Supplemental Schedule:	
Item 27d - Schedule of Reportable Transactions for the year ended December 31, 1993	F-16

REPORT OF INDEPENDENT ACCOUNTANTS

To the Shareholders and
Board of Directors
Parker Hannifin Corporation

We have audited the accompanying statements of financial condition of the Parker-Hannifin Employees' Savings Plus Stock Ownership Plan as of December 31, 1993 and 1992, and the related statements of income and changes in plan equity for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial condition of the Parker-Hannifin Employees' Savings Plus Stock Ownership Plan as of December 31, 1993 and 1992, and the results of its operations and changes in its plan equity for the years then ended, in conformity with generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule listed in the accompanying index is presented for the purpose of a information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Ending plan equity	\$ 393,901,120	\$ 320,853,079

The accompanying notes are an integral part of the financial statements.

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investment Valuation

The investments in Parker Hannifin Corporation (the Company) common shares, non-convertible corporate bonds, U.S. Government bonds, Society National Bank Employee Benefits Value Equity Fund, Society National Bank Government Mortgage Fund, Society National Bank Employee Benefits Balanced Fund and the Franklin Institutional U.S. Securities Fund are valued as of the last reported trade price on the last business day of the period. The Parker Hannifin Employees' Savings Plus Stock Ownership Plan (the Plan) presents in the Statement of Income and Changes in Plan Equity the net appreciation (depreciation) in the fair value of its investments which consists of the realized gains or losses from the sale of investments and the unrealized appreciation (depreciation) on investments held by the Plan.

The investment in the Society National Bank Employee Benefits Money Market Fund is valued at market value which equals cost.

The Group Annuity contract funds, which expired on December 31, 1993, were held in the general funds of the New York Life Insurance Company and were valued by them. The contract provided for guaranteed annual interest of 9.05% on contributions made during 1989. Upon contract expiration, the funds were transferred to the blended pool portion in the Contract Income Fund (formerly the Guaranteed Fund) managed by Certus Financial Corporation consisting primarily of investment contracts issued by creditworthy insurance companies and banks, unless participants specified that they be transferred to another Savings Plan Fund.

Management believes that the Plan's investments are well diversified and do not create a significant concentration of credit risk. Participants assume all risk in connection with any decrease in the market price of any securities in all the Funds. Although the annual rates of return with respect to the contracts held in the Contract Income Fund are guaranteed by major insurance and bank companies, the Company does not make any representations as to the financial capability of such companies or their ability to make payments under the contracts.

Contributions

Contributions from employees and the Company are recorded in the period that payroll deductions are made from Plan participants.

Other

Purchases of securities are recorded on a trade-date basis.

Dividend income is recorded on the ex-dividend date. Interest and other income are recorded as earned on the accrual basis.

Costs incident to the purchase and sale of securities, such as brokerage commissions and stock transfer taxes, are paid out of the assets of the Funds to which they relate. All other costs and expenses incurred in administering the Plan, including fees of the Trustee, are paid out of the Plan's assets, unless the Company elects to pay such costs.

2. CONTRIBUTIONS AND TRANSFERS

Participant Payroll Deduction Contributions

A participant may elect to contribute, through payroll deductions, not less than 1% nor more than 15% of his total compensation for a Plan year and may change such percentage as of January 1, April 1, July 1, or October 1 of any year. The amount which a highly compensated employee may contribute may be limited in order to comply with IRC sections 401(k) and 401(m). A participant may suspend his contributions at any time, but upon suspension is not permitted to resume contributions until the January 1, April 1, July 1, or October 1 next following the completion of a six-month period commencing on the date of such suspension. Upon enrollment or re-enrollment, each participant stipulates his contributions to be invested in accordance with the following investment options:

- (a) 25% or 50% in the Company Stock Fund. The Company Stock Fund is invested by the Trustee primarily in Common Shares of the Company purchased on the open market.
- (b) 25%, 50%, 75% or 100% in the Fixed Income Fund. The Fixed Income Fund is invested by and at the discretion of the Trustee in Treasury bills, bonds, preferred stocks, or other fixed income instruments of issuers other than the Company.
- (c) 25%, 50%, 75% or 100% in the Equity Fund. The Equity Fund is invested by and at the discretion of the Trustee in common stock and other securities convertible into common stock of issuers other than the Company.
- (d) 25%, 50%, 75% or 100% in the Contract Income Fund. Investments in the Contract Income Fund are invested and managed by Certus Financial Corporation and invested in a pool of assets consisting primarily of contracts providing for a guaranteed rate of return; the pool will provide a blended rate of return from all the assets in the pool.
- (e) 25%, 50%, 75% or 100% in the Balanced Fund. The Balanced Fund is invested by and at the discretion of the Trustee primarily in bonds, convertible securities, money market investments, and in common stocks of issuers other than the Company.

