purposes of these Terms and Conditions, except as otherwise provided in an Appendix pursuant to Section 20 hereof (Non-U.S. Employees), "Retirement" shall mean your termination of employment with the Parker Companies after the attainment of age 65.

(c) For purposes of this Section 2, your continuous employment with the Parker Companies shall not be deemed to have been interrupted, and you shall not be deemed to have ceased to be an employee of the Parker Companies, by reason of (1) the transfer of your employment among the Parker Companies, or (2) the transfer of your employment to an entity that is 50% owned (directly or indirectly) by the Company provided that you remain actively and continuously employed by such entity.

3. Forfeiture of Restricted Stock Units. The Restricted Stock Units that have not yet vested pursuant to Section 2 (including without limitation any right to Dividend Equivalents and Dividend Equivalent Units described in Section 7 hereof relating to dividends payable or dividend equivalent units creditable on or after the date of forfeiture) shall be forfeited automatically without further action or notice if you cease to be employed by the Parker Companies other than as provided in Section 2(b).

4. Payment.

(a) Except as may be otherwise provided in this Section, the Company shall deliver to you (or your estate or any beneficiary you have designated in accordance with Section 12 hereof in the event of your death) the Common Stock underlying the vested Restricted Stock Units within thirty (30) days following each Distribution Date. Except as may be otherwise provided in this Section, a "Distribution Date" shall mean each Vesting Date that your Restricted Stock Units become vested. Notwithstanding the foregoing, to the extent that any of your Restricted Stock Units become vested pursuant to Section 2(b) hereof, payment of such Restricted Stock Units, if any, shall be subject to the following rules:

(i) To the extent any of your Restricted Stock Units become vested pursuant to Section 2(b) hereof because of your termination of employment as a result of **death**, then the Distribution Date shall be the date of such termination of employment.

(ii) To the extent any of your Restricted Stock Units become vested pursuant to Section 2(b) hereof on account of your termination of employment as a result of **Disability**, then the following rules shall apply:

(A) If your right to receive payment of vested Restricted Stock Units does not constitute a “deferral of compensation” within the meaning of Section 409A of the Code (for example, because you are not subject to U.S. income tax or you will not be “Retirement-eligible” prior to a Vesting Date), then the Distribution Date shall be the date of such termination of employment.

(B) If your right to receive payment of vested Restricted Stock Units constitutes a “deferral of compensation” within the meaning of Section 409A of the Code (for example, because you are subject to U.S. income tax and you will be “Retirement-eligible” prior to a Vesting Date), then the Distribution Date shall be the date of such termination of employment, and, if you are a “specified employee” (determined in accordance with Section 409A of the Code and the Company's policy for identifying specified employees) at the time of such termination of employment, the Common Stock underlying the vested Restricted Stock Units shall be delivered to you (or your estate or any beneficiary you have designated in accordance with Section 12 hereof in the event of your death) on the first business day of the seventh month following the Distribution Date (or, if you die prior to such day, within thirty (30) days following your death).

(iii) To the extent any of your Restricted Stock Units become vested pursuant to Section 2(b) hereof on account of a **Qualifying Termination** in connection with a Change in Control, then the following rules shall apply:

(A) If your right to receive payment of vested Restricted Stock Units does not constitute a “deferral of compensation” within the meaning of Section 409A of the Code (for example, because you are not subject to U.S. income tax or you will not be “Retirement-eligible” prior to a Vesting Date), then the Distribution Date shall be the date of your Qualifying Termination.

(B) If your right to receive payment of vested Restricted Stock Units constitutes a “deferral of compensation” within the meaning of Section 409A of the Code (for example, because you are subject to U.S. income tax and you will be “Retirement-eligible” prior to a Vesting Date), then the Distribution Date shall be the date of such Qualifying Termination of employment, and, if you are a “specified employee” (determined in accordance with Section 409A of the Code and the Company's policy for identifying specified employees) at the time of such termination of employment, the Common Stock underlying the vested Restricted Stock Units shall be delivered to you (or your estate or any beneficiary you have designated in accordance with Section 12 hereof in the event of your death) on the first business day of the seventh month following the Distribution Date (or, if you die prior to such day, within thirty (30) days following your death).

(iv) To the extent any of your Restricted Stock Units become vested pursuant to Section 2(b) hereof on account of your **Retirement**, then the Distribution Date shall be the earlier of (i) each Vesting Date that such Restricted Stock Units would otherwise would have become vested had your employment with Parker Companies continued until such Vesting Date, or (ii) your death (with such modifications as may be provided in an Appendix pursuant to Section 20 hereof (Non-U.S. Employees)).

(b) Notwithstanding any other provision of these Terms and Conditions, the Company shall not deliver any fractional shares of Common Stock in payment of your Restricted Stock Units, and the number of whole shares of Common Stock that may be delivered to you in payment of your Restricted Stock Units shall be determined in accordance with such rounding conventions used by the Company's third party Plan administrator from time to time.

(c) The Company's obligations with respect to the Restricted Stock Units shall be satisfied in full upon the delivery of the Common Stock underlying the vested Restricted Stock Units in accordance with this Section 4.

5. Transferability. The Restricted Stock Units may not be transferred, assigned, pledged or hypothecated in any manner, or be subject to execution, attachment or similar process, by operation of law or otherwise, unless otherwise provided under the Plan. Any purported transfer or encumbrance in violation of the provisions of this Section 5 shall be null and void, and the other party to any such purported transaction shall not obtain any rights to or interest in such Restricted Stock Units.

6. Dividend, Voting and Other Rights. You shall not possess any incidents of ownership (including, without limitation, dividend or voting rights) in the Common Stock underlying the Restricted Stock Units until such Common Stock has been delivered to you in accordance with Section 4 hereof. The obligations of the Company under these Terms and Conditions will be merely an unfunded and unsecured promise of the Company to deliver Common Stock in the future, subject to the terms and conditions of the Plan and these Terms and Conditions, and your rights will be no greater than that of an unsecured general creditor. No assets of the

Company will be held or set aside as security for the obligations of the Company under these Terms and Conditions.

7. Dividend Equivalents.

(a) For employees on the U.S.-based payroll, from and after the Grant Date and until the earliest of (i) the time when the Restricted Stock Units are paid in accordance with Section 4 hereof, (ii) the time when your right to payment of the Restricted Stock Units is forfeited in accordance with Section 3 hereof and (iii) the time your employment is relocated to a jurisdiction that does not employ a United States-based payroll, you shall be entitled to a cash payment equal to the product of (x) the dollar amount of the cash dividend paid per share of Common Stock on such date and (y) the total number of unpaid Restricted Stock Units credited to you as of such date (each such cash payment a "Dividend Equivalent"). Any Dividend Equivalent shall be paid to you within thirty (30) days after such date following the Grant Date that a cash dividend (if any) is paid to the holders of shares of Common Stock. Dividend Equivalents will be subject to any required withholding for federal, state or local taxes, social taxes or other taxes. Employees subject to subsection (iii) shall become entitled to Dividend Equivalent Units pursuant to the terms of Section 7(b) hereof in lieu of Dividend Equivalents.

(b) For employees on a non-U.S.-based payroll, from and after the Grant Date and until the earlier of (i) the time when the Restricted Stock Units are paid in accordance with Section 4 hereof, (ii) the time when your right to payment of the Restricted Stock Units is forfeited in accordance with Section 3 hereof or (iii) the time your employment is relocated to a jurisdiction that employs a United States-based payroll, on the date that the Company pays a cash dividend (if any) to holders of shares of Common Stock generally, you shall be credited with a number of additional Restricted Stock Units (the "Dividend Equivalent Units") determined by dividing the aggregate amount of the cash dividend that would be payable on such date to a holder of a number of shares of Common Stock equal to the number of your unpaid Restricted Stock Units by the closing price per share of the Company's Common Stock on the New York Stock Exchange on the last trading day preceding the dividend payment date. Any such Dividend Equivalent Units will be considered Restricted Stock Units for purposes of these Terms and Conditions and will be subject to all of the terms, conditions and restrictions set forth herein, provided that for purposes of Section 2(a) of these Terms and Conditions any such additional Restricted Stock Units shall vest on the Vesting Date. Employees subject to subsection (iii) shall become entitled to Dividend Equivalents pursuant to the terms of Section 7(a) hereof in lieu of Dividend Equivalent Units.