Participant Lump-Sum Contributions

Each year a participant may elect to make an annual voluntary lump-sum contribution as of December 31, providing he is actively contributing to the Plan. The amount of any lump-sum contribution, when added to a participant's payroll deduction contributions during the plan year, may not exceed an amount equal to 15% of his total compensation for the year. The highly compensated employees may be prohibited from making such contributions.

A participant's voluntary lump-sum contribution may be invested in the same manner as payroll deduction contributions except that 25%, 50%, 75% or 100% of such contribution may be invested in the Company Stock Fund.

Transfer of Profit-Sharing Account Balances

A participant who has a Profit-Sharing Account Balance under the Retirement Plan may make an irrevocable election to have transferred his entire Account Balance to the Plan. The Account Balance may be transferred as of January 1, April 1, July 1 or October 1 and may only be invested in the Contract Income Fund under the Plan.

Transfers From Other Plans

As a result of an acquisition, \$2,181,388 was transferred into the Plan in 1993 from the account balances of the TRW Stock Savings Plan.

NOTES TO FINANCIAL STATEMENTS (contd)

Transfers Among Savings Plan Funds

As of any January 1, April 1, July 1, or October 1, any participant may elect to transfer, in 25% increments, his account balances attributable to his contributions invested in the Company Stock Fund, the Equity Fund, the Fixed Income Fund, the Balanced Fund, or funds invested in the Contract Income Fund after January 1, 1990, to one or more of the other Funds (except transfers from the Contract Income Fund to the Fixed Income Fund may only occur as of any January 1).

A participant age 55 or older, with 10 or more years of participation in the Plan, may transfer a portion of the shares of stock in the ESOP Fund to any of the other investment funds within the Plan. A transfer may be made as of any April 1, July 1, October 1, and January 1. Only one transfer is permitted for any year during this twelve-month period.

Parker Hannifin Corporation Contributions

The Company makes monthly contributions equal to 100% of each participant's deferred compensation (before-tax) contributions attributable to the first 3% of his total compensation for a Plan year, plus 25% of his contributions in excess of 3%, but not in excess of 5%, of his total compensation for such year. In the event the participant makes only regular compensation (after-tax) contributions, the Company matches the first 1% contributed at 50%, and the excess, up to a total of 5% of the participant's total compensation, at 25%. The Company's matching contributions will be made only with respect to participant contributions relating to the first 5% of the participant's total compensation and Company contributions will match the before-tax contributions prior to the after-tax contributions. With regards to lump-sum contributions, the Company matches only participant contributions which, when added to payroll deduction contributions for such Plan year, do not exceed 5% of his total compensation for such year. Company contributions are invested solely in the ESOP Fund.

Plan Participants

The number of active participants in each fund at December 31, 1993 and 1992 were as follows:

	12/31/93	12/31/92
Company Stock Fund	3,807	4,035
Fixed Income Fund	3,265	2,987
Equity Fund	6,070	5,712
Contract Income Fund	8,247	9,236
Balanced Fund	2,911	2,211

The total number of participants in the Plan is less than the sum of the number of participants shown above because many were participating in more than one fund.

3. ESOP Fund Notes Payable

During May and June of 1989, the ESOP Fund borrowed \$70 million to purchase 2.5 million shares of the Company's common stock on the open market. Commencing July 1, 1989 and continuing over the period of the loan, the shares purchased by the ESOP Fund will be allocated to participants making contributions to the Plan (see Note 2). The ESOP Fund uses Company contributions and cash dividends received on unallocated shares to repay the loan plus interest (8.41% and 8.49% per annum for 1993 and 1992, respectively). Graduated principal payments and related interest are due semiannually, commencing December 31, 1989 and ending on July 1, 1996. The loan is guaranteed by the Company. Principal amounts payable in the three years ending December 31, 1994, through 1996 are \$11,634,000, \$12,838,000 and \$6,895,000 respectively.

NOTES TO FINANCIAL STATEMENTS (contd)

4. INVESTMENTS

Investments held by the Plan at December 31, 1993 and 1992 are summarized as follows:

	December 31, 1993		December 31, 1992

Change for the fiscal period	8,928,693	(669,430)	4,837,132	(228,539)	(417,127)	26,405,300	38,856,029
Balance at December 31, 1993	\$14,367,697	\$ 153,333	\$ 19,312,812	\$ (259,983)	\$ 73,445	\$ 32,102,008	\$ 65,749,312

*Cost of securities sold is determined on an average historical cost basis.