8. No Rights to Future Awards. By voluntarily acknowledging and accepting your award of Restricted Stock Units, you acknowledge and understand that the Restricted Stock Units shall not form part of any contract of employment between you and the Company. Nothing in these Terms and Conditions, your Award Agreement, the Plan or the plan summary and prospectus which describes the Plan (the "Prospectus") shall confer upon you any right to continue to receive stock incentive awards in the future. You further acknowledge that your award of Restricted Stock Units is for future services and is not under any circumstances to be considered compensation for past services.

9. Detrimental Activity, Claw-back Policy.

(a) If the Committee finds in its discretion that you have engaged in any Detrimental Activity (as defined in the Plan), the Committee may at any time and in its sole discretion cancel and revoke all or any unpaid portion of your Restricted Stock Units. In addition, if the Committee finds that you have engaged in any Detrimental Activity, either during your employment with the Company or within twelve months thereafter, then you shall be required to (a) return to the Company all shares of Common Stock that you have not disposed of that were issued pursuant to these Terms and Conditions within twelve months prior to the commencement of such Detrimental Activity, and (b) pay to the Company in cash, within ten days after demand therefor, the Fair Market Value (determined as of the date that the Restricted Stock Units were paid to you in accordance with Section 4 hereof) of all shares of Common Stock that you have disposed of that were so issued pursuant to these Terms and Conditions. The Plan defines Detrimental Activity as any conduct or activity, whether or not related to the business of the Parker Companies, that is determined in individual cases, by the Committee or its express delegate, to be detrimental to the interests of the Parker Companies, including without limitation (i) rendering of services to an organization or engaging in a business that is, in the judgment of the Committee or its express delegate, in competition with the Company; (ii) disclosure to anyone outside of the Company, or the use for any purpose other than the Company's business, of confidential information or material related to the Company, whether acquired during or after employment with the Company; (iii) fraud, embezzlement, theft-in-office or other illegal activity; or (iv) violation of the Company's Code of Ethics.

(b) By accepting your award of Restricted Stock Units, you acknowledge that the Restricted Stock Units may be subject to reduction, cancellation, forfeiture or recoupment, to such extent as may be provided under the Company's Claw-back Policy, as established by the Committee or the Board, as it now exists or as it may be amended from time to time.

10. Relation to Other Benefits. Any economic or other benefit to you under these Terms and Conditions or the Plan shall not be taken into account in determining any benefits to which you may be entitled under any profit-sharing, retirement or other benefit or compensation plan maintained by the Parker Companies and shall not affect the amount of any life insurance coverage available to

any beneficiary under any life insurance plan covering employees of the Parker Companies. Without limiting the foregoing, by voluntarily acknowledging and accepting your award of Restricted Stock Units, you agree that no benefits accruing under your Award Agreement, these Terms and Conditions or the Plan will be reflected in any severance or indemnity payments that the Parker Companies may make or be required to make to you in the future, regardless of the jurisdiction in which you may be located.

11. Taxes and Withholding. The Parker Companies have the right to deduct or cause to be deducted, or collect or cause to be collected, with respect to the taxation of the Restricted Stock Units, any federal, state or local taxes, social taxes or other taxes required to be withheld or paid with respect to the Restricted Stock Units, and you will be required to pay any such amounts or such amounts will be deducted from any amount payable to you. To the extent the Parker Companies are required to withhold any federal, state, local, foreign or other taxes in connection with the delivery of shares of Common Stock under these Terms and Conditions, then the Company or Subsidiary (as applicable) may determine, at its discretion, which tax payment method(s) will be available to you, and may instruct the third party Plan administrator to limit your available tax payment method(s) to one or more of the following:

(a) **Withhold to Cover:** The third party Plan administrator will retain a number of shares of Common Stock otherwise deliverable hereunder with a value equal to the required withholding (based on the Fair Market Value of the shares of Common Stock on the date of delivery); provided that in no event shall the value of the shares of Common Stock retained exceed the minimum amount of taxes required to be withheld or such other amount that will not result in a negative accounting impact.

(b) **Sell to Cover:** The third party Plan administrator will sell a sufficient whole number of shares in the open market to cover Participants' tax withholding obligation, transaction costs, and an estimated cushion to allow for rounding and market movement; provided that, if there is an excess or shortfall in the net sale proceeds of the minimum amount of taxes required to be withheld, the excess shall be distributed to Participant or the shortfall shall be paid by Participant to the Company or Subsidiary, as applicable, using the payment method required by the Parker Companies.

12. Beneficiary Designation. To the extent permitted by the Committee, in its sole discretion, you shall have the right to designate one or more beneficiaries to receive all or part of any shares of Common Stock underlying the Restricted Stock Units in the event of your death. Any beneficiary designation permitted by the Committee shall be effective when it is submitted in writing to the Committee during the Participant's lifetime on a form prescribed by the Committee. The submission of a new beneficiary designation shall cancel all prior beneficiary designations. Any finalized divorce or marriage subsequent to the date of a beneficiary designation shall revoke such designation, unless in the case of divorce your previous spouse was not designated as beneficiary and unless in the case of marriage your new spouse was previously designated as beneficiary. If you are married, your spouse shall consent to any designation of a beneficiary other than the spouse, and the spouse's consent shall be witnessed by a notary public. If you fail to designate a beneficiary as may be permitted by the Committee, or if such beneficiary designation is revoked by marriage, divorce, or otherwise without execution of a new designation, or if every person designated as beneficiary predeceases you or dies prior to the payment of your Restricted Stock Units, then the Company shall direct the payment of your Restricted Stock Units to the estate of the last to die of you and any beneficiaries.

13. Adjustments. The number and kind of shares of Common Stock deliverable pursuant to the Restricted Stock Units are subject to adjustment as provided in Section 4.3 of the Plan.

14. Compliance with Law. The Company shall make reasonable efforts to comply with all applicable federal and state securities laws and listing requirements with respect to the Restricted Stock Units; provided, however, notwithstanding any other provision of these Terms and Conditions, and only to the extent permitted under Section 409A of the Code, the Company shall not be obligated to deliver any shares of Common Stock pursuant to these Terms and Conditions if the delivery thereof would result in a violation of any such law or listing requirement. The Company intends that the Award Agreement and these Terms and Conditions be exempt from the requirements of Section 409A of the Code and they will be interpreted, construed and administered accordingly.

15. Amendments. Subject to the terms of the Plan, the Committee may amend these Terms and Conditions upon written notice to you. Any amendment to the Plan shall be deemed to be an amendment to these Terms and Conditions to the extent that the amendment is applicable hereto. Notwithstanding the foregoing, no amendment of the Plan or these Terms and Conditions shall adversely affect your rights under these Terms and Conditions without your consent unless the Committee determines that such amendment is necessary or advisable to conform the Plan or these Terms and Conditions to any present or future law, regulation or rule applicable to the Plan.

16. Severability. In the event that one or more of the provisions of these Terms and Conditions shall be invalidated for any reason by a court of competent jurisdiction, any provision so invalidated shall be deemed to be separable from the other provisions hereof, and the remaining provisions hereof shall continue to be valid and fully enforceable.

17. Relation to Plan. These Terms and Conditions and all rights under your Award Agreement and these Terms and

Conditions are at all times subject to all other terms, conditions and provisions of the Plan (and any rules or procedures adopted under the Plan by the Committee). All capitalized terms not defined in these Terms and Conditions shall have the meaning ascribed to such terms in the Plan. In the event of a conflict between the terms of the Plan and these Terms and Conditions, your Award Agreement or the Prospectus, the terms of the Plan shall control. These Terms and Conditions, the Plan and the Award Agreement contain the entire agreement and understanding of the parties with respect to the subject matter contained in these Terms and Conditions, and supersede all prior written or oral communications, representations and negotiations in respect thereto.