5. VESTING, WITHDRAWALS AND DISTRIBUTIONS

A participant's interest in the Plan attributable to his own contributions and Company contributions is fully vested at all times. A participant may withdraw in cash a portion of his contributions, subject to certain limitations and restrictions.

After a participant terminates employment for any reason, all amounts in his separate accounts are distributed to him or, if he is deceased, to his designated beneficiary. If his interest exceeds \$3,500, he may defer his distribution up to his attainment of age 70 1/2. Distribution is either in a single payment or in quarterly installments or, if married, a 50% joint and survivor annuity or, if single, a straight life annuity. Amounts held in the Company Stock Fund and ESOP Fund are distributed in the form of Common Shares or if the participant so elects, in the form of cash. Amounts held in the Fixed Income, Equity, Contract Income or Balanced Funds are distributed in the form of cash.

Dividends received by the ESOP Fund with respect to allocated Company shares are paid annually to participants subsequent to the end of the plan year.

6. TAX STATUS

The United States Treasury Department advised on December 5, 1989, that the Plan, as restated as of January 1, 1989, constitutes a qualified trust under Section 401(a) of the Internal Revenue Code and is therefore exempt from federal income taxes under provisions of Section 501(a).

Contributions matched by the Company and all earnings are not taxable until distributed to the participants. Participants are allowed to make deferred compensation contributions to the Plan in amounts up to 10% of their total compensation but not to exceed \$8,994 per year (adjusted annually for cost-of-living increases), as mandated by the Tax Reform Act of 1986. Such contributions are made in accordance with a salary reduction arrangement under Section 401(k) of the Internal Revenue Code of 1986, as amended, and are treated for federal income tax purposes as Company contributions. Contributions by the highly compensated employees are limited by testing in accordance with said section 401(k).

7. PLAN TERMINATION

The Company, by action of its Board of Directors, without further approval by the shareholders, has the right to amend, modify, suspend, or terminate the Plan in its entirety, or as to any subsidiary or operating location. No amendment, modification, suspension, or termination shall provide that assets held in trust by the Trustee may be used for or diverted to purposes other than for the exclusive benefit of participants or their beneficiaries. If the Plan is terminated, the Company contributions credited to each affected participant shall continue to be fully vested.

8. LOAN PROVISION

Effective January 1, 1994 the Company added a loan provision to the Plan. This allows an active participant to borrow a minimum of \$500 up to a maximum of a) 50% of his account balance or b) \$50,000 minus the largest outstanding loan balance he had in the last 12 months, whichever is less. The loan must be repayed with interest equal to the prime rate plus 1% over a period from 1 year to 4 1/2 years for a general purpose loan and up to ten years for a residential loan. Once a loan is paid off, a participant must wait a full 3 months before applying for another loan.

NOTES TO FINANCIAL STATEMENTS (contd)

9. ACCOUNTING CHANGES

The American Institute of Certified Public Accountants' Audit and Accounting Guide for Audits of Employee Benefits Plans, with conforming changes as of May 1, 1993, no longer allows amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid as of the Plan's year end to be reflected as Plan liabilities in the Statements of Financial Condition. The cumulative effect of such change was immaterial to the financial statements. The amounts, by fund, that would have been reflected as benefits payable at December 31, 1993 are as follows:

Company Stock	\$	116,270
Fixed Income		81,940
Equity		84,425
Contract Income		500,006
Balanced		23,308
ESOP		269,884
Total	\$	1,075,833

10. RECONCILIATION WITH FORM 5500

The Department of Labor requires that amounts owed to withdrawing but unpaid former participants be classified as a plan liability on Form 5500, while these amounts are not reported as a liability in the Statements of Financial Condition. As a result, the following reconciliations were prepared:

Plan Equity per Form 5500	\$	392,825,287
Add: 1993 distributions payable that are allocated but unpaid to former participants		1,075,833
Plan Equity per financial statements	\$	393,901,120

Distributions to former participants per Form 5500	\$	30,145,125
Less: 1993 distributions payable that are allocated but unpaid to former participants		(1,075,833)
Distributions to former participants per financial statements	\$	29,069,292

11. ALLOCATION OF PLAN ACTIVITY AMONG INVESTMENT FUNDS

As described in Note 2, the participants may elect to invest their contributions in five investment funds and Company contributions are invested in the ESOP Fund. The allocation of assets, liabilities, income, and changes in plan equity among the funds was as follows:

Fund	Page No.
Company Stock	F-10
Fixed Income	F-11
Equity	F-12
Contract Income	F-13
Balanced	F-14
ESOP	F-15