18. Successors and Assigns. Without limiting Section 5, the provisions of these Terms and Conditions shall inure to the benefit of, and be binding upon, your successors, administrators, heirs, legal representatives and assigns, and the successors and assigns of the Company.

19. Governing Law. The interpretation, performance, and enforcement of these Terms and Conditions shall be governed by the laws of the State of Ohio, without regard to its conflict of law rules. Any dispute, disagreement or question which arises under or as a result of, or in any way relates to, the interpretation, construction or application of the terms of the Plan, the Award Agreement or these Terms and Conditions will be determined and resolved by the Committee. Such determination and resolution by the Committee will be final, binding and conclusive for all purposes.

20. Non-U.S. Employees. Notwithstanding any provision of these Terms and Conditions, if your employment with the Parker Companies is subject to the rules and regulations of one or more non-United States jurisdictions, then your Restricted Stock Units shall be subject to any special terms and conditions as set forth in any appendix for your country (an "Appendix"). Moreover, if you relocate to one of the countries included in an Appendix, the special terms and conditions for such country will apply to you, to the extent the Company determines that the application of such terms and conditions is necessary or advisable in order to comply with local law or facilitate the administration of these Terms and Conditions or the Plan. An Appendix shall constitute part of these Terms and Conditions.

21. Consent to Transfer Personal Data. By accepting your award of Restricted Stock Units, you voluntarily acknowledge and consent to the collection, use, processing and transfer of personal data as described in this Section 21. You are not obliged to consent to such collection, use, processing and transfer of personal data. However, failure to provide the consent may affect your ability to participate in the Plan. The Parker Companies hold certain personal information about you, that may include your name, home address and telephone number, fax number, email address, family size, marital status, sex, beneficiary information, emergency contacts, passport / visa information, age, language skills, drivers license information, date of birth, birth certificate, social security number or other employee identification number, nationality, C.V. (or resume), wage history, employment references, job title, employment or severance contract, current wage and benefit information, personal bank account number, tax related information, plan or benefit enrollment forms and elections, option or benefit statements, any shares of stock or directorships in the Company, details of all options or any other entitlements to shares of Common Stock awarded, canceled, purchased, vested, unvested or outstanding in your favor, for the purpose of managing and administering the Plan ("Data"). The Parker Companies will transfer Data amongst themselves as necessary for the purpose of implementation, administration and management of your participation in the Plan, and the Parker Companies may further transfer Data to any third parties assisting the Parker Companies in the implementation, administration and management of the Plan. These recipients may be located throughout the world, including the United States. You authorize them to receive, possess, use, retain and transfer the Data, in electronic or other form, for the purposes of implementing, administering and managing your participation in the Plan, including any requisite transfer of such Data as may be required for the administration of the Plan and/or the subsequent holding of shares of stock on your behalf to a broker or other third party with whom you may elect to deposit any shares of stock acquired pursuant to the Plan. You may, at any time, review Data, require any necessary amendments to it or withdraw the consents herein in writing by contacting the Company; however, withdrawing your consent may affect your ability to participate in the Plan.

22. Notification of Change in Personal Data. If your address or contact information changes while any portion of your Restricted Stock Units remains unpaid, the Company must be notified in order to administer this award. Notification of such changes should be provided to the Company as follows:

23. Electronic Delivery. You hereby consent and agree to electronic delivery of any documents that the Company may elect to deliver (including, but not limited to, prospectuses, prospectus supplements, grant or award notifications and agreements, account statements, annual and quarterly reports, and all other forms of communications) in connection with this and any other award made or offered under the Plan. You also understand that you shall have the right at any time to request that the Company deliver written copies of any and all materials referred to above at no charge. You hereby consent to any and all procedures the Company has established or may establish for an electronic signature system for delivery and acceptance of any such documents that the Company may elect to deliver, and you agree that your electronic signature is the same as, and shall have the same force and effect as, your manual signature. You consent and agree that any such procedures and delivery may be effected by a third party engaged by the Company to provide administrative services related to the Plan.

24. Prospectus Notification. Copies of the Prospectus and the most recent Annual Report and Proxy Statement issued by the Company are available for your review on the UBS One Source Web site.
